## **Political Parties In Industrial Democracies Imagining The Masses:**

**Political Parties in Industrial Democracies** Luther Harmon Zeigler, 1993      The Politics of Asian Americans Pei-te Lien, M. Margaret Conway, Janelle Wong, 2004-06-01 Through the perspectives of mass politics this book challenges popular misconceptions about Asian Americans as politically apathetic disloyal fragmented unsophisticated and inscrutable by showcasing results of the 2000 01 Multi City Asian American Political Survey      Politics of National Identity in Italy Eva Garau, 2014-12-17 This book focuses on the politics of national identity in Italy Only a unified country for just over 150 years Italian national identity is perhaps more contingent than longer established nations such as France or the UK The book investigates when how and why the discussions about national identity and about immigration became entwined in public discourse within Italy In particular it looks at the most influential voices in the debate on immigration and identity namely Italian intellectuals the Catholic Church the Northern League and the Left The methodological approach is based on a systematic discourse analysis of official documents interviews statements and speeches by representatives of the political actors involved In the process the author demonstrates that a normalisation of intolerance towards foreigners has become institutionalised at the heart of the Italian state This work will be of particular interest to students of Italian Politics

Nationalism and Comparative Politics      **The Canadian Polity** Ronald G. Landes, 1998      **Routledge Handbook of Illiberalism** András Sajó, Renáta Uitz, Stephen Holmes, 2021-11-29 The Routledge Handbook of Illiberalism is the first authoritative reference work dedicated to illiberalism as a complex social political cultural legal and mental phenomenon Although illiberalism is most often discussed in political and constitutional terms its study cannot be limited to such narrow frames This Handbook comprises sixty individual chapters authored by an internationally recognized group of experts who present perspectives and viewpoints from a wide range of academic disciplines Chapters are devoted to different facets of illiberalism including the history of the idea and its competitors its implications for the economy society government and the international order and its contemporary iterations in representative countries and regions The Routledge Handbook of Illiberalism will form an important component of any library's holding it will be of benefit as an academic reference as well as being an indispensable resource for practitioners among them journalists policy makers and analysts who wish to gain an informed understanding of this complex phenomenon      **Политическая наука № 4 / 2010 г. Политические партии, демократия и качество государственного управления в современном обществе** Анатолий Кулик, 2018-12-20

*Democracy in Hard Places*, 2022-07-22 This is an open access title available under the terms of a CC BY NC ND 4.0 International license It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations The last fifteen years have witnessed a democratic recession Democracies previously thought to be well established Hungary Poland Brazil and even the United States have been threatened by the rise of ultra nationalist and populist leaders who pay lip service to the will of the people while daily undermining the freedom and pluralism that are

the foundations of democratic governance The possibility of democratic collapse where we least expected it has added new urgency to the age old inquiry into how democracy once attained can be made to last In Democracy in Hard Places Scott Mainwaring and Tarek Masoud bring together a distinguished cast of contributors to illustrate how democracies around the world continue to survive even in an age of democratic decline Collectively they argue that we can learn much from democratic survivals that were just as unexpected as the democratic erosions that have occurred in some corners of the developed world Just as social scientists long believed that well established Western educated industrialized and rich democracies were immortal so too did they assign little chance of democracy to countries that lacked these characteristics And yet in defiance of decades of social science wisdom many countries that were bereft of these hypothesized enabling conditions for democracy not only achieved it but maintained it year after year How does democracy persist in countries that are ethnically heterogenous wracked by economic crisis and plagued by state weakness What is the secret of democratic longevity in hard places This book the first to date to systematically examine the survival persistence of unlikely democracies presents nine case studies in which democracy emerged and survived against the odds Adopting a comparative cross regional perspective the authors derive lessons about what makes democracy stick despite tumult and crisis economic underdevelopment ethnolinguistic fragmentation and chronic institutional weakness By bringing these cases into dialogue with each other Mainwaring and Masoud derive powerful theoretical lessons for how democracy can be built and maintained in places where dominant social science theories would cause us to least expect it

### **Das politische Organisationsfeld**

Frank Janning, 2013-07-02 Die Theorie des politischen Organisationsfeldes versucht aufzuzeigen da Organisationen und akademisch ausgebildeten Berufsgruppen ein immer gr erer Stellenwert f r die politisch angeleitete Ausdifferenzierung und Fortentwicklung komplexer Gesellschaften zukommt Zu diesem Zweck verwendet der Autor zentrale Annahmen der Bourdieuschen Feldtheorie insbesondere den Aspekt einer Homologie einer Struktur hnlichkeit und Wahlverwandtschaft von sozialen Statuskonflikten f r die Analyse und Konzeptualisierung der interorganisationellen Politikgestaltung Auf diese Weise gelingt es ein angemesseneres Erkl rungsmodell f r die Konstitutions und Reproduktionsweisen von politischer Macht vorzustellen

### **The Political Economy of Monetary Institutions**

William Bernhard, J. Lawrence Broz, William Roberts Clark, 2003-08-29 Political economists consider the political and economic factors that affect a country s choice of monetary institutions Recent analysis by political economists of monetary institution determinants in different countries has been limited by the fact that exchange rate regimes and central bank institutions are studied in isolation from each other without examining how one institution affects the costs and benefits of the other By contrast the contributors to this volume analyze the choice of exchange rate regime and level of central bank independence together the articles originally published in a special issue of International Organization constitute a second generation of research on the determinants of monetary institutions The contributors consider both economic and political factors to explain a country s choice of monetary

institutions and examine the effect of political processes in democracies including interest group pressure on the balance between economic and distributional policy      Oxford Handbook of Political Behavior Russell J. Dalton, Hans-Dieter

Klingemann, 2007 Assembles the world's leading scholars on public opinion and political behaviour to describe the state of the art research on the beliefs values and behaviours of contemporary politics      **Secrets and Democracy** L.

Quill, 2014-03-11 *Secrets and Democracy* develops a new approach to understanding the centrality of secrecy to political life From the ancient world to the modern this book considers the growing importance of secrets the dilemmas this poses to conceptions of democracy and the challenges that collecting secrets poses to publicity and privacy in the network society

**The Digital Party** Paolo Gerbaudo, 2018-12-14 From the Five Star Movement to Podemos from the Pirate Parties to La France Insoumise from the movements behind Bernie Sanders to those backing Jeremy Corbyn the last decade has witnessed the rise of a new blueprint for political organisation the digital party Paolo Gerbaudo addresses the organisational revolution that is transforming political parties in the time of Facebook Twitter Instagram and Cambridge Analytica Drawing on interviews with political leaders and organisers Gerbaudo demonstrates that besides rapidly growing in votes these formations have also revitalised party democracy involving hundreds of thousands in discussions carried out on online decision making platforms Participatory yet plebiscitarian open and democratic yet dominated by charismatic hyperleaders digital parties display both great potentials and risks for the development of new forms of mass participation in an era of growing inequality All political parties will have to reckon with the lessons of the digital party      *Handbuch Wahlforschung* Jürgen W. Falter, Harald Schoen, 2014-08-12 *Die empirische Wahlforschung* z hlt zu den theoretisch und methodisch am weitesten entwickelten von der ffentlichkeit am st rksten beachteten Zweigen der Politikwissenschaft Dieser Band vermittelt Grundlagenwissen ber die zentralen Konzepte Methoden und Befunde der empirischen Wahlforschung und gibt einen berblick ber den aktuellen Stand der Forschung Den Schwerpunkt bilden theoretische Ans tze zur Erkl rung von Wahlverhalten Sie werden ausf hrlich dargestellt kritisch diskutiert und systematisch miteinander verglichen Daneben geht der Band auf ausgew hlte Themen der Wahlforschung ein u a auf Nichtwahl Wechselwahl die Wahl extremer Parteien sowie den Einfluss von Wertorientierungen und Massenmedien auf das Wahlverhalten Ferner enth lt er berblicke ber die Geschichte demokratischer Wahlen die Historische Wahlforschung die Wahlsystemforschung und die Wahlkampfforschung Dieser Band bietet auf neuestem Stand einen umfassenden berblick ber die empirische Wahlforschung und tr gt dazu bei ihre M glichkeiten und Grenzen realistisch zu beurteilen      **Understanding Conflicts of Sovereignty in the EU** Nathalie

Brack, Ramona Coman, Amandine Crespy, 2021-05-09 This book investigates the multifaceted conflicts of sovereignty in the recent crises in the European Union Although the notion of sovereignty has been central in the contentious debates triggered by the recent crises in the European Union it remains strikingly under researched in political science This book bridges this gap by providing both theoretical reflections and empirical analyses of today's conflicts of sovereignty in the EU More

particularly it investigates conflicts between four types of sovereignty First national sovereignty referring to the autonomy of the Westphalian Nation State to rule on a territory delimited by borders second the supranational sovereignty acquired by the EU in a fragmentary fashion in a number of scattered internal and external policy fields third parliamentary sovereignty understood as the autonomy of parliaments at the regional national and European levels to take part in the decision making process and control the executive in the name of the principles of election and representation fourth popular sovereignty whereby the body politic confers legitimacy to decision makers in a democratic system Through an analysis of the various crises rule of law Brexit migration Eurozone crisis the chapters look at how sovereignty is framed and contested by different types of actors and how the strengthening or the weakening of certain types of sovereignty contribute to shape preferences regarding policies and governance structures in the multi level EU The chapters in this book were originally published as a special issue of the Journal of European Integration

**American Book Publishing Record** ,2003 International Encyclopedia of Civil Society Helmut K. Anheier,Stefan Toepler,2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field

**Parteienwandel in Frankreich** Christine Pütz,2013-03-08 Das Buch widerlegt die in der Frankreichforschung weit verbreitete Auffassung dass die in Frankreich traditionell schwachen Parteien in der pr sidentialisierten V Republik weiter an Bedeutung verloren h tten Die empirische Analyse basiert auf einem komplexen Institutionenverst ndnis und zeigt wie sich die franz sischen Parteien entsprechend ihrer jeweiligen Traditionen an die institutionellen Rahmenbedingungen der V Republik angepasst diese aber auch beeinflusst haben So entwickelte sich die direkte Pr sidentschaftswahl nicht zu einer berparteilichen Personenwahl sondern zu einer Parteienwahl die durch parteiabh ngige Kandidaturen gepr gt ist Die franz sischen Parteien haben damit nicht nur zur Stabilisierung und Legitimierung der politischen Institutionen der V Republik beigetragen sondern auch eine Schl sselstellung im politischen System erlangt

*Political Representation and European Union Governance* Peter Mair,Jacques Thomassen,2013-09-13 This book confronts and discusses different conceptions of political representation with respect to their application to the system of multi level governance in the European Union Political representation is an essentially contested concept Its meaning has evolved with the development of representative democracy at the level of the

nation state and normative theories of political representation often evolved as a reflection on developing practices rather than the other way around Since the EU is not a conventional nation state and since the effectiveness and legitimacy of classic notions of political representation at the level of the national state has also become a matter of dispute the EU has become a playground for the development of alternative or additional conceptions of democracy The contributions to this volume evaluate these alternative conceptions with regard to both their effectiveness and their legitimacy and combine both conceptual and empirical analyses This book was based on a special issue of Journal of European Public Policy

**Organizing for Policy Influence** Benjamin Farrer, 2017-08-09 In this book Benjamin Farrer explains how activists can influence the policies they care about even when they are outnumbered and their issues are ignored The solution lies in a surprising place organizational choice Different types of organizations will be more influential under particular democratic institutions If they choose the optimal type of organization given their institutional context then even minority groups can be influential Environmentalists are a key example of how small groups can sometimes punch above their weight Environmentalists in different countries have made different organizational choices These choices explain whether or not they succeeded in influencing policy In the empirical chapters that follow Farrer shows that environmentalists can sometimes be more influential if they form interest groups but under other institutions political parties are the optimal organizational choice Although interest groups are often easier to create national institutions can sometimes insulate mainstream politicians from niche interest groups When institutions deny access to interest groups activists are forced to send the stronger signal of party entry Using a variety of methods including a formal model an experiment and a wealth of empirical data from a variety of settings Farrer proves that this theory of organizational choice adds to our understanding of several crucial phenomena First it helps explain patterns of political participation by showing the importance of instrumental rather than purely expressive motivations for activism Second it provides an important modification to Duverger's 1954 law by showing that new party entry is a function not only of electoral rules but also of the rules that govern interest groups Third it extends research on the role of institutions in determining policy outputs by showing that policy outcomes are a function of the interaction between organizational choices and institutional context The Road to Actualized Democracy Brady

Wagoner, Ignacio Brescó de Luna, Vlad Glaveanu, 2018-08-01 Democracy is the worst form of government except for all the others once remarked Winston Churchill In this day and age this quotation resonates more than ever This book explores democracy from the perspective of social and cultural psychology highlighting the importance of the everyday basis of democratic practices This approach takes us beyond the simple understanding of democracy in its institutional guise of free elections and public accountability and towards a focus on group dynamics and personal characteristics of the democratic citizen including their mentalities habits and ways of relating to others The book features discussions of the two way street between democracy and dictatorship conflicts within protests ideology and public debate and the psychological profile of a

democratic citizen and its critique While acknowledging the limitations of today s democratic systems this volume aims to reinvigorate democracy by bringing psychology to the table of current debates on social change and citizenship
