Evans, Pauline Kerr**

Political Economics Of North American Free Trade:

The Political Economy of North American Free Trade Ricardo Grinspun, Maxwell A. Cameron, 1993-06-18 Analyzes the economic social political and environmental implications of NAFTA from a range of critical perspectives The chapters unified by a sceptical view of the management of economic integration in North America cover the economic strategy of Mexico Canada US trade agreement and more The Political Economy of a North American Free Trade Agreement Alan Reynolds, 1992 **NAFTA Now!** Brenda M. McPhail, 1995 This collection of nine essays includes works by noted authorities in the fields of academia business and government They analyze the agreement and its political economic and socio cultural effects Each author draws on a unique background with authors coming from the United States Mexico and Canada The collection includes views from both supporters and critics of the agreement The NAFTA has provoked much debate and raised many difficult questions While there are no easy answers to these questions these engaging essays provide us with a coherent and comprehensive perspective to help the reader become better informed Co published with the Harvard Center for International Studies Contributors Brenda McPhail Sidney Weintraub Virginia Druhe Remi L Wrona Neil Nevitte Miguel Basanez Elaine Bernard Mildred A Schwartz Christopher Gutierrez Daniel Duke McVey North American Free Trade Agreement--Mexico's Political and Legal Environment for Doing Business United States. Congress. House. Committee on Small Business, 1993 **The Political Economy of American Trade Policy** Anne O. Krueger, 2007-12-01 Exploring the political and economic determinants of trade protection this study provides a wealth of information on key American industries and documents the process of seeking and conferring protection Eight analytical histories of the automobile steel semiconductor lumber wheat and textile and apparel industries demonstrate that trade barriers rarely have unequivocal benefits and may be counterproductive They show that criteria for awarding protection do not take into account the interests of consumers or other industries and that political influence and an organized lobby are major sources of protection Based on these findings a final essay suggests that current policy fails to consider adequately economic efficiency the public good and indirect negative effects This volume will interest scholars in economics business and public policy who deal with trade issues *The Political Economy of Trade Protection* Anne O. Krueger, 2007-12-01 This clear concise summary of the in depth analyses presented in *The Political Economy of American Trade Policy* examines the level form and evolution of American trade protection In case studies of trade barriers imposed during the 1980s to help the steel semiconductor automobile lumber wheat and textile and apparel industries the contributors trace the evolution of efforts to obtain protection protectionist measures and their results A chapter assessing the common themes that emerge from the studies concludes that the focus of current trade law is exclusively on the individual protection seeking industries with little regard for indirect effects on using industries or for consumers Reform could usefully take these effects into account This volume will interest policymakers business executives and anyone interested in trade policy formulation and practice North American Free

Trade Agreement Khosrow Fatemi,1993-10-15 This book is a collection of timely and detailed articles on the North American Free Trade Agreement written by experts in the field who examine the Canadian US and Mexican points of view The scholars provide an overview as well as their insights of how NAFTA impacts on macroeconomic issues national perspectives and bilateral issues cross border and industry specific issues and the environment This book serves as an excellent primary source of information on many of the significant aspects of NAFTA *Global Political Economy* Theodore H.

Cohn,2015-08-07 Praised for its authoritative coverage *Global Political Economy* places the study of IPE in its broadest theoretical context This text not only helps students understand the fundamentals of how the global economy works but also encourages them to use theory to more fully grasp the connections between key issue areas like trade and development Written by a leading IPE scholar *Global Political Economy* equally emphasizes theory and practice to provide a framework for analyzing current events and long term developments in the global economy North American Free Trade Nora Claudia

Lustig,Barry P. Bosworth,Robert Z. Lawrence,2010-12-01 The proposed North American Free Trade Agreement NAFTA represents a historic change in relations among Canada Mexico and the United States The effect of the agreement on the three economies has generated controversy and some degree of alarm within each country In this book noted trade and development experts review the available literature on the effects of NAFTA on the three member countries and the world trading system They evaluate how NAFTA will affect areas such as economic growth employment income distribution industry and agriculture in Canada Mexico and the United States and consider the significance the trade agreement holds for the rest of the world Drusill K Brown begins the discussion by providing an overview and comparison of the general results from recent studies Ra l Hinojosa Ojeda and Sherman Robinson explore in greater detail the potential effects of NAFTA on wages and employment in Mexico and the United States Sidney Wintrab reviews industry specific effects of NAFTA in particular the environment the social agenda and human rights and democracy Finally Carlos Alberto Primo Braga considers the implications of NAFTA on the rest of the world Following each of these chapters international scholars assess the alternatives and provide recommendations for future research **Handbook of International Trade Agreements** Robert

E. Looney,2018-10-03 International trade has for decades been central to economic growth and improved standards of living for nations and regions worldwide For most of the advanced countries trade has raised standards of living while for most emerging economies growth did not begin until their integration into the global economy The economic explanation is simple international trade facilitates specialization increased efficiency and improved productivity to an extent impossible in closed economies However recent years have seen a significant slowdown in global trade and the global system has increasingly come under attack from politicians on the right and on the left The benefits of open markets the continuation of international co operation and the usefulness of multilateral institutions such as the World Trade Organization WTO the International Monetary Fund and the World Bank have all been called into question While globalization has had a broadly positive effect on

overall global welfare it has also been perceived by the public as damaging communities and social classes in the industrialized world spawning for example Brexit and the US exit from the Trans Pacific Partnership The purpose of this volume is to examine international and regional preferential trade agreements PTAs which offer like minded countries a possible means to continue receiving the benefits of economic liberalization and expanded trade What are the strengths and weaknesses of such agreements and how can they sustain growth and prosperity for their members in an ever challenging global economic environment The Handbook is divided into two parts The first Global Themes offers analysis of issues including the WTO trade agreements and economic development intellectual property rights security and environmental issues and PTAs and developing countries The second part examines regional and country specific agreements and issues including NAFTA CARICOM CETA the Pacific Alliance the European Union EFTA ECOWAS SADC TTIP RCEP and the TPP now the CPTPP as well as the policies of countries such as Japan and Australia

Pacific Cooperation John Ravenhill, Vinod Aggarwal, Paul M Evans, Pauline Kerr, 2019-06-20 Long divided by cultural economic and political differences the Asia Pacific region has little history of multilateral cooperation Alliances that once linked individual countries with one or the other superpower fostered deep mistrust among neighbouring states The end of the Cold War however has created new opportunities for multilateral coo

Just a Number Anne-Marie Mooney Cotter, 2016-04-22 Whilst workers organizations and third party analysts around the world commonly cite age as the most prevalent form of discrimination in the workplace age discrimination has not had the same high profile as discrimination on grounds of sex or race This book allows readers to better understand the issue of ageism and inequality It examines the primary role of legislation and court process in combating age discrimination at both national and international levels Including the role of NAFTA and the EU in this respect it also provides a detailed examination of the relationship between age issues and the law and will be an important resource for those involved in age discrimination and elder rights

Issues and Agents in International Political Economy Benjamin J. Cohen, Charles Lipson, 1999 This is the second of two anthologies on international political economy drawn from articles published in the journal International Organization The book is organized into four sections Trade Multinational Firms and Globalization Money and Finance and Emerging Issues

North American Regionalism and Global Spread I. Hussain, R. Dominguez, 2015-02-19 Was the 1993 North American Free Trade Agreement NAFTA designed as a definitive trade agreement or as a stepping stone This book reviews NAFTA s performances on trade investment intellectual property rights dispute settlement as well as environmental and labor side agreements within a theoretical construct

Risking Free Trade Michael Lusztig, 2010-11-23 There are few issues as politically explosive as the liberalization of trade as recent controversies in the United States Canada and Mexico have shown While loosening trade restrictions may make sense for a nation s economy as a whole it typically alienates powerful vested interests Those interests can exact severe political costs for the government that enacts change So why accept the risk Michael Lusztig constructs a model to determine why and

under what conditions governments will take the free trade gamble Lutz uses his model to explain shifts to free trade in four cases Britain's repeal of the Corn Laws the United States enactment of the Reciprocal Trade Agreements Act 1934 Canada's decision to initiate continental free trade with the United States in 1985 and Mexico's decision to pursue the North American Free Trade Agreement NAFTA in 1990 *The Employment Effects of the North American Free Trade Agreement* United States. National Commission for Employment Policy, 1992 Scottish psychiatrist R D Laing gained a reputation in the late 60s for his radical objection to conventional psychiatry After 35 years of professional practice he agreed to be videotaped in public lectures and private conversations The North American Idea Robert A. Pastor, 2011-07-21 In its first seven years the North American Free Trade Agreement NAFTA tripled trade and quintupled foreign investment among the U S Mexico and Canada increasing its share of the world economy In 2001 however North America peaked Since then trade has slowed among the three manufacturing has shrunk and illegal migration and drug related violence have soared At the same time Europe caught up and China leaped ahead In *The North American Idea* eminent scholar and policymaker Robert A Pastor explains that NAFTA's mandate was too limited to address the new North American agenda Instead of offering bold initiatives like a customs union to expand trade leaders of the three nations thought small Interest groups stalemated the small ideas while inhibiting the bolder proposals and the governments accomplished almost nothing To overcome this resistance and reinvigorate the continent the leaders need to start with an idea based on a principle of interdependence Pastor shows how this idea once woven into the national consciousness of the three countries could mobilize public support for continental solutions to problems like infrastructure and immigration that have confounded each nation working on its own Providing essential historical context and challenging readers to view the continent in a new way *The North American Idea* combines an expansive vision with a detailed blueprint for a more integrated dynamic and equitable North America

The Political Economy of the Western Hemisphere, 1981 *The Political Economy of Globalization* Satya Dev Gupta, 2012-12-06 Globalization is transforming the world at an accelerated pace Integration of the world continues widening and intensifying international linkages in economic political and social relations Liberalization of trade and finance lubricated by revolutionary changes in information technology has resulted in significant economic growth at the global level On the other hand the process of globalization is changing the nature of production relations threatening the traditional roles of the nation state and carrying with it far reaching implications for sustainable growth development and the environment Although both developed and developing countries are actively participating in this saga of globalization nearly ninety countries as the United Nations Human Development Report 1996 indicates are worse off economically than they were ten years ago leading to global polarization between haves and have nots The report further indicates that the gap between the per capita incomes of the industrialized world and the developing countries far from narrowing has more than tripled during the last thirty years Further a majority of the countries benefitting from this globalization drive have seen a rise in inequality and poverty This

failure of market driven globalization to reward the benefits equitably led the United Nations to proclaim 1996 as the International Year for the Eradication of Poverty IYEP and the decade of 1997 2006 as the international decade for the eradication of poverty and to promote people centered sustainable development

Frontiers in Applied General Equilibrium Modeling Timothy J. Kehoe,T. N. Srinivasan,John Whalley,2005-01-17 This 2005 volume brings together twelve papers by many of the most prominent applied general equilibrium modelers honoring Herbert Scarf the father of equilibrium computation in economics It deals with developments in applied general equilibrium a field which has broadened greatly since the 1980s The contributors discuss some traditional as well as some modern topics in the field including non convexities in economy wide models tax policy developmental modeling and energy modeling The book also covers a range of distinct approaches conceptual issues and computational algorithms such as calibration and areas of application such as macroeconomics of real business cycles and finance An introductory chapter written by the editors maps out issues and scenarios for the future evolution of applied general equilibrium

Political Economics Of North American Free Trade Introduction

In today's digital age, the availability of Political Economics Of North American Free Trade books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Political Economics Of North American Free Trade books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Political Economics Of North American Free Trade books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Political Economics Of North American Free Trade versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Political Economics Of North American Free Trade books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Political Economics Of North American Free Trade books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project

Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Political Economics Of North American Free Trade books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Political Economics Of North American Free Trade books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Political Economics Of North American Free Trade books and manuals for download and embark on your journey of knowledge?
