Political Economy Of Reproduction In Japan:

The Political Economy of Reproduction in Japan Takeda Hiroko, 2004-09-23 This book analyzes the political economy of reproduction and its role in the process of Japanese modernization Hiroko analyzes state attempts and policies to intervene into women's bodies and everyday lives to integrate them into the Japanese political economy Based on Foucault's concept of governmentality the author develops a model to assess reproduction in three forms economic biological and socio-political from 1868 until the present day *The Political Economy of Reproduction in Japan* Hiroko Takeda, 2005 This new work analyzes the political economy of reproduction and its role in the process of Japanese modernization *The Political Economy of Reproduction in Japan from the 1870s to 1970s* Hiroko Takeda, 2001 [The Political Economy of Japanese Globalisation](#) Harukiyo Hasegawa, Glenn D. Hook, 2004-08-02 The Political Economy of Japanese Globalisation reveals the key dimensions of Japanese globalisation today by analysing both its inward and outward manifestations This is the first book to examine fully the issue of globalisation in relation to Japan Organised in three parts The Political Economy of Japanese Globalisation reveals the meanings and implications of the study of Japan's globalization in the context of ongoing debates about globalisation in general The book demonstrates how despite the passing of the Japanese model Japan can still provide significant insights into the meaning of this phenomenon The first part of the book examines globalization in politics and international relations Japan's particular position in globalization its recent role in the East Asian political economy and the relative identities of Japan and Europe Part two looks at the economy and business at the heart of Japanese globalization Japan's globalization in Asia as part of oriental capitalism its recent financial reforms the US globalization in Japan Japan's impact on Germany and the meaning of Japanization and globalization The third part of the book assesses the social issues in Japan in the context of globalization highlighting the positive political impact of globalization seen in the way externally generated pressures have brought into focus universal values such as citizenship human rights and democracy Providing a clear analysis of the political economy of Japanese globalization in one volume The Political Economy of Japanese Globalization is a major resource for postgraduates and researchers in Japanese studies Asian studies international relations international political economy as well as for all those dealing with Japan professionally [The Great Transformation of Japanese Capitalism](#) Sébastien Lechevalier, 2014-02-05 In the 1980s the performance of Japan's economy was an international success story and led many economists to suggest that the 1990s would be a Japanese decade Today however the dominant view is that Japan is inescapably on a downward slope Rather than focusing on the evolution of the performance of Japanese capitalism this book reflects on the changes that it has experienced over the past 30 years and presents a comprehensive analysis of the great transformation of Japanese capitalism from the heights of the 1980s through the lost decades of the 1990s and well into the 21st century This book posits an alternative analysis of the Japanese economic trajectory since the early 1980s and argues that whereas policies inspired by neo liberalism have been presented as a

solution to the Japanese crisis these policies have in fact been one of the causes of the problems that Japan has faced over the past 30 years Crucially this book seeks to understand the institutional and organisational changes that have characterised Japanese capitalism since the 1980s and to highlight in comparative perspective with reference to the neo liberal moment the nature of the transformation of Japanese capitalism Indeed the arguments presented in this book go well beyond Japan itself and examine the diversity of capitalism notably in continental Europe which has experienced problems that in many ways are also comparable to those of Japan The Great Transformation of Japanese Capitalism will appeal to students and scholars of both Japanese politics and economics as well as those interested in comparative political economy **The Oxford**

Handbook of Japanese Politics Robert Pekkanen, Saadia M. Pekkanen, 2021-10-25 Book Abstract and Keywords The study of Japanese politics has flourished over the past several decades This Handbook provides a state of the field overview for students and researchers of Japanese The volume also serves to introduce Japanese politics to readers less familiar with Japan In addition the volume has a theme of evaluating Japan's democracy Taken as a whole the volume provides a positive evaluation of the state of Japan's democracy The volume is divided into two parts roughly corresponding to domestic Japanese politics and Japan's international politics Within the domestic politics part there are four distinct sections Domestic Political Actors and Institutions covering the Japanese Constitution electoral systems prime minister Diet bureaucracy judiciary and local government Political Parties and Coalitions covering the Liberal Democratic Party coalition government Komeito and the political opposition Policymaking and the Public covering the policymaking process public opinion civil society and populism and Political Economy and Social Policy covering industrial energy social welfare agricultural monetary and immigration policies as well as social inequality In the international relations part there are four sections International Relations Frameworks covering grand strategy international organizations and international status International Political Economy covering trade finance foreign direct investment the environment economic regionalism and the linkage between security and economics International Security covering remilitarization global and regional security multilateralism nuclear nonproliferation naval power space security and cybersecurity and Foreign Relations covering Japan's relations with the United States China South Korea ASEAN India the European Union and Russia Keywords international relations comparative politics democracy international order alliances space security elections Liberal Democratic Party multilateralism remilitarization international organizations populism civil society coalitions political parties trade finance monetary policy foreign direct investment cybersecurity **The Political Economy of Japanese Society: The state of the market?** Junji

Banno, 1997 Until recently many Japanese believed that they lived in the richest country in the world and in the early 1990s they welcomed the end of one party dominance However by the middle of the 1990s many Japanese are no longer confident in their economy nor optimistic in their politics This authoritative study analyses various aspects of Japanese society and economy in order to provide a balanced view between the optimism of the 1980s and the pessimism characteristic of more

recent years The Political Economy of Japanese Society is a revision and translation of a multidisciplinary research project carried out by the Institute of Social Science at the University of Tokyo Beginning with the late nineteenth century it examines the historical developments of Japan s contemporary political economy paying particular attention to the changes that have occurred from below Social actors who have often been given peripheral treatment such as opposition parties the aged female and foreign workers are brought to the forefront of the analysis alongside those considered more mainstream such as the governing party large corporations and labour unions The Japanese political economy of the 1980s and 90s has had a strong impact on the global economy and this book also analyses selective influences on the outside world in particular on other Asian nations and the USA Volume 1 analyses the structures of the Japanese political economy which encouraged continuous economic growth in the period from 1955 to 1990 focusing on such phenomena as Japanese political management the Japanese employment system and one party dominance in politics Volume 2 examines some of the problems inherited from this period of dramatic economic growth

Globalisation and Women in the Japanese Workforce Beverley Bishop,2004-12-15 This book contributes to the debate about the impact of globalisation upon women and examines the impact of restructuring upon women s employment in Japan

[The Making of Japanese Settler Colonialism](#) Sidney Xu Lu,2019-07-25 Shows how Japanese anxiety about overpopulation was used to justify expansion blurring lines between migration and settler colonialism This title is also available as Open Access

The Making of Modern Japan Myles Carroll,2021-10-18 In The Making of Modern Japan Myles Carroll offers a sweeping account of post war Japanese political economy exploring the transition from the post war boom to the crisis of today and the connections between these seemingly discrete periods Carroll explores the multifarious international and domestic political economic social and cultural conditions that fortified Japan s post war hegemonic order and enabled decades of prosperity and stability Yet since the 1990s a host of political economic social and cultural changes has left this same hegemonic order out of step with the realities of the contemporary world a contradiction that has led to three decades of crisis in Japanese society Can Japan make the bold changes required to reverse its decline

The Political Economy of the Japanese Financial Big Bang Tetsuro Toya,2006-04-06 In 1996 the Japanese government introduced a policy package initiating massive deregulation and liberalization in the nation s financial sector referred to as Japan s financial Big Bang This book argues that the emergence of the Big Bang Initiative poses numerous challenges to conventional interpretations of Japanese politics and represents a clear case of institutional change in Japanese finance Whereas many observers stress continuity in Japanese politics this book argues that the emergence in the 1990s of performance failures and scandals attributed to the bureaucracy as well as the increase in the likelihood of a change in government in this period led policymaking patterns surrounding the Big Bang to differ radically from those dominating public policymaking in the past These developments led to change in the nature of the alliance between the ruling Liberal Democratic Party LDP and the Ministry of Finance MOF to a shift in priorities within the

MOF and to a heightened role for the public in policymaking The result was that the MOF long perceived as entrenched and seeking to maximize tangible tokens of organizational power became more than willing to launch the Big Bang despite the fact that these reforms would strip the ministry of many of its regulatory tools and sever the ministry's close ties with the financial sector The book also argues that these new developments prevented financial industry actors from forestalling these reforms as they had done in the past with other reforms similarly threatening the viability of weaker firms The findings reveal that not only politicians but also bureaucrats and interest groups have reasons to pursue public support to enhance their respective political influence Consequently well organized groups do not always prevail over the unorganized public

The Rejuvenation of Political Economy Nobuharu Yokokawa, Kiichiro Yagi, Hiroyasu Uemura, Richard Westra, 2016-04-14 This book provides the basic knowledge of Japanese contributions in political economy and the ongoing research agenda such as the pursuit of theoretical consistency in Marxian economics by Uno School the concept of civil society as a criterion of existing socio economic structure a mathematical reconstruction of Marxian theory and an analysis of environmental pollution The new generation of Japanese political economists in collaboration with their overseas counterparts has produced new insights into political economy and into the newly emerging structure of the world economy The book provides useful insights into international capitalism and how past patterns of uneven development are now changing the role of international finance in affecting both national and international growth and employment patterns an analysis of recent growth patterns in Asia and the specific issue emerging within the Asian region and the implications for economics social change and geopolitics

A Japanese Approach to Political Economy Thomas T. Sekine, 1995-03-15 Kozo Uno influenced a whole generation of marxian political economists in post World War II Japan Thomas Sekine worked closely with Uno in Japan and later came to York University in Toronto where he introduced Uno's ideas to Canadian scholars Sekine has significantly enlarged and refined Uno's work and in the process has influenced scholars in both Japan and Canada This anthology is a collection of essays in marxian political economy by scholars who have been influenced by Sekine's particular appropriation of Uno's ideas

Contested Governance in Japan Glenn D. Hook, 2005-08-11 *Contested Governance in Japan* extends the analysis of governance in contemporary Japan by exploring both the sites and issues of governance above and below the state as well as within it This volume discusses the contested nature of governance in Japan and the ways in which a range of actors are involved in different sites and issues of governance at home in the region and the globe It includes chapters on global governance local policy making democracy environmental governance the Japanese financial system corruption the family and corporate governance

[Routledge Handbook of Japanese Politics](#) Alisa Gaunder, 2011-02-25 The *Routledge Handbook of Japanese Politics* is an advanced level reference guide which surveys the current state of Japanese politics featuring both traditional topics and cutting edge research The volume is divided into five sections covering domestic politics civil society social policy political economy and international relations security The first four sections begin with an

overview chapter that provides historical background information on the section's overarching topic. The chapters that follow explore more specific topics in the sub area. In the final section, historical background information is contained in the individual chapters which cover the diverse areas of international political economy, security, and foreign policy. Offering a complete overview of the full spectrum of Japanese politics, the Handbook is an invaluable resource for academics, researchers, policy analysts, graduate and undergraduate students studying this ever-evolving field.

Governing Insecurity in Japan Wilhelm Vosse, Reinhard Drifte, Verena Blechinger-Talcott, 2014-06-27 Since the end of the Cold War, Japan's security environment has changed significantly. While on the global level the United States is still Japan's most important security partner, the nature of the partnership has changed as a result of shifting demands from the United States, new international challenges such as the North Korean nuclear programme and the rapid rise of China. At the same time, Japan has been confronted with new, non-traditional security threats such as international terrorism, the spread of infectious diseases, and global environmental problems. On the domestic level, demographic change, labour migration, economic decline, workplace insecurity, and a weakening impact of policy initiatives challenge the sustainability of the lifestyle of many Japanese and have led to a heightened sense of insecurity among the Japanese public. This book focuses on the domestic discourse on insecurity in Japan and goes beyond military security. The chapters cover issues such as Japan's growing perception of regional and global insecurity, the changing role of military forces, the perceived risk of Chinese foreign investment, societal, cultural, and labour insecurity, and how it is affected by demographic changes and migration, as well as food insecurity and its challenges to health and public policy. Each chapter asks how the Japanese public perceives these insecurities, how these perceptions influence the public discourse, the main stakeholders of this discourse, and how this affects state-society relations and government policies. *Governing Insecurity in Japan* provides new insights into Japanese and international discourses on security and insecurity and the ways in which security is conceptualized in Japan. As such, it will be of interest to students and scholars working on Japanese politics, security studies, and international relations.

Knowledge, Power, and Women's Reproductive Health in Japan, 1690–1945 Yuki Terazawa, 2018-04-13 This book analyzes how women's bodies became a subject and object of modern bio-power by examining the history of women's reproductive health in Japan between the seventeenth century and the mid-twentieth century. Yuki Terazawa combines Foucauldian theory and feminist ideas with in-depth historical research. She argues that central to the rise of bio-power and the colonization of people by this power was modern scientific taxonomies that classify people into categories of gender, race, nationality, class, age, disability, and disease. While discussions of the roles played by the modern state are of critical importance to this project, significant attention is also paid to the increasing influences of male obstetricians and the parts that trained midwives and public health nurses played in the dissemination of modern power after the 1868 Meiji Restoration.

The Routledge Companion to Gender and Japanese Culture Jennifer Coates, Lucy Fraser, Mark Pendleton, 2019-12-06 This

Companion is a comprehensive examination of the varied ways in which gender issues manifest throughout culture in Japan using a range of international perspectives to examine private and public constructions of identity as well as gender and sexuality inflected cultural production The Routledge Companion to Gender and Japanese Culture features both new work and updated accounts of classic scholarship providing a go to reference work for contemporary scholarship on gender in Japanese culture The volume is interdisciplinary in scope with chapters drawing from a range of perspectives fields and disciplines including anthropology art history history law linguistics literature media and cultural studies politics and sociology This reflects the fundamentally interdisciplinary nature of the dual focal points of this volume gender and culture and the ways in which these themes infuse a range of disciplines and subfields In this volume Jennifer Coates Lucy Fraser and Mark Pendleton have brought together an essential guide to experiences of gender in Japanese culture today perfect for students scholars and anyone else interested in Japan culture gender studies and beyond **Science for Governing**

Japan's Population Aya Homei, 2022-11-17 Twenty first century Japan is known for the world s most aged population Faced with this challenge Japan has been a pioneer in using science to find ways of managing a declining birth rate Science for Governing Japan s Population considers the question of why these population phenomena have been seen as problematic What roles have population experts played in turning this demographic trend into a government concern Aya Homei examines the medico scientific fields around the notion of population that developed in Japan from the 1860s to the 1960s analyzing the role of the population experts in the government s effort to manage its population She argues that the formation of population sciences in modern Japan had a symbiotic relationship with the development of the neologism population jink and with the transformation of Japan into a modern sovereign power Through this history Homei unpacks assumptions about links between population sovereignty and science This title is also available as Open Access

Housewives of Japan O. Goldstein-Gidoni, 2012-06-04 Drawing on a unique ethnographic inquiry Ofra Goldstein-Gidoni explores the complexities of the relationship between socially and culturally constructed roles bestowed on Japanese women by a variety of state agents including the market and the media and the real lives of these women
