Political Parties In The 80s:

Political Parties in the Eighties Robert A. Goldwin, 1980 Most of the essays in this volume were originally presented at a joint conference of the American Enterprise Institute and the Public Affairs Conference Center of Kenyon College **New Trends of Political Participation in Hong Kong** Joseph Y. S. CHENG, 2014-07-08 This volume in 15 chapters serves as a useful overview of various significant aspects of the new trends of political participation in Hong Kong Written by a team of experts who have been astute observers of Hong Kong Politics the book covers a wide spectrum of topics ranging from a conventional understanding of political participation e g the activities of political parties and interest groups to a more specialized form of participation e g the relationships between government and legislators in policy making The study of the rise of new social movements by the Post 80s generation would be of particular interest to those who are keen to comprehend the sharpening inter generational differences There will be a readership among academics and university students This can also be a valuable reference for the media policy makers or anyone interested in Hong Kong politics This book is published by City University of Hong Kong Press American Political Parties Eric M. Uslaner, 1993 **Political Parties and Coalitional Behaviour in Italy** Geoffrey Pridham, 2013-07-04 Coalitional behaviour is central to the Italian system of government but has been largely neglected by research As a result coalitions in post war Italy have been viewed as simply unstable short lived and incohesive In this book the author corrects this one sidedness by analysing Italian coalition politics as a continuous and dynamic process His comprehensive interpretative approach takes account of other new developments in coalition studies and relates his subject both to the literature on Italian politics and to the comparative study of party systems in liberal democracies An introductory section places Italian coalitional behaviour in a theoretical and comparative context This inductive framework is then used as a reference for examining the historical institutional motivational internal socio political and environmental dimensions of the phenomenon Gay in the 80s Colin Clews, 2017-02-03 The 1980s heralded many challenges for LGBT people around the world and Colin Clews examines these in his new book These included the rise of the New Right in the USA Section 28 which prohibited the promotion of homosexuality the trial of Gay's the Word bookshop in the UK and the continuing criminalisation of homosexuality in the majority of Australian states Underpinning all of this was the unfolding of the AIDS crisis a time when LGBT people realised that they were no longer simply fighting for their rights but quite literally fighting for their lives But it wasn't all doom and gloom by the end of the eighties there had been some very real progress Major political parties had LGBT rights in their manifestos trades unions increasingly took up the cause and regional legislators introduced anti discrimination laws and policies LGBT people became more prolific in film television music and literature and the LGBT community grew significantly The book also examines the dynamics behind these changes some the result of prolonged campaigns others stemming from the growing influence of the pink pound dollar others still a consequence of the growing anger at government intransigence

to the AIDS crisis Gay in the 80s examines a number of the events and issues in the UK USA and Australia giving a comprehensive perspective of LGBT reality during this decade The book covers the broad political context of the 1980s and takes a comparative approach to events in the three countries where Colin either lived or spent large amounts of time Colin Clews debut book offers a unique perspective on a pivotal era in LGBT history It will appeal to readers that want to learn more about the LGBT experience in the 1980s Its publication also coincides with the 50th anniversary of the 1967 Sexual Offences Act which partially decriminalised homosexuality and the 30th anniversary of the Don't Die of Ignorance AIDS awareness campaign A number of film and television events are planned to commemorate both anniversaries and Colin will be contributing to some of them

Political Parties and Democracy Larry Diamond, Richard Gunther, 2001-12-21 Political parties are one of the core institutions of democracy But in democracies around the world rich and poor Western and non Western there is growing evidence of low or declining public confidence in parties In membership organization and popular involvement and commitment political parties are not what they used to be But are they in decline or are they simply changing their forms and functions In contrast to authors of most previous works on political parties which tend to focus exclusively on long established Western democracies the contributors to this volume cover many regions of the world Theoretically they consider the essential functions that political parties perform in democracy and the different types of parties Historically they trace the emergence of parties in Western democracies and the transformation of party cleavage in recent decades Empirically they analyze the changing character of parties and party systems in postcommunist Europe Latin America and five individual countries that have witnessed significant change Italy Japan Taiwan India and Turkey As the authors show political parties are now only one of many vehicles for the representation of interests but they remain essential for recruiting leaders structuring electoral choice and organizing government To the extent that parties are weak and discredited the health of democracy will be seriously impaired Contributors Larry Diamond and Richard Gunther Hans Daalder Philippe Schmitter Seymour Martin Lipset Giovanni Sartori Bradley Richardson Herbert Kitschelt Michael Coppedge Ergun Ozbudun Yun-han Chu Leonardo Morlino Ashutosh Varshney and E Sridharan Stefano Bartolini and Peter Mair
