

Political Social Religious Thought Of

Rory Finnin

Political Social Religious Thought Of:

Politics and Religion in the Modern World George Moyser, 2002-11-01 Despite the commonly held Western view that secularisation has taken religion out of the political sphere the relationship between religion and politics is at the heart of many of the critical issues of our time The role of the church in nationalist movements in Eastern Europe and the influence of Islam on Middle Eastern politics are two clear examples *Politics and Religion in the Modern World* sets out to examine what makes religion and politics such a potent combination in countries around the world It is an important analysis of the relationship between religion and politics which will be recommended reading for students of political science religious studies and sociology

The Oxford Handbook of Russian Religious Thought Caryl Emerson, George Pattison, Randall A. Poole, 2020-09-04 The Oxford Handbook of Russian Religious Thought is an authoritative new reference and interpretive volume detailing the origins development and influence of one of the richest aspects of Russian cultural and intellectual life its religious ideas After setting the historical background and context the Handbook follows the leading figures and movements in modern Russian religious thought through a period of immense historical upheavals including seventy years of officially atheist communist rule and the growth of an exiled diaspora with e g its journal *The Way Therefore* the shape of Russian religious thought cannot be separated from long running debates with nihilism and atheism Important thinkers such as Losev and Bakhtin had to guard their words in an environment of religious persecution whilst some views were shaped by prison experiences Before the Soviet period Russian national identity was closely linked with religion linkages which again are being forged in the new Russia Relevant in this connection are complex relationships with Judaism In addition to religious thinkers such as Philaret Chaadaev Khomiakov Kireevsky Soloviev Florensky Bulgakov Berdyaev Shestov Frank Karsavin and Alexander Men the Handbook also looks at the role of religion in aesthetics music poetry art film and the novelists Dostoevsky and Tolstoy Ideas institutions and movements discussed include the Church academies Slavophilism and Westernism theosis the name glorifying imiaslavie controversy the God seekers and God builders Russian religious idealism and liberalism and the Neopatristic school Occultism is considered as is the role of tradition and the influence of Russian religious thought in the West

History of Western Political Thought John Morrow, 2019-04-27 The third edition of this highly regarded core textbook offers an accessible and impressively comprehensive account of Western Political Thought over the last two millennia Structured in four main parts the chapters are organised around a wide range of key themes covering everything from Absolute Government and Revolutionary Political Thought to Politics and Freedom and Theories of Civil Disobedience This new edition concludes with an Epilogue that considers the challenges posed to the history of Western political thought by the perspectives of post colonialism and post modernism The use of boxes throughout the book to explain key thinkers in more detail as well as the author's ability to express complex ideas in clear and jargon free language makes this the perfect text for helping students to understand the key debates issues and continuities in the long history of political

ideas For undergraduate and postgraduate students studying courses on the history of political thought and theory this is an indispensable guide New to this Edition Expanded material on the history of international relations thinking race consciousness diversity and gender politics A completely new Epilogue which focuses on a discussion of post colonialism and post modernism in relation to political theory Additional Thinker boxes alongside revised and updated suggestions for further reading Russia and the Idea of Europe Iver B. Neumann,1996 Drawing on a wide array of Russian sources Iver Neumann outlines the Russian debate about Europe it unfolded over the last 200 years

Constructing Reality in Comparative Theology Paul S Chung,2023-01-01 In contemporary Western society the church has been pushed to the margins leading experts to describe the current era as a time after Christendom Many traditional churches and congregations are struggling a condition worsened by the COVID 19 pandemic regulations As the practice of churchgoing wanes the performance of the sacrament is called into question How can we bring the traditional communal experience of sacrament into the modern world

Conscience, Dissent and Reform in Soviet Russia Philip Boobbyer,2008-08-05 Embracing the political intellectual social and cultural history of Soviet Russia this book provides a useful perspective of Putin s Russia Focusing on the ethics in Soviet Russia it explores the history of moral thinking amongst dissidents and examines the ethical assumptions of the perestroika era Thomas Paine J. C. D. Clark,2018-03-16 Thomas Paine 1737 1809 was England s greatest revolutionary no other reformer was as actively involved in events of the scale of the American and French Revolutions and none wrote such best selling texts with the impact of Common Sense and Rights of Man No one else combined the roles of activist and theorist or did so in the age of revolutions fundamental as it was to the emergence of the modern world But his fame meant that he was taken up and reinterpreted for current use by successive later commentators and politicians so that the historic Paine was too often obscured by the usable Paine J C D Clark explains Paine against a revised background of early and mid eighteenth century England He argues that Paine knew and learned less about events in America and France than was once thought He de attributes a number of publications and passages hitherto assumed to have been Paine s own and detaches him from a number of causes including anti slavery women s emancipation and class action with which he was once associated Paine s formerly obvious association with the early origin and long term triumph of natural rights republicanism and democracy needs to be rethought As a result Professor Clark offers a picture of radical and reforming movements as more indebted to the initiatives of large numbers of men and women in fast evolving situations than to the writings of a few individuals who framed lasting and eventually triumphant political discourses *National Thanksgivings and Ideas of Britain, 1689-1816* Warren Johnston,2020 Examines sermons preached at national thanksgiving celebrations to show in detail what it meant to be properly British in the period **Moral and Political Writings** François de Salignac de La Mothe-Fénelon,2020 Fénelon is arguably one of the most neglected major philosophers of early modernity His political masterwork was the most read book in eighteenth century France after the Bible and yet today even specialists rarely engage his work

directly This problem is particularly acute in the Anglophone world where only a small fraction of Fenelon's vast and influential corpus has appeared in modern English translation This collection of new translations of Fenelon's moral and political writings renders one of the leading voices of early modern philosophy accessible to English language audiences Reflecting the impressive breadth of Fenelon's thought the volume includes work on topics ranging from education to literature to religion and statecraft In the realm of political philosophy and ethics Fenelon was an uncompromising critic of Louis XIV and absolutism committed to reforming France's social political and economic institutions In the Enlightenment he came to be celebrated as a pioneering theorist of education and rhetoric a prescient student of economics and international relations and a key voice in the philosophical debates among the heirs of Descartes not to mention his fame as one of the seventeenth century's most preeminent theologians and spiritualists and masters of French prose With an extensive introduction to Fenelon's life and work this volume is a critical resource for students and scholars of French history political philosophy economics education literature and religion

Religion, Identity and Politics in Northern Ireland Claire Mitchell, 2017-03-02 Has conflict in Northern Ireland kept political dimensions of religion alive and has religion played a role in fuelling conflict Conflict in Northern Ireland is not and never will be a holy war Yet religion is more socially and politically significant than many commentators presume In fact religion has remained a central feature of social identity and politics throughout conflict as well as recent change There has been an acceleration of interest in the relationship between religion identity and politics in modern societies Building on this debate Claire Mitchell presents a challenging analysis of religion in contemporary Northern Ireland arguing that religion is not merely a marker of ethnicity and that it continues to provide many of the meanings of identity community and politics In light of the multifaceted nature of the conflict in Northern Ireland Mitchell explains that for Catholics religion is primarily important in its social and institutional forms whereas for many Protestants its theological and ideological dimensions are more pressing Even those who no longer go to church tend to reproduce religious stereotypes of them and us Drawing on a range of unique interview material this book traces how individuals and groups in Northern Ireland have absorbed religious types of cultural knowledge belonging and morality and how they reproduce these as they go about their daily lives Despite recent religious and political changes the author concludes that perceptions of religious difference help keep communities in Northern Ireland socially separate and often in conflict with one another

Religious Thought in the Victorian Age Bernard M. G. Reardon, 2014-09-12 An account of the intellectual and theological ferment of nineteenth century Britain the dynamic period when so many of the ideas and attitudes we take for granted today were first established including the impact of biblical criticism upon traditional theology and the belief in a social as well as a spiritual mission for the Church Key figures include Coleridge Newman Carlyle Matthew Arnold and F D Maurice Unavailable for some time the reappearance of this updated Second Edition will be welcomed by theologians and intellectual and literary historians alike

A History of Ottoman Economic Thought Fatih Ermiş, 2013-12-04

The Ottoman Empire 1299 1923 existed at the crossroads of the East and the West Neither the history of Western Asia nor that of Eastern Europe can be fully understood without knowledge of the history of the Ottoman Empire The question is often raised of whether or not economic thinking can exist in a non capitalistic society In the Ottoman Empire like in all other pre capitalistic cultures the economic sphere was an integral part of social life and elements of Ottoman economic thought can frequently be found in amongst political social and religious ideas Ottoman economic thinking cannot therefore be analyzed in isolation analysis of economic thinking can reveal aspects of the entire world view of the Ottomans Based on extensive archival work this landmark volume examines Ottoman economic thinking in the classical period using three concepts humorism circle of justice and household economy Basing the research upon the writings of the Ottoman elite and bureaucrats this book explores Ottoman economic thinking starting from its own dynamics avoiding the temptation to seek modern economic theories and approaches in the Ottoman milieu

Ethnicity in Medieval Europe, 950-1250 Claire Weeda,2021 An investigation into how racial stereotypes were created and used in the European Middle Ages Students in twelfth century Paris held slanging matches branding the English drunkards the Germans madmen and the French as arrogant On crusade army recruits from different ethnic backgrounds taunted each other s military skills Men producing ethnography in monasteries and at court drafted derogatory descriptions of peoples dwelling in territories under colonisation questioning their work ethic social organisation religious devotion and humanness Monks listed and ruminated on the alleged traits of Jews Saracens Greeks Saxons and Britons and their acceptance or rejection of Christianity In this radical new approach to representations of nationhood in medieval western Europe the author argues that ethnic stereotypes were constructed and wielded rhetorically to justify property claims flaunt military strength and assert moral and cultural ascendance over others The gendered images of ethnicity in circulation reflect a negotiation over self representations of discipline rationality and strength juxtaposed with the alleged chaos and weakness of racialised others Interpreting nationhood through a religious lens monks and schoolmen explained it as scientifically informed by environmental medicine an ancient theory that held that location and climate influenced the physical and mental traits of peoples Drawing on lists of ethnic character traits school textbooks medical treatises proverbs poetry and chronicles this book shows that ethnic stereotypes served as rhetorical tools of power crafting relationships within communities and towards others

From Civil to Political Religion Marcela Cristi,2001-08-23 The coercive potential of civil religion has received little attention from theorists or has been wrongly relegated to developing nations Cristi sociology U of Waterloo critiques the literature of the civil religion thesis in particular the thinking of Rousseau Durkheim and the American sociologist Robert Bellah and argues for a reinterpretation of Rousseau and Durkheim s classical approaches She backs up the critique with a comparative survey of state directed civil religions and a case study of civil religion in Pinochet s Chile c Book News Inc

The Christian Quarterly ,1872

Blood of Others Rory Finnin,2022-03-01 In the spring of 1944 Stalin deported the Crimean Tatars a

small Sunni Muslim nation from their ancestral homeland on the Black Sea peninsula The gravity of this event which ultimately claimed the lives of tens of thousands of victims was shrouded in secrecy after the Second World War What broke the silence in Soviet Russia Soviet Ukraine and the Republic of Turkey were works of literature These texts of poetry and prose some passed hand to hand underground others published to controversy shocked the conscience of readers and sought to move them to action Blood of Others presents these works as vivid evidence of literature's power to lift our moral horizons In bringing these remarkable texts to light and contextualizing them among Russian Turkish and Ukrainian representations of Crimea from 1783 Rory Finnin provides an innovative cultural history of the Black Sea region He reveals how a poetics of solidarity promoted empathy and support for an oppressed people through complex provocations of guilt rather than shame Forging new roads between Slavic studies and Middle Eastern studies Blood of Others is a compelling and timely exploration of the ideas and identities coursing between Russia Turkey and Ukraine three countries determining the fate of a volatile and geopolitically pivotal part of our world

The Legacy of Soviet Dissent Robert Horvath,2013-05-13 During the 1970s dissidents like Sakharov and Solzhenitsyn dominated Western perceptions of the USSR but were then quickly forgotten as Gorbachev's reformers monopolised the spotlight This book restores the dissidents to their rightful place in Russian history Using a vast array of samizdat and published sources it shows how ideas formulated in the dissident milieu clashed with the original programme of perestroika and shaped the course of democratisation in post Soviet Russia Some of these ideas such as the dissidents preoccupation with glasnost and legality and their critique of revolutionary violence became part of the agenda of Russia's democratic movement But this book also demonstrates that dissidents played a crucial role in the rise of the new Russian radical nationalism Both the friends and foes of Russian democracy have a dissident lineage

Revolutionary Movements in World History James DeFronzo,2006-07-20 This groundbreaking three volume encyclopedia is the first to focus exclusively on the revolutionary movements that have changed the course of history from the American and French Revolutions to the present ABC CLIO is proud to present an encyclopedia that reaches around the globe to explore the most momentous and impactful political revolutions of the last two and a half centuries exploring their origins courses consequences and influences on subsequent individuals and groups seeking to change their own governments and societies In three volumes Revolutionary Movements in World History covers 79 revolutions from the American and French uprisings of the late 18th century to the rise of communism Nazism and fascism from Ho Chi Minh and Fidel Castro to the Ayatollah al Qaeda and the fall of the Berlin wall Written by leading experts from a number of nations this insightful cutting edge work combines detailed portrayals of specific revolutions with essays on important overarching themes Full of revealing insights compelling personalities and some of the most remarkable moments in the world's human drama Revolutionary Movements in World History offers a new way of looking at how societies reinvent themselves

The Moral and Religious Thought of Yi Hwang (Toegye) Edward Y. J. Chung,2021-10-31 This book presents Yi Hwang 1501-1570 better known by his pen name

Toegye Korea's most eminent Confucian philosopher It is a pioneering study of Toegye's moral and religious thought that discusses his holistic ideas and experiences as a scholar thinker and spiritual practitioner This study includes Toegye's major texts essays letters and biographies Edward Chung explains key concepts original quotations annotated notes and thought provoking comments to bring this monumental thinker and his work to life Chung also considers comparative and interreligious perspectives and their contemporary relevance By offering groundbreaking insights into Neo Confucianism this book sheds fresh light on the breadth and depth of Toegye's ethics and spirituality and is an important source for scholars and students in Korean and Confucian studies and comparative philosophy and religion *The Open Shelf* ,1929
