

El contexto político de la participación comunitaria en América Latina

The political context for community participation in Latin America

Roberto Briceño-León¹

¹ Laboratorio de Ciencias Sociales, Universidad Central de Venezuela, Apartado 47295, Caracas 10449 - A, Venezuela. rbricenol@ucv.ve

Abstract. *This article reviews the overall significance of the concept of community participation in health with respect to endemic diseases. It also observes how changes in Latin American society during the past forty years have forced radical changes in the notion of participation. The article describes changes in society and analyzes participation in the Cold War context, with four modalities of participation: as ideological manipulation, as cheap labor, as medical care facilitation, and as subversion. It then reviews participation in the context of the crisis of ideologies and describes two modalities: participation as a grassroots movement and as popular promotion. Finally, it interprets the forms participation takes in the context of economic adjustment programs, and from there it describes participation as both a complement to the State and a form of privatization. The article concludes with a proposal for participation as a mechanism to expand and extend democracy; in this sense, it highlights participation as a means of criticism of power, a fomenter of democratic organization, and a mechanism of transformation for the health sector.*

Key words: Consumer Participation; Community Participation; Democracy; Health Policy; Public Health

Resumen. *El artículo revisa las distintas significaciones que ha tenido el concepto de participación comunitaria en salud y en relación a las endemias, y observa cómo los cambios en la sociedad latinoamericana han obligado a producir transformaciones radicales en la idea de participación durante los últimos cuarenta años. El artículo describe estos cambios en la manera de concebir la participación comunitaria con los cambios de la sociedad, comienza analizando la participación en el contexto de la guerra fría, en la cual encuentra cuatro modalidades: la participación como manipulación ideológica, como mano de obra barata, como facilitadora de la acción médica y como subversión. Luego pasa a revisar la participación en el contexto de la crisis de las ideologías y allí describe dos modalidades: la participación como movimiento de base y como promoción popular. Finalmente interpreta las maneras que la participación adquiere en el contexto de los programas de ajuste y allí la describe como complemento del Estado y como privatización. El artículo concluye con una propuesta de la participación como un mecanismo para obtener más democracia y en ese sentido destaca a la participación como medio de crítica del poder, como fomento de la organización democrática y como un mecanismo de transformación del sector salud.*

Palabras clave: Participación Comunitaria; Democracia; Política de Salud; Salud Pública

Political Participation In Latin America Volume I Citizen And State

Christopher Abel, Colin M. Lewis

Political Participation In Latin America Volume I Citizen And State:

Parties, Elections, and Political Participation in Latin America Jorge I Dominguez, 2014-02-04 First Published in 1994 This is Volume five of seven of a collection of essays that gathers together scholarly debates from the 1950s to the 1990s on Mexico Central and South America This text looks at topics such as government parties in Latin America the Mexican elections of 1958 political campaigning the scope of the Chilean Party systems the case of Peronism and electoral change amongst others Political Participation in Latin America University of Texas at San Antonio, 1979 Compilation of conference papers on the political participation of low income rural workers and urban area workers in Latin America discusses the significance structure and level of participation political violence women s participation perception and political power relationships to trade unionization and working class political ideology etc Bibliography pp 219 to 244 and statistical tables Conference held in san antonio 1976 November 12 and 13 Citizenship and Involvement in European Democracies Jan W. Van Deth, José Ramón Montero, Anders Westholm, 2007-02-12 This is an examination of the results of a cross national analysis of citizenship and participation among citizens in 12 European democracies The book investigates the relationships between social and political involvement and between small scale and large scale democracies **Latin American Political Culture** John A. Booth, Patricia Bayer Richard, 2014-11-10 Analysing data on eighteen countries this book systematically and comparatively evaluates norms attitudes and opinions concerning democracy and its consolidation and presents readers with a pan Latin American examination of the region s contemporary political culture **Political Culture and Foreign Policy in Latin America** Roland H. Ebel, Raymond C. Taras, James D. Cochrane, 1991-09-27 This book explores the impact of Latin America s political culture on the international politics of the region It offers a general account of traditional Iberian political culture while examining how relations among states in the hemisphere where the United States has been the central actor have evolved over time The authors assess the degree of consistency between domestic and international political behavior The assessments are supported by case studies **The Legitimacy Puzzle in Latin America** John A. Booth, Mitchell A. Seligson, 2009-02-02 Political scientists have worried about declining levels of citizens support for their regimes legitimacy but have failed to empirically link this decline to the survival or breakdown of democracy This apparent paradox is the legitimacy puzzle which this book addresses by examining political legitimacy s structure sources and effects With exhaustive empirical analysis of high quality survey data from eight Latin American nations it confirms that legitimacy exists as multiple distinct dimensions It finds that one s position in society education knowledge information and experiences shape legitimacy norms Contrary to expectations however citizens who are unhappy with their government s performance do not drop out of politics or resort mainly to destabilizing protest Rather the disaffected citizens of these Latin American democracies participate at high rates in conventional politics and in such alternative arenas as communal improvement and civil society And despite regime performance problems citizen support for democracy remains high *Politics, Policies, & Economic*

Development in Latin America, 1984 **State and Nation Making in Latin America and Spain: Volume 1** Miguel A. Centeno, Agustín E. Ferraro, 2013-03-29 This book examines how Latin American countries and Spain tried to build modern and efficient state institutions for more than a century without much success. The chapters tell how these countries went about constructing systems of authority that could manage their territories, support economic development, provide basic services, and promote a sense of national community. The book can serve as an introduction to nineteenth-century Latin America and Spain as a historical guide to the process of state building and as a tool for experts looking for the latest work by leading scholars in the field.

Welfare, Poverty and Development in Latin America Christopher Abel, Colin M. Lewis, 2015-12-30 The book analyzes the social consequences of recent development strategies in Latin America. The volume introduces readers to official strategies, private initiatives, and individual responses to issues of welfare and poverty during the twentieth century. These issues are addressed from several disciplines. A substantial introduction is followed by a wide range of case studies including Pinochet's Chile, the Haiti of the Duvaliers, and Nicaragua under the somocistas and sandinistas, as well as Brazil, Mexico, the Argentine, Cuba, and Colombia.

The State as Terrorist George Lopez, Michael Stohl, 1984-04-24 This volume examines the causes, consequences, and dynamics of that style of governance by force that has come to be known as state terror. The collection deals with theoretical issues and examines case applications as well. The editors distinguish among the study of oppression, repression, and state terror systems. State terrorism in the form of enforcement terrorism, economic repression, military control, and the legal oppression of apartheid in Latin America, Argentina, the Philippines, and South Africa is discussed. One chapter explores American containment policy. Theoretical chapters on state terrorism include editor George Lopez's scheme for the analysis of government terror, editor Michael Stohl's discussion of the international dimensions of this problem, and an agenda for continued investigation.

CONTEMPORARY POLITICAL THEORY VINOD, M. J., DESHPANDE, MEENA, 2013-01-11 Intended as a text for the postgraduate students of political science, this well-researched book attempts to track the evolution of political ideas in the recent past and their background. It brings out the contemporary epistemological and methodological debates within the discipline and social sciences as a whole and incorporates the latest developments in the field. Divided into forty chapters under eleven parts, the book deals with the core concepts and debates in political theory and focuses on the state-society interactions. It tries to explain how the states, societies, and cultures have responded to the emerging challenges thrown up by the social, economic, and political factors and the direction of the response. It also dwells on the impact of globalisation on current trends. Finally, the book analyses the ideas of modern Indian thinkers such as V. D. Savarkar, Jawaharlal Nehru, Ram Manohar Lohia, B. R. Ambedkar, and Jayaprakash Narayan. Besides the postgraduate students of political science, the book would also be useful to the aspirants of civil services examinations and the initiated readers.

Citizens' Power in Latin America Pascal Lupien, 2018-03-14 *Citizens' Power in Latin America* takes the reader into the heart of communities where average citizens are attempting to build a new

democratic model to improve their socioeconomic conditions and to have a voice in decisions that affect their lives Based on groundbreaking fieldwork conducted in Venezuela Ecuador and Chile Pascal Lupien contrasts two models of participatory design that have emerged in Latin America and identifies the factors that enhance or diminish the capacity of these mechanisms to produce positive outcomes He draws on lived experiences of citizen participants to reveal the potential and the dangers of participatory democracy Why do some democratic innovations appear to succeed while others fail To what extent do these institutions really empower citizens and in what ways can they be used by governments to control participation What lessons can be learned from these experiments Given the growing dissatisfaction with existing democratic systems across the world this book will be of interest to people seeking innovative ways of deepening democracy **New Military Politics in Latin America** Robert G. Wesson, 1982 Beskrivelse af udviklingen i militærdiktaturerne i Sydamerika Deres problemer og for nogle landes vedkommende forsigtige forslag på nogle demokratiske forhold med valg og civil regering **State, Labor, Capital** Paul G. Buchanan, 2017-03-13 Organized labor has played a critical role in political transition away from authoritarianism in Argentina Brazil and Uruguay Buchanan views the institutional networks where these new governments strive to maintain democracy focusing on the role of national labor administrations This book argues that because democratic capitalist regimes are founded on a state mediated class compromise institutionalizing labor relations is a major concern Institutions that foster equitable labor management bargaining are at the foundation of workers acquiescence to bourgeois rule **State, Labor, Capital** Paul G. Buchanan, 1987 Report offers an extended theoretical and methodological discussion of the logics of collective action and processes by which labor is incorporated into the substantive phases of democratic regime consolidation in the Southern Cone of Latin America Keywords South America Class Compromise Organized Labor Argentina Uruguay Brazil **Costa Rica** Chalmers Sherfey Brumbaugh, 1985 **Protest State** Mason W. Moseley, 2018-05-01 Why is social protest a normal almost routine form of political participation in certain Latin American democracies but not others In light of surging protests in countries like Argentina Brazil and Peru this book answers this question through a focus on recent trends in the quality of governance and socioeconomic development in the region Specifically it argues that increasingly engaged citizenries forged by economic growth and technological advances coupled with dysfunctional political institutions have fueled more radical modes of participation in Latin America as citizens demands for government responsiveness have overwhelmed many regimes capacity to provide it Where weak institutions and politically engaged citizenries collide countries can morph into protest states where contentious participation becomes so common as to render it a conventional characteristic of everyday political life Drawing on cross national surveys from Latin America and a case study of Argentina which includes a rich dataset of protest events and dozens of interviews with political elites and citizen activists Mason W Moseley tests his explanation against other leading theories in the contentious politics literature But rather than emphasizing how worsening economic conditions and mounting grievances fuel protest this book

builds the case that it is actually the improvement of economic conditions amidst low quality political institutions that lies at the root of surging contention in the region Protest State offers a comprehensive study of one of the most intriguing puzzles in Latin American politics today in the midst of an unprecedented era of democratic governments and economic prosperity why are so many people protesting **The Bookseller** ,1979 Environment and Citizenship in Latin America Alex Latta,Hannah Wittman,2012-07-20 Scholarship related to environmental questions in Latin America has only recently begun to coalesce around citizenship as both an empirical site of inquiry and an analytical frame of reference This has led to a series of new insights and perspectives but few efforts have been made to bring these various approaches into a sustained conversation across different social temporal and geographic contexts This volume is the result of a collaborative endeavour to advance debates on environmental citizenship while simultaneously and systematically addressing broader theoretical and methodological questions related to the particularities of studying environment and citizenship in Latin America Providing a window onto leading scholarship in the field the book also sets an ambitious agenda to spark further research Religion and Politics in Europe and Latin America Andrés Pérez-Baltodano,2025-09-22 This book presents a comparative interpretation of the socio emotional histories of Europe and Latin America offering a novel perspective on the roles of religion and politics in managing collective fear and insecurity in these two regions Emphasizing the historical fears and insecurities faced by underprivileged sectors of Latin American society the book draws on cognitive and social sciences to compile political socioeconomic and cultural landmarks identifying continuities and ruptures in European and Latin American histories The volume highlights Europe s success and Latin America s relative failure in crafting political visions capable of taming fear and insecurity It shows how this largely correlates with how meticulous providentialism the belief that God governs history has been supplanted by general providentialism the belief that God does not intervene in history in the religious cultures of the two regions This shift corresponds to the degree of control individuals feel they have over their history and destiny which typically aligns with their actual social affordances At the heart of these discussions is the notion that the authenticity of the theoretical foundations of political visions is conditioned by society s view of the divine which ultimately determines the capacity of these visions potential to impact history Religion and Politics in Europe and Latin America is a useful resource for students and academics interested in Latin American and European history politics and culture

Yeah, reviewing a book **Political Participation In Latin America Volume I Citizen And State** could accumulate your close links listings. This is just one of the solutions for you to be successful. As understood, skill does not recommend that you have astounding points.

Comprehending as competently as settlement even more than extra will have the funds for each success. bordering to, the pronouncement as without difficulty as acuteness of this Political Participation In Latin America Volume I Citizen And State can be taken as competently as picked to act.

Political Participation In Latin America Volume I Citizen And State Introduction

In the digital age, access to information has become easier than ever before. The ability to download Political Participation In Latin America Volume I Citizen And State has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Political Participation In Latin America Volume I Citizen And State has opened up a world of possibilities. Downloading Political Participation In Latin America Volume I Citizen And State provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Political Participation In Latin America Volume I Citizen And State has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Political Participation In Latin America Volume I Citizen And State. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Political Participation In Latin America Volume I Citizen And State. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Political Participation In Latin America Volume I Citizen And State, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of

the websites they are downloading from. In conclusion, the ability to download Political Participation In Latin America Volume I Citizen And State has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Political Participation In Latin America Volume I Citizen And State Books

1. Where can I buy Political Participation In Latin America Volume I Citizen And State books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
