Political Thought Of Karl Popper

Philip Catton, Graham MacDonald

Political Thought Of Karl Popper:

The Political Thought of Karl Popper Jeremy Shearmur, 2002-09-11 The Political Thought of Karl Popper offers a controversial treatment of Popper's ideas about politics informed by Shearmur's personal knowledge of Popper together with research on unpublished material in the Popper archive at the Hoover Institute While sympathetic to Popper's overall approach Shearmur offers criticism of some of his ideas and suggests that political conclusions should be drawn from Popper's ideas which differ from Popper's own views Shearmur introduces Popper's political ideas by way of a discussion of their development which draws upon archive material He then offers a critical survey of some of the themes from his Open Society and Poverty of Historicism and discusses the political significance of some of his later philosophical ideas Wider themes within Popper's philosophy are drawn on to offer striking critical re-interpretations of his ethical ideas and social theory The book concludes with a discussion which suggests that Popper's views should have been closer to classical liberalism than they in fact were

An Introduction to the Thought of Karl Popper Roberta Corvi, 2005-08-04 This is a comprehensive introduction to the philosophical and political thought of Karl Popper now available in English It is divided into three parts the first part provides a biography of Popper the second part looks at his works and recurrent themes and the third part assesses his critics It was approved of by Popper himself as a sympathetic and comprehensive study and will be ideal to meet the increasing demand for a summary introduction to his work

The Cambridge Companion to Popper Jeremy Shearmur, Geoffrey Stokes, 2016-06-27 This is one of the most comprehensive collections of critical essays to be published on the philosophy of Karl Popper

Truth, Hope, and Power Douglas E. Williams, 1989

Karl Popper - The Formative Years, 1902-1945 Malachi Haim Hachoen, 2002-03-04 This 2001 biography reassesses philosopher Karl Popper's life and works within the context of interwar Vienna

Karl Popper: A Centenary Assessment Volume I Ian Charles Jarvie, Karl Milford, David W. Miller, 2006 Sir Karl Popper 1902-1994 is one of the most controversial and widely read philosophers of the 20th century His influence has been enormous in the fields of epistemology logic metaphysics methodology of science the philosophy of physics and biology political philosophy and the social sciences and his intellectual achievement has stimulated many scholars in a wide range of disciplines These three volumes of previously unpublished essays which originate in the congress Karl Popper 2002 held in Vienna to mark the centenary of Popper's birth provide an up to date examination of many aspects of Popper's life and thought Volume 1 discusses a variety of topics in Popper's early intellectual history and considers also some features of his remarkable influence outside philosophy The second part of the volume contains papers that from different political perspectives tackle problems raised by Popper's principal contribution to political theory democracy and community The Open Society and Its Enemies Volume 2 deals especially with Popper's metaphysics and epistemology including his proposal critical rationalism that it is through sharp criticism rather than through the provision of justification that our knowledge progresses Several papers tackle the problem of the empirical basis and offer decidedly different

answers to some unresolved questions The volume contains also a number of papers evaluating Popper's celebrated but much contested solution to Hume's problem of induction Volume 3 examines Popper's contribution to our understanding of logic mathematics physics biology and the social sciences from economics to education Among the topics covered are verisimilitude quantum and statistical physics the propensity interpretation of probability evolutionary epistemology the so called Positivusstreit Popper's critique of Marx and his defence of the rationality principle as a component of all social explanations

Karl Popper Phil Parvin, 2013-08-01 Volume 14 in the Major Conservative and Libertarian Thinkers series focuses on Karl Popper an important and controversial thinker of the 20th century

Karl Popper Philip Catton, Graham MacDonald, 2004-08-02 One of the most original thinkers of the century Karl Popper has inspired generations of philosophers historians and politicians This collection of papers specially written for this volume offers fresh philosophical examination of key themes in Popper's philosophy including philosophy of knowledge science and political philosophy Drawing from some of Popper's most important works contributors address his solution to the problem of induction his views on conventionalism and criticism in an open society and his unique position in 20th century philosophy They also examine the current relevance of Popper to understanding liberal democracy his critique of tribalism and his relationship with analytic philosophy in general and with Wittgenstein in particular as well as drawing on the studies of Isaac Newton and Albert Einstein to assess Popper's conception of science

The Open Society and Its Enemies Karl Popper, 2012-11-12 Popper is one of the twentieth century's towering and influential philosophical and intellectual figures widely read today This marks the first time The Open Society and Its Enemies has been published in a single paperback volume hardback version was published for the Popper Centenary in 2002 Features a preface by Vaclav Havel and a personal recollection on the story behind the book's publication by Ernst Gombrich The Open Society is one of the twentieth century's most important books both in its impact on European intellectual and political life and in its sales

Karl Popper: Politics and social science Anthony O'Hear, 2004 Born in Austria Karl Popper 1902-1994 was one of the dominant philosophical thinkers of the 20th century A ground breaking thinker he saw the essence of true science as being the readiness to submit theories to severe testing and to reject them when refuted by test His first major book in 1935 The Logic of Scientific Discovery marked him as a major analyst of science and was to have an enormous influence on the way people including major scientists came to think about the field This collection is a timely assessment of the reactions to and abiding influence of Popper's work and the controversy it caused across many academic and political fields The set includes early responses to Popper's work from sources difficult to obtain and also two early reviews by Carnap and Grelling in translations specially prepared for this set It is organised thematically and includes a substantial new introduction by the editor

Encyclopedia of Modern Political Thought (set) Gregory Claey's, 2013-08-20 This groundbreaking new work explores modern and contemporary political thought since 1750 looking at the thinkers concepts debates issues and national traditions that have shaped political thought from the Enlightenment to

post modernism and post structuralism Encyclopedia of Modern Political Thought is two volume A to Z reference that provides historical context to the philosophical issues and debates that have shaped attitudes toward democracy citizenship rights property duties justice equality community law power gender race and legitimacy over the last three centuries It profiles major and minor political thinkers and the national traditions both Western and non Western which continue to shape and divide political thought More than 200 scholars from leading international research institutions and organizations have provided signed entries that offer comprehensive coverage of Thought of regions and countries including African political thought American political thought Australasian political thought Australian and New Zealand Chinese political thought Indian political thought Islamic political Thought Japanese political thought and more Thought regarding contemporary issues such as abortion affirmative action animal rights European integration feminism humanitarian intervention international law race and racism and more The ideological spectrum from Marxism to neoconservatism including anarchism conservatism Darwinism and Social Darwinism Engels fascism the Frankfurt School Lenin and Leninism socialism and more Connections of political thought to key areas of politics and other disciplines such as economics psychology law and religion Notable time periods of political thought since 1750 Concepts including class democratic theory liberalism nationalism natural and human rights and theories of the state Theorists and political intellectuals both Western and non Western including John Adams Edmund Burke Mohandas Gandhi Immanuel Kant Ayatollah Khomeini Ernst Friedrich Schumacher George Washington and Mary Wollstonecraft *The Viennese Socrates* Philip Benesch, 2012 The Viennese Socrates Karl Popper and the Reconstruction of Progressive Politics examines Karl Popper's attempt to develop a political theory that draws upon Socratic fallibilism and commitment to ethical autonomy while preserving progressive sociological insights and commitment to activism Philip Benesch argues that Popper's critique of Marxist theory is largely an endeavor to separate its progressive activist core from its positivist and uncritical rationalist entanglements The author defends Popper against the charges of positivism and scientism leveled by the Frankfurt School among others Although he is in no sense an apologist for Popper's commentary on the classical tradition of philosophy Benesch contends that Popper's philosophical contribution is of classical breadth and significance and that it continues and advances the great conversation that is the substance of the classical tradition *After The Open Society* Karl Popper, 2014-05-01 In this long awaited volume Jeremy Shearmur and Piers Norris Turner bring to light Popper's most important unpublished and uncollected writings from the time of *The Open Society* until his death in 1994 *After The Open Society Selected Social and Political Writings* reveals the development of Popper's political and philosophical thought during and after the Second World War from his early socialism through to the radical humanitarianism of *The Open Society* The papers in this collection many of which are available here for the first time demonstrate the clarity and pertinence of Popper's thinking on such topics as religion history Plato and Aristotle while revealing a lifetime of unwavering political commitment *After The Open Society* illuminates the thought of one

of the twentieth century's greatest philosophers and is essential reading for anyone interested in the recent course of philosophy, politics, history, and society. **Popper's Legacy** Raphael Sassower, 2006-11-01 Karl Popper has had an extraordinary influence on scientific and social thought. Widely regarded as one of the greatest philosophers of science of the twentieth century, he was also a highly influential social and political philosopher, a proponent and defender of the open society. Popper's Legacy examines all aspects of his work, in particular his moral and psychological insights. **Karl Popper and the Social Sciences** William A. Gorton, 2012-02-01 This is the first book-length exploration of Karl Popper's often neglected contributions to the philosophy of social science. William A. Gorton situates Popper's ideas on social inquiry within the broader framework of his thought, including his philosophy of natural science, his ontological theories, and his political thought. Gorton places special attention on Popper's theory of situational analysis and how it aims to heighten our understanding of the social world by untangling the complex web of human interaction that produces unintended and often unwanted social phenomena. Situational analysis, Gorton contends, involves a significant departure from the method of the natural sciences. Despite Popper's plea for the unity of scientific method, Gorton also addresses some common misconceptions concerning Popper's stance toward economics and Marxism, making the provocative claim that contemporary analytical Marxism provides the best current example of Popperian social science put into practice. **A History of Political Thought** Bruce Haddock, 2005-09-16 Combines historical and theoretical analysis, setting political thought in the context of various frameworks of the modern world. From the impact of the French and American revolutions through reaction and constitutional consolidation, this book traces the contrasting criteria invoked to justify particular forms of political order from 1789. **European Political Thought, 1815-1989** Spencer M. Di Scala, 2019-03-08 This book presents an overview of European political thought from the fall of Napoleon Bonaparte in 1815 to the fall of the Berlin Wall in 1989, by placing the major ideas within their historical context, including discussions of major twentieth-century totalitarian movements. *The Structure of Karl Popper's Political Philosophy* S. W. Jacobs, 1978 *Karl Popper and Africa: Knowledge, Politics and Development* Oseni Taiwo Afisi, 2021-09-13 This book provides a diverse contextualization of Popper's critical rationalism concerning knowledge and his generalized attitude of criticism on appropriate social and political reforms in contemporary Africa. The book evaluates how best to address contemporary political problems, especially in politically very troubled parts of the world. To address these contemporary problems, especially as it relates to Africa, the authors found the political philosophy of Popper as suitable. The discussion of Popper's political philosophy engages us directly with all the particularities of socio-economic and political problems within contemporary Africa. In other words, it presents the truth of the present socio-political reality in Africa, where the question of what kinds of political ideas and concepts can be offered as appropriate to a political environment which so greatly faces facets of developmental issues. Although the issues and events that informed the writings of Popper's *The Poverty of Historicism* as well as *The Open Society and Its Enemies* were, among others, the rise of fascism

and communism in Europe the inventiveness of this work is how happily scholars in non liberal societies such as in Africa can pick up Popper's insights and usefully work with them to offer appropriate social reforms for their society This volume is a critical juxtaposition of Popper's ideas in a bid to make good sense of social and intellectual conditions in Africa particularly as it relates to the scale and speed of social change that is needed in most African nations that are often ridden by corruption The book is suitable for studies in political philosophy economic and development studies African Studies and Indigenous Knowledge systems

Popper's Open Society After Fifty Years Ian Jarvie, Sandra Pralong, 2005-08-12 Popper's Open Society After Fifty Years presents a coherent survey of the reception and influence of Karl Popper's masterpiece The Open Society and its Enemies over the fifty years since its publication in 1945 as well as applying some of its principles to the context of modern Eastern Europe This unique volume contains papers by many of Popper's contemporaries and friends including such luminaries as Ernst Gombrich in his paper The Open Society and its Enemies Remembering its Publication Fifty Years Ago

Yeah, reviewing a ebook **Political Thought Of Karl Popper** could be credited with your near friends listings. This is just one of the solutions for you to be successful. As understood, deed does not suggest that you have astonishing points.

Political Thought Of Karl Popper Introduction

In today's digital age, the availability of Political Thought Of Karl Popper books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Political Thought Of Karl Popper books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Political Thought Of Karl Popper books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Political Thought Of Karl Popper versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Political Thought Of Karl Popper books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Political Thought Of Karl Popper books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Political Thought Of Karl Popper books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them

invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Political Thought Of Karl Popper books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Political Thought Of Karl Popper books and manuals for download and embark on your journey of knowledge?
