**Meet the Candidate Videos** John Parmelee, 2003-03-30 Parmelee shows how presidential primary campaign videocassettes serve many functions for candidates on their road to the White House These videocassettes which include images and issues often based on polling data and focus groups are sent out before the primaries to battleground states to establish an initial image of the candidate A variety of methods are used to explore the videocassettes of the Democratic and Republican presidential candidates Gary Bauer Bill Bradley George W Bush Steve Forbes Al Gore and John McCain who released presidential primary meet the candidate videos during the 2000 race Frame analysis quantitative content analysis and in depth interviews with the producers of these videos were employed to provide answers to Parmelee's main research question What function do candidate videos serve in presidential primary campaigns Findings indicate that these videos which can run from 5 to 20 minutes in length serve a clear educational function to explain the candidates stand on key policy issues The videos which are mailed to voters journalists and potential donors and shown to Democratic and GOP faithful at party functions also serve as fundraisers surrogate speakers and inoculators But while the videos share some common functions each campaign targets its video to a slightly different audience based on the campaign's overall strategy Of particular interest to scholars students and other researchers involved with American presidential politics and political communications

**The White House Speaks** Craig A. Smith, Kathy B. Smith, 1994-04-11 This work treats presidential leadership as persuasive communication The major

theories of presidential leadership found in the literature establish the central role of persuasion and introduce the interpretive systems approach to political communication as a theoretical framework for the study of presidential leadership as persuasion Case studies examine recent presidents use of public persuasion to perform their leadership functions Particular attention is devoted to coalitional constraints on presidential pardoning rhetoric presidential leadership through the politics of division the political significance of conflicting political narratives the sermonic nature of much 20th century presidential discourse the difficulties inherent in persuading the public to make sacrifices and the dangers of relying too heavily on public rhetoric The concluding chapter considers the rhetoric that contributed to the demise of the Bush presidency the election of Bill Clinton and the challenges facing the Clinton presidency *Grim Fairy Tales* Lisa M. Gring-Pemle, 2003-12-30 Gring Pemle asserts that the role of language in shaping policy options is rarely studied and poorly understood She seeks to analyze congressional hearings and debates on welfare to understand the role of language in framing welfare policy and contemporary welfare discussions She reviews welfare history in the United States and provides a rhetorical analysis of welfare deliberations In the process she illustrates the significance of language and ideology in shaping American social policy outcomes Communication Yearbooks Vols 6-33 Set Various, 2021-12-02 The Communication Yearbook annuals originally published between 1977 and 2009 publish diverse state of the discipline literature reviews that advance knowledge and understanding of communication systems processes and impacts across the discipline Topics dealt with include Communication as Process Research Methodology in Communication Communication Effects Taxonomy of Communication and European Communication Theory Information Systems Division Mass Communication Research Mapping the Domain of Intercultural Communication Public Relations Feminist Scholarship Communication Law and Policy Visual Communication Communication and Cross Sex Friendships Across the Life Cycle Television Programming and Sex Stereotyping InterCultural Communication Training Leadership and Relationships Media Performance Assessment Cognitive Approaches to Communication Electronic Whistle-Stops Gary W. Selnow, 1998-03-25 Fifty years ago the political whistle stop tour was thus named because trains blew their whistles twice when making unscheduled stops in backwater towns Like its distant cousin the electronic whistle stop brings the candidate's message directly to the people but with one outstanding difference the new whistle stop offers politicians an accuracy efficiency and success at voter persuasion unimaginable to by earlier whistle stoppers such as Harry Truman As Selnow shows American political campaigns have an extraordinary affinity for electronic devices They have seized upon electronic bulletin boards home pages and electronic libraries Since political campaigns are communication campaigns Selnow concludes that candidates who successfully inform persuade enlighten and even confuse voters will win votes Selnow also examines the debate between those who argue that new technologies have improved efficiency and those who believe that the innovations have affected society in other ways Scholars and students of American political communication must read this book the lively style will also make it exciting reading for anyone interested

in this new political tool      **Setting the Agenda** Maxwell McCombs, 2013-04-24 Setting the Agenda describes the mass media's significant and sometimes controversial role in determining which topics are at the centre of public attention and action. Although Walter Lippman captured the essence of the media's powerful influence early in the last century with his phrase 'the world outside and the pictures in our heads', a detailed empirical elaboration of this agenda-setting role of the mass media did not begin until the final quarter of the 20th century. In this comprehensive book, Maxwell McCombs, one of the founding fathers of the agenda-setting tradition of research, synthesizes the hundreds of scientific studies carried out on this central role of the mass media in the shaping of public opinion. Across the world, the mass media strongly influences what the pictures of public affairs in our heads are about. The mass media also influences the very details of those pictures. In addition to describing this media influence on what we think about and how we think about it, Setting the Agenda also discusses the sources of these media agendas, the psychological explanation for their impact on the public agenda, and the subsequent consequences for attitudes, opinions, and behaviour.

McLaughlin, 2011-10-25 First published in 2012, Routledge is an imprint of Taylor & Francis, an informa company.      Emerging Media Xigen Li, 2015-12-07 Emerging Media provides an understanding of media use in the expanding digital age and fills the void of existing literature in exploring the emerging new media use as a dynamic communication process in cyberspace. It addresses emerging media dynamics during the second decade of online communication, the Web 2.0 era, after Mosaic and Netscape. The current status of emerging media development calls for extended exploration of how emerging media are used in different patterns and contexts, and this volume answers that call. It is a comprehensive examination of emerging media evolution and concurrent social interaction. This collection provides a comprehensive analysis of digital media use and online communication with empirical data. Contains both theoretical and empirical studies which not only test communication and related theories in the age of digital media but also provide new insights into important issues in digital media use and online communication with significant theoretical advances. Spotlights studies that use a variety of research methods and approaches including surveys, content analysis, and experiments. **Public Opinion, the Press, and Public Policy** J. David Kenner, 1994-09-30 This contributor's volume examines the ways in which public opinion affects public policy via the news media. Insofar as the media represent or characterize the public, they represent or frame policy questions and decisions. They convey accurately or inaccurately the overall climate of public opinion to policymakers and are themselves used as evidence of public opinion by policymakers. This work draws together theory and original research concerning the role of the press in shaping public policy and links the fields of journalism, mass communications, and political science. This work will be of interest to scholars and practitioners in
