Lefkowitz**

## **Political Dissent In Democratic Athens Intellectual Critics Of Popular Rule:**

*Political Dissent in Democratic Athens* Josiah Ober, 2011-11-28 How and why did the Western tradition of political theorizing arise in Athens during the late fifth and fourth centuries B C By interweaving intellectual history with political philosophy and literary analysis Josiah Ober argues that the tradition originated in a high stakes debate about democracy Since elite Greek intellectuals tended to assume that ordinary men were incapable of ruling themselves the longevity and resilience of Athenian popular rule presented a problem how to explain the apparent success of a regime irrationally based on the inherent wisdom and practical efficacy of decisions made by non elite citizens The problem became acute after two oligarchic coups d tat in the late fifth century B C The generosity and statesmanship that democrats showed after regaining political power contrasted starkly with the oligarchs violence and corruption Since it was no longer self evident that better men meant better government critics of democracy sought new arguments to explain the relationship among politics ethics and morality Ober offers fresh readings of the political works of Thucydides Plato and Aristotle among others by placing them in the context of a competitive community of dissident writers These thinkers struggled against both democratic ideology and intellectual rivals to articulate the best and most influential criticism of popular rule The competitive Athenian environment stimulated a century of brilliant literary and conceptual innovation Through Ober s re creation of an ancient intellectual milieu early Western political thought emerges not just as a footnote to Plato but as a dissident commentary on the first Western democracy

**Rethinking Rhetorical Theory, Criticism, and Pedagogy** Antonio de Velasco, John Angus Campbell, David Henry, 2016-10-01 What distinguishes the study of rhetoric from other pursuits in the liberal arts From what realms of human existence and expression of human history does such study draw its defining character What in the end should be the purposes of rhetorical inquiry And amid so many competing accounts of discourse power and judgment in the contemporary world how might scholars achieve these purposes through the attitudes and strategies that animate their work *Rethinking Rhetorical Theory Criticism and Pedagogy The Living Art of Michael C Leff* offers answers to these questions by introducing the central insights of one of the most innovative and prolific rhetoricians of the twentieth century Michael C Leff This volume charts Leff s decades long development as a scholar revealing both the variety of topics and the approach that marked his oeuvre as well as his long standing critique of the disciplinary assumptions of classical Hellenistic renaissance modern and postmodern rhetoric *Rethinking Rhetorical Theory Criticism and Pedagogy* includes a synoptic introduction to the evolution of Leff s thought from his time as a graduate student in the late 1960s to his death in 2010 as well as specific commentary on twenty four of his most illuminating essays and lectures

*The Athenian Revolution* Josiah Ober, 1999-01-03 Eleven essays on Athenian democracy written and published between 1983 and 1993

*The Revolution to Come* Dan Edelstein, 2025-04-15 How an event once considered the greatest of all political dangers came to be seen as a solution to all social problems Political thinkers from Plato to John Adams saw revolutions as a grave threat to society and advocated for a

constitution that prevented them by balancing social interests and forms of government The Revolution to Come traces how evolving conceptions of history ushered in a faith in the power of revolution to create more just and reasonable societies Taking readers from Greek antiquity to Leninist Russia Dan Edelstein describes how classical philosophers viewed history as chaotic and directionless and sought to keep historical change especially revolutions at bay This conception prevailed until the eighteenth century when Enlightenment thinkers conceived of history as a form of progress and of revolution as its catalyst These ideas were put to the test during the French Revolution and came to define revolutions well into the twentieth century Edelstein demonstrates how the coming of the revolution leaves societies divided over its goals giving rise to new forms of violence in which rivals are targeted as counterrevolutionaries A panoramic work of intellectual history The Revolution to Come challenges us to reflect on the aims and consequences of revolution and to balance the value of stability over the hope for change in our own moment of fear and upheaval *Mass and Elite in the Greek and Roman Worlds*

Richard Evans, 2017-02-10 This volume has its origin in the 14th University of South Africa Classics Colloquium in which the topic and title of the event were inspired by Josiah Ober's seminal work *Mass and Elite in Democratic Athens* 1989 Indeed the influence this work has had on later research in all aspects of the Greek and Roman world is reflected by the diversity of the papers collected here which take their cue and starting point from the argument that in Ober's words 1989 338 Rhetorical communication between masses and elites was a primary means by which the strategic ends of social stability and political order were achieved However the contributors to the volume have also sought to build further on such conclusions and to offer new perceptions about a spread of issues affecting mass and elite interaction in a far wider number of locations around the ancient Mediterranean over a much longer chronological span Thus the conclusions here suggest that once the concept of mass and elite was established in the minds of Greeks and later Romans it became a universal component of political life and from there was easily transferred to economic activity or religion In casting the net beyond the confines of Athens although the city is also represented here to amongst others Syracuse the cities of Asia Minor Pompeii and Rome and to literary and philosophical discourse in each instance that interplay between the wider body of the community and the hierarchically privileged can be shown to have governed and directed the thoughts and actions of the participants

Ancient Greece Thomas R. Martin, 2008-10-01 In this compact yet comprehensive history of ancient Greece Thomas R. Martin brings alive Greek civilization from its Stone Age roots to the fourth century B.C. Focusing on the development of the Greek city state and the society culture and architecture of Athens in its Golden Age Martin integrates political military social and cultural history in a book that will appeal to students and general readers alike This edition has been updated with new suggested readings and illustrations **Utopias in Ancient Thought** Pierre Destrée, Jan Opsomer, Geert

Roskam, 2021-08-23 This collection deals with utopias in the Greek and Roman worlds Plato is the first and foremost name that comes to mind and accordingly 3 chapters J. Annas, D. El Murr, A. Hazistavrou are devoted to his various approaches to

utopia in the Republic Timaeus and Laws But this volume's central vocation and originality comes from our taking on that theme in many other philosophical authors and literary genres The philosophers include Aristotle Ch Horn but also Cynics S Husson Stoics G Reydam's Schils and Cicero S McConnell Other literary genres include comedic works from Aristophanes up to Lucian G Sissa S Kidd N I Kuin and history from Herodotus up to Diodorus Siculus T Lockwood C Atack I Sulimani A last comparative chapter is devoted to utopias in Ancient China D Engels

Anti-democracy in England, 1570-1642 Cesare Cuttica, 2022 Anti democracy in England 1570 1642 is a detailed study of anti democratic ideas in early modern England By examining the rich variety of debates about democracy that took place between 1570 and 1642 it shows the key importance anti democratic language held in the late Tudor and early Stuart periods In particular it argues that anti democratic critiques were addressed at popular government as a regime that empowered directly and fully the irrational uneducated dangerous commonalty it explains why and how criticism of democracy was articulated in the contexts here under scrutiny and it demonstrates that the early modern era is far more relevant to the development of democratic concepts and practices than has hitherto been acknowledged The study of anti democracy is carried out through a close textual analysis of sources often neglected in the history of political thought and by way of a contextual approach to Elizabethan Jacobean and Caroline history Most importantly the study re evaluates the role of religion and cultural factors in the history of democracy and of political ideas more generally The point of departure is at a time when the establishment and Presbyterians were at loggerheads on pivotal politico ecclesiastical and theoretical matters the end coincides with the eruption of the Civil Wars Cesare Cuttica not only places the unexplored issue of anti democracy at the centre of historiographical work on early modern England but also offers a novel analysis of a precious portion of Western political reflection and an ideal platform to discuss the legacy of principles that are still fundamental today

*Vico and the Transformation of Rhetoric in Early Modern Europe* David L. Marshall, 2010-03-31 Considered the most original thinker in the Italian philosophical tradition Giambattista Vico has been the object of much scholarly attention but little consensus In this new interpretation David L Marshall examines the entirety of Vico's oeuvre and situates him in the political context of early modern Naples Marshall presents Vico's work as an effort to resolve a contradiction As a professor of rhetoric at the University of Naples Vico had a deep investment in the explanatory power of classical rhetorical thought especially that of Aristotle Cicero and Quintilian Yet as a historian of the failure of Naples as a self determining political community he had no illusions about the possibility or worth of democratic and republican systems of government in the post classical world As Marshall demonstrates by jettisoning the assumption that rhetoric only illuminates direct face to face interactions between orator and auditor Vico reinvented rhetoric for a modern world in which the Greek polis and the Roman res publica are no longer paradigmatic for political thought

*Brill's Companion to Thucydides* Antonis Tsakmakis, Antonios Rengakos, 2006-09-30 This volume on Thucydides the most important historian of the ancient world comprises articles by thirty leading international scholars The contributions cover a

wide range of issues including Thucydides life intellectual milieu and predecessors Thucydides and the act of writing his rhetoric historical method and narrative techniques narrative unity in the History the speeches Thucydides reliability as a historian and his legacy through the centuries Other topics dealt with include warfare religion individuals democracy and oligarchy the invention of political science Thucydides and Athens Sparta Macedonia Thrace Sicily South Italy Persia and the Argives The volume aims to provide a survey of current trends in Thucydidean studies which will be of interest to all students of ancient history Brill's Companion to Thucydides was awarded Choice Outstanding Academic Title 2007

**Sex and the Second-Best City** Kenneth Royce Moore, 2005-07-19 Sex and the Second Best City deals with the topics of sex and society in the Laws of Plato with recourse to historical context and modern critical theory It examines reconstructions of ancient sexuality with a view to increased clarification The text of the Laws is considered along with many of its literary qualities its influences and the utopian plan that it proposes

**A Companion to Aristophanes** Matthew C. Farmer, Jeremy B. Lefkowitz, 2024-03-01 Provides a comprehensive and systematic treatment of the life and work of Aristophanes A Companion to Aristophanes provides an invaluable set of foundational resources for undergraduates graduate students and scholars alike More than a basic reference text this innovative volume situates each of Aristophanes surviving plays within discussion of key themes relevant to the study of the Aristophanic corpus Throughout the Companion an international panel of contributors incorporates material culture and performance context offers methodological and theoretical insights into the study of Aristophanes demonstrates the relevance of Aristophanes to modern life and more Each chapter focused on a particular play is paired with a theme that is exemplified by that play such as gender sexuality religion ritual and satire With an emphasis on understanding Greek comedy and its ancient Athenian context the text includes approaches to Aristophanes through criticism performance translation and teaching to encourage and inform future work on Greek comedy Illustrating the vitality of contemporary engagement with one of the world's great literary figures this comprehensive volume Helps new readers and teachers of Aristophanes appreciate the broader importance of each play within the study of antiquity Offers sophisticated analyses of the Aristophanic corpus and its place in literary and cultural history Includes chapters focused on teaching Aristophanes including one emphasizing performance Provides detailed syllabi and lesson plans for integrating the material into high school and college curricula A Companion to Aristophanes is an essential resource for advanced students and instructors in Classics Ancient Literature Comparative Literature and Ancient Drama and Theater It is also a must have reference for academic scholars university libraries non specialist Classicists and other literary critics researching ancient drama and sophisticated general readers interested in Aristophanes Greek drama classical Athens or the ancient Mediterranean world

Plato's Beautiful City and the Essence of Politics Scott John Hammond, 2020-06-22 This inquiry attempts to probe the essence of politics in itself something that has been singularly discerned by Plato in Republic grounded in his theory of universal forms and gradually but fully developed through a consideration of the elements of the City in

Speech Those elements and the ideal city itself as envisioned in Republic are immanent within the Second Best City of the Laws even though presented in a modified way Plato's Statesman will also be discussed as a means to further illustrate Plato's commitment to the principles conveyed in Republic This project rests on the premise that Plato's intelligible city is genuinely intended to convey Plato's full understanding of the real essence of the polis not simply the arena of political behavior and governance as we have come to know it but the essence of what politics universally means and what a political community should objectively seek

**John Adams's Republic** Richard Alan Ryerson, 2016-09-15 VIII Redefining the Republican Tradition 1784 1787 IX John Adams's Republic in Republican America 1787 1800 X A Retrospective Retirement 1801 1826 Conclusion Memory and Desire in America's Republican Revolution Notes An Essay on Sources A Chronology of John Adams's Political Study and Writings Index A B C D E F G H I J K L M N O P Q R S T U V W X Z *Capitalism, Democracy and the Prevention of War and Poverty* Peter Graeff, Guido Mehlkop, 2008-11-20 For a very large part of the world's population poverty and war are still part of everyday life Drawing on insights from several disciplines this book attempts to find scientific answers to explain the relationship between conflict and poverty This interdisciplinary volume brings together a range of arguments that synthesize both democratic and capitalist peace theory Supported by a large body of research contributors contend that nations with institutions that maximize individual political and civil rights minimize the probability of fighting each other The volume includes contributors from leading and award winning scholars in the field including Bruce Russett and Erik Gartzke topics such as democratization and economic development situated within the broader contexts of globalization and modernization contributions supported by empirical analyses systematizing democratic and capitalist peace theories This book will be vital reading for students and scholars of International Relations and globalization and also for a broader range of subjects including sociology political science and economics

**An Introduction to the Ancient World** Lukas de Blois, R.J. van der Spek, 2008-10-24 Integrating the results of scholarly work from the past decade the authors of An Introduction to the Ancient World Lukas de Blois and R.J. van der Spek have fully updated and revised all sixteen chapters of this best selling introductory textbook Covering the history and culture of the ancient Near East Greece and Rome within the framework of a short narrative history of events this book offers an easily readable integrated overview for students of history classics archaeology and philosophy whether at college at undergraduate level or among the wider reading public This revised second edition offers a new section on early Christianity and more specific information on the religions economies and societies of the ancient Near East There is extended coverage of Greek Macedonian and Near Eastern history of the fourth to second centuries BC and the history of the Late Roman Republic The consequences of Julius Caesar's violent death are covered in more detail as are the history and society of Imperial Rome This new edition is comprehensive covers 3 000 years of ancient history and provides the basis for a typical one semester course lavishly illustrated contains maps line drawings and plates to support and supplement the text with updated captions clearly and concisely written two established

and respected university teachers with thirty years experience in the subject areas well organized traces the broad outline of political history but also concentrates on particular topics user friendly includes chapter menus an extensive and expanded bibliography organized by subject area and three appendices an improved introduction and the addition of an epilogue

Lessons from the Past Frances Anne Pownall, 2010-02-09 Deepens our understanding of the Greek tendency to view the past as a source for contemporary moral lessons      Ancient Greek History and Contemporary Social Science Mirko Canevaro, 2018-06-06 The first full length academic study to deal exclusively with female stardom in British cinema      **A Companion to Ancient Greek Government** Hans Beck, 2013-01-22 This comprehensive volume details the variety of constitutions and types of governing bodies in the ancient Greek world A collection of original scholarship on ancient Greek governing structures and institutions Explores the multiple manifestations of state action throughout the Greek world Discusses the evolution of government from the Archaic Age to the Hellenistic period ancient typologies of government its various branches principles and procedures and realms of governance Creates a unique synthesis on the spatial and memorial connotations of government by combining the latest institutional research with more recent trends in cultural scholarship      *Xenophon and the Athenian Democracy* Matthew R. Christ, 2020-09-03 Examines how Xenophon instructs his elite readers concerning the values and skills needed to lead the Athenian democracy
