## **Political Protest In Northern Ireland:**

Northern Ireland Politics Arthur Aughey, Duncan Morrow, 2014-06-17 Hopes for a peaceful settlement in Northern Ireland have again put the politics of the province under the spotlight This new text written by acknowledged experts on Northern Ireland provides an immediately accessible introduction to the multi faceted nature of the politics of the region      **Political Protest and Social Change** Charles F. Andrain, David Ernest Apter, 1995 At the close of the twentieth century political protests have erupted throughout the world While the collapse of communism was certainly one of the most spectacular protest related events smaller protests have become ubiquitous In Los Angeles labor activists campaign against commercial real estate owners to unionize janitors mainly Latina immigrants In the People s Republic of China peasants revolt against tax collectors Amazonian Indians protest public and economic policies that destroy their culture and rainforest habitat This book analyzes the reciprocal impact of cultural beliefs sociopolitical structures and individual behaviors on protests throughout the world Why do individuals participate in protest activities How do cultural beliefs personal attitudes and subjective perception influence the potential protester Addressing the issue of agency in protest the authors also examine why protestors enlist different tactics to achieve their goals Why are some protests violent and others nonviolent When and why do activists conclude that it is better to accommodate than confront Finally and crucially what are the consequences of protest movements      **Political Protest and Social Change** C. Andrain, D. Apter, 1994-12-19 This book probes three issues about the linkage between political protests and social change First why do individuals participate in protest activities including nonviolent movements and revolutions How do cultural beliefs sociopolitical structures personal attitudes motives and perceptions shape the decision to participate Second why do participants choose certain tactics Protesters use different types of tactics violent vs nonviolent public vs covert organized vs spontaneous and confrontation vs accommodation with other groups political parties and government agencies Most activists view a particular tactic as a useful means to attain their policy demands Third what policy consequences emerge from the activities of protest movements The book explores the impact of protests on social change and on the distribution of political power particularly greater access of subordinate groups to government policymakers A theory of political opportunities helps explain these issues about the origins activities and outcomes of protests      Power, Politics and Territory in the 'New Northern Ireland' Elizabeth DeYoung, 2023-10-15 Winner of the ACIS Donald Murphy Prize for Distinguished First Book 2023 In the wake of the Good Friday Agreement the redevelopment of the former Girdwood Army Barracks in North Belfast was hailed as a symbol of hope for Northern Ireland It was a major investment in a former conflict zone and an internationally significant peacebuilding project Instead of adhering to the tenets of the Agreement sectarianism dominated the regeneration agenda Throughout the process politicians community groups and paramilitaries wrangled over the site s future and territorial contest won out over housing need After eleven years of negotiation and 11.7 million the EU funded Girdwood Community Hub opened its doors to the public in 2016

but its impact has been underwhelming The Hub's redevelopment is a microcosm of the peace process itself and the ways in which post Agreement politics have failed to deliver a shared future for the people of Northern Ireland twenty five years on This ethnography provides a lively account of Girdwood's redevelopment and a wry critique of the fractious political context around it Through fl nerie and encounter the author brings us across peace walls into community meetings and behind the scenes of decision making in Northern Ireland Girdwood's story also sheds light on how power politics and territory intersect in divided cities globally *Routledge Library Editions: Political Protest* Various,2022-07-30 This 26 volume set is a wide ranging time and subject spanning examination of the phenomenon of political protest What drives people to take to the streets and how do their governments respond These questions and many more are analysed in areas as varied as sixteenth century German peasant uprisings revolutionary Russians at the Paris Commune women protesting nuclear weapons at Greenham Common and the role Christianity played in protests across the ages An impressive reference resource this set also looks at the policing of protests and official responses to them **Peace Movements: International Protest and World Politics Since 1945** April Carter,2014-09-11 There is a long tradition of opposition to war and organized peace campaigns date from 1815 Since 1945 however modern weapons technology has threatened world wide destruction and has stimulated widespread protests This book sketches in the background of thinking about peace and resistance to war before 1945 and then examines how public opposition to nuclear weapons and testing grew in the 1950s and early 1960s Later chapters cover the major resurgence of nuclear disarmament campaigns in the 1980s The book also looks at how peace protest has spread from its origins in North America and North West Europe to embrace many parts of the world opposition to nuclear testing has indeed been particularly strong in Japan Australia New Zealand and the Pacific islands The period 1945 to 1990 was dominated by the Cold War between the USA and USSR and the role of the Soviet sponsored World Peace Council caused difficulties for indeptendent peace groups in the West During the 1980s the emergence of autonomous peace activity in a number of East European countries and even on a very small scale in the USSR itself transformed the possibilities for East West co operation between citizens to urge disarmament and political change A chapter examines these developments Opposition to all forms of militarism has spread in the last 30 years This book charts the struggles to extend the right to conscientious objection to military service and draft resistance to particular wars for example in Southern Africa and Israel It also looks in some detail at the growing opposition to the war in the Vietnam The recent protests against the Gulf War are surveyed briefly in an epilogue Writing Resistance in Northern Ireland Aimée Walsh,2024-04-02 Writing Resistance in Northern Ireland is an examination of feminist republicanism's in the north of Ireland between 1975 and 1986 Republican prison protest was rife during this period and fractures opened up between the feminist and republican movements Despite their shared objective of self determination the two movements did not achieve a natural or total congruence While it has been argued that there is a disjuncture between feminism and nationalism this book argues for a

new perspective on feminist republicanism s in the north and tells the story of a niche collective of republican feminists who came to the fore during the Troubles and sought bodily political and economic autonomy The book examines source material including historical narratives jail writings journalism documentary film and literary texts and paints a vivid picture of a movement of republican feminist women s writing concerned with political crisis gender and the nation Aim e Walsh uses the plural republicanism s as a way of encapsulating the varied iterations of nationalist feminism from militant republicanism in Armagh Gaol to a non violent literary nationalist feminism This examination of the interaction between nationalism and gender shows how the study of women s writing can offer a paradigm shift in the history of the Troubles as seen through a feminist lens

Holland,2022-07-26 Inequality Identity and the Politics of Northern Ireland examines how the politics of threat and resentment undergirded by persistent poverty and class and gender inequalities across Catholic and Protestant communities shape dynamics of political conflict while simultaneously giving way to critical subjectivities at the community level through which more transformative visions of peace may emerge

**Consociational Power-Sharing in Northern Ireland** Timofey Agarin,Rupert Taylor,2025-09-12 Consociational Power Sharing in Northern Ireland from leading scholars in the field explores the evolution and challenges of consociational power sharing in Northern Ireland for politics and societal relations Contributors to this book highlight that scholarship on consociational democracy anticipates political stability and continuous integration in post conflict societies However over 25 years on from the Good Friday Agreement concerns remain about the adequacy of consociational power sharing to ensure a fully functional form of government capable of providing stability and of addressing deeper political and social issues While violence is absent ethno national identities remain in a state of a fragile equilibrium and aspirations for significant progress on key issues like truth justice mutual respect and socio political inclusion have not been met The reasons as to why this is so and what can be done to rectify it are central to the arguments that animate this timely book Consociational Power Sharing in Northern Ireland will be of great interest to students and scholars in political science law and constitutionalism nationalism and ethnicity and those interested in related topics in sociology and criminology It will also appeal to practitioner communities related to power sharing political representation and constitutional politics *Political Protest in Northern Ireland* Kenneth Christie,1992

**The Politics of Protest in Hybrid Regimes** Graeme B. Robertson,2010-12-20 Since the end of the Cold War more and more countries feature political regimes that are neither liberal democracies nor closed authoritarian systems Most research on these hybrid regimes focuses on how elites manipulate elections to stay in office but in places as diverse as Bolivia Georgia Kyrgyzstan Serbia Thailand Ukraine and Venezuela protest in the streets has been at least as important as elections in bringing about political change

The Politics of Protest in Hybrid Regimes builds on previously unpublished data and extensive fieldwork in Russia to show how one high profile hybrid regime manages political competition in the workplace and in the streets More generally the book develops a theory of how the nature of organizations in society state strategies for mobilizing supporters and elite competition shape political protest in hybrid regimes Irish Political Prisoners 1960-2000 Seán McConville, 2021-03-30 This is a comprehensive detailed and humane account of the thousands who came into custody during the years of the Northern Ireland conflict and how they lived out the months years and decades in Irish and English maximum security prisons Erupting in 1969 the Northern Ireland troubles continued with terrible intensity until 1998 The most enduring civil conflict in Western Europe since the Second World War cost almost 4 000 lives inflicted a vast toll of injuries and wrought much destruction Based on extensive archival research and numerous interviews this book covers the jurisdictions of Northern Ireland the Republic of Ireland and England providing an account of riots escapes strip and dirty protests and hunger strikes It paints a picture of coming to terms with sentences some of which lasted for two decades and more Republicans and loyalists male and female prisoners officials and staff families supporters clergy and politicians all played a part and all were changed The narrative includes some of the most remarkable events in prison history anywhere mass breakouts organised cell fouling and prolonged nakedness and hunger striking to the death there are also accounts of the prisoners very effective parallel command structure The book shows how Anglo Irish and intra Irish relations were profoundly affected and how the prisoners involvement and consent were critical to the Good Friday Agreement that ended the long war The final part of a trilogy dealing with Irish political prisoners from 1848 to 2000 by renowned expert Seán McConville this is an essential resource for students and scholars of Irish history and Irish political prisoners it is also a major contribution to the study of imprisonment **Northern / Irish Feminist Judgments** Máiréad Enright, Julie McCandless, Aoife O'Donoghue, 2017-02-09 The Northern Irish Feminist Judgments Project inaugurates a fresh dialogue on gender legal judgment judicial power and national identity in Ireland and Northern Ireland Through a process of judicial reimagining the project takes account of the peculiarly Northern Irish concerns in shaping gender through judicial practice This collection following on from feminist judgments projects in Canada England and Australia takes the feminist judging methodology in challenging new directions This book collects 26 rewritten judgments covering a range of substantive areas As well as opinions from appellate courts the book includes first instance decisions and a fictional review of a Tribunal of Inquiry Each feminist judgment is accompanied by a commentary putting the case in its social context and explaining the original decision The book also includes introductory chapters examining the project methodology constructions of national identity theoretical and conceptual issues pertaining to feminist judging and the legal context of both jurisdictions The book shines a light on past and future possibilities and limitations for judgment on the island of Ireland This book provides a rich and expansive addition to the feminist judgments catalogue The judgments demonstrate powerfully how Northern Irish

judges have contributed to the gendered politics of national identity and how the narrow subject positions they have created for women and others could have been so much wider and more open Professor Rosemary Hunter School of Law Queen Mary University London The Northern Irish Feminist Judgments Project is inspirational reading for anyone interested in feminism or Irish studies It is a model of how to conduct feminist enquiry Its most innovative contribution to scholarship and politics is how the rewriting of landmark legal judgments from a feminist perspective allows us to imagine and therefore begin to construct a more egalitarian a more just future Associate Professor Katherine O'Donnell School of Philosophy University College Dublin If you let it this book will make you think It made me think it reminded me I suppose that legal writing can be wonderful rigorous creative deeply observant provocative Read it and see what it makes you think Professor Theresa Murphy School of Law Queen's University Belfast

**Gender, Nationalism and Conflict Transformation** Fidelma Ashe, 2019-03-07 Utilising Northern Ireland as a case study this book presents an analysis of the gender and sexual politics of conflict transformation The book synthesises a vast array of international sources with the author's empirical and theoretical research to produce a powerful gendered critique of conflict transformation in Northern Ireland It maps the negative effects of the region's violent conflict on gender and sexual equality and explores the potential of the conflict transformational processes set in motion by the 1998 Peace Agreement to transform relationships between different genders and sexualities Starting from the feminist proposition that building peace requires the inclusion of issues of gender and sexual equality the author analyses how the new institutional and semantic structures of conflict transformation in Northern Ireland preserved older conservative narratives about gender and sexuality As older narratives clashed with progressive forms of sexual and gender politics the core sites of conflict transformation became arenas of gender and sexual struggles The book outlines these struggles and charts the positive and inclusive visions of peace developed by activists throughout the period of conflict transformation This book will be of much interest to students of gender studies conflict

transformation ethnic conflict peace studies and Irish politics      Northern Ireland's Troubles Marie-Therese Fay, Mike Morrissey, Marie Smyth, 1999-03-20 This work provides a background to the Northern Ireland conflict The authors investigate the human effect of the violence looking at the geographical religious gender and age distribution of deaths due to the troubles They analyse the impact of the activities of the various armed participants and examine the relationship between deprivation and levels of violence Looking at suicide rates levels of prescribed drug use and mental health admissions they examine the social impact of the conflict They then compare this with the impact on the economy GDP unemployment levels and public expenditure putting forward a positive agenda for dealing with the effects of conflict and for moving away from violence towards peace      Palgrave Dictionary of Public Order Policing, Protest and Political Violence P. Joyce, Neil Wain, 2014-11-04 Protest and political violence are concerns of global importance in the twenty first century This dictionary brings together in one comprehensive volume a number of key issues relating to the conduct of protest and political violence and the response of the state and police to such activities      'The Age-old Struggle Jack Hepworth, 2021 The Age Old Struggle analyses the internal dynamics of Irish republicanism between the outbreak of the Troubles in 1969 and the Good Friday Agreement of 1998 Drawing upon the words and writings of more than 250 Irish republicans this book scrutinises the movement s historical and contemporary complexity Yet it also examines the centripetal forces which connected republican organisations through decades of struggle
