**The Political Geographies of Pregnancy** Laura R. Woliver, 2008-08-08 A searing study of how modern reproductive politics shapes women's bodily agency

**Until I Am Free** Keisha N. Blain, 2021-10-05 National Book Critics Circle 2021 Biography Finalist 53rd NAACP Image Award Nominee Outstanding Literary Work Biography Autobiography A riveting and timely exploration of Hamer's life Brilliantly constructed to be both forward and backward looking Blain's book functions simultaneously as a much needed history lesson and an indispensable guide for modern activists New York Times Book Review Ms Magazine Most Anticipated Reads for the Rest of Us 2021 KIRKUS STARRED REVIEW BOOKLIST STARRED REVIEW Publishers Weekly Big Indie Books of Fall 2021 Explores the Black activist's ideas and political strategies highlighting their relevance for tackling modern social issues including voter suppression police violence and economic inequality We have a long fight and this fight is not mine alone but you are not free whether you are white or black until I am free Fannie Lou Hamer A blend of social commentary biography and intellectual history Until I Am Free is a manifesto for anyone committed to social justice The book challenges us to listen to a working poor and disabled Black woman activist and intellectual of the civil rights movement as we grapple with contemporary concerns around race inequality and social justice Award winning historian and New York Times best selling author Keisha N Blain situates Fannie Lou Hamer as a key political thinker alongside leaders such as Martin Luther King Jr Malcolm X and Rosa Parks and demonstrates how her ideas remain salient for a new generation of activists committed to dismantling systems of oppression in the United States and across the globe Despite her limited material resources and the myriad challenges she endured as a Black woman living in poverty in Mississippi Hamer committed herself to making a difference in the lives of others She refused to be sidelined in the movement and refused to be intimidated by those of higher social status and with better jobs and education In these pages Hamer's words and ideas take center stage allowing us all to hear the activist's voice and deeply engage her words as though we had the privilege to sit right beside her More than 40 years since Hamer's death in 1977 her words still speak truth to power laying bare the faults in American society and offering valuable insights on how we might yet continue the fight to help the nation live up to its core ideals of equality and justice for all Includes a photo insert featuring Hamer at civil rights marches participating in the Democratic National Convention testifying before Congress and more

[The Routledge Companion to Gender and Borderlands](#) Zalfa Feghali, Deborah Toner, 2024-10-23 The Routledge Companion to Gender and Borderlands maps the relationship between gender and borderlands at a global scale and sets the agenda for developing a global composite field of gender and borderlands studies This interdisciplinary collection seeks to understand the complex nexus at which gender and the borderlands intersect modelling radical relationality at epistemological ontological and activist levels Going beyond border studies frequent site at the U S Mexico Border this book examines the power relations of borderlands as they play out in influence and reflect gender dynamics Contributors draw on case studies from around the

world and their chapters span diverse fields from anthropology literature and history to political science religious studies sociology and the arts The Routledge Companion to Gender and Borderlands is an indispensable resource for scholars and students engaged in border studies gender studies and the wide range of interlocking disciplines that inform and enrich these fields Chapters 1 15 and 20 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY 4.0 license

**Obstetric Violence: Realities, and Resistance from Around the World** Nicole Hill, Angela N. Castañeda, Julie Johnson Searcy is, 2022-02-14 In this book we make space to interrogate obstetric violence from its historical and legal roots and contemporary realities to responses of advocacy and resistance Through the lens of obstetric violence we are able to see overlap in structural vulnerability across continents as well as recognize the ways in which obstetric violence is symptomatic of larger global problems including systemic injustices related to reproductive health Combining the perspectives of care providers birthing people advocates and researchers our volume seeks to include both a systematic and structural understanding of obstetric violence We bring together diverse voices from practitioners to activists to academics and provide a global perspective on obstetric violence with research from around the world including indigenous communities from North America Canada and Hawaii examples from Latin American and Caribbean countries as well as country specific cases from Argentina Australia Egypt Mexico Portugal and the United States The range of disciplinary perspectives and global experiences presented in this book demonstrates that obstetric violence is neither bound to one discipline nor site specific Together the chapters of this volume work to understand obstetric violence moving beyond static definitions towards a spectrum of lived experiences that highlight three main areas Legislation and Policy Experiencing Obstetric Violence and Advocacy Resistance and Reframing The time for a global recognition of obstetric violence of the larger structural forces embedded in systems that cross cultures and violate bodies in acutely vulnerable life moments is now By naming it and saying it out loud we recognize obstetric violence exists and can together begin the process of systemic change necessary to prevent it

*The New Encyclopedia of Southern Culture* James G. Thomas Jr., Charles Reagan Wilson, 2012-11-26 Science and medicine have been critical to southern history and the formation of southern culture For three centuries scientists in the South have documented the lush natural world around them and set a lasting tradition of inquiry The medical history of the region however has been at times tragic Disease death and generations of poor health have been the legacy of slavery the plantation economy rural life and poorly planned cities The essays in this volume explore this legacy as well as recent developments in technology research and medicine in the South Subjects include natural history slave health medicine in the Civil War public health eugenics HIV AIDS environmental health and the rise of research institutions and hospitals to name but a few With 38 thematic essays 44 topical entries and a comprehensive overview essay this volume offers an authoritative reference to science and medicine in the American South

*Women and Politics* Lynne Ford, 2018-05-15 Women and Politics

is a comprehensive examination of women's use of politics in pursuit of gender equality. How can demands for gender equality be reconciled with sex differences? Resolving this paradoxical question has proceeded along two paths: the legal equality doctrine which emphasizes gender neutrality and the fairness doctrine which recognizes differences between men and women. The text's clear analysis and presentation of theory and history helps students to think critically about the difficulties faced by women in politics and about how public policies in education, labour and the economy and family and fertility impact gender equality. The fully revised fourth edition explores new critical perspectives, recent political events and current challenges to gender equality including the 2016 presidential election and Hillary Clinton's candidacy, the fight for equal pay and paid leave and the debate over reproductive rights and campus sexual assault. It also includes current scholarship on the intersections of race, class and gender and expanded coverage of minority women, women in the military and conservative women. This text and its two-path framework is essential to understanding women's pursuit of equality via the political system.

*Handbook of the Sociology of Racial and Ethnic Relations* Hernan Vera, Joe R Feagin, 2007-08-03 The study of racial and ethnic relations has become one of the most studied aspects in sociology and sociological research. In both North America and Europe many traditional cultures are feeling threatened by immigrants from Latin America, Africa and Asia. Sociology is at the hub of the human sciences concerned with racial and ethnic relations. Since this discipline is made of multiple paradigms and methodological orientations it has been able to make relevant contributions to disciplines ranging from individual psychology, social psychology and psychiatry to economics, anthropology, linguistics, cultural studies, health care, delivery and education.

*Women's Rights in the USA* Dorothy E. McBride, Janine A. Parry, 2014-06-11 In *Women's Rights in the USA* Fourth Edition Dorothy E. McBride again examines the policy debates critical to women in politics. Tracing the development of these debates over time in order to illustrate their historical context, McBride shows how these issues have evolved and how they have led to the policies and laws of today. She also examines the evolving attitudes of the feminists and advocacy groups behind these debates as they grapple with the tensions between the themes of equality and sex difference as they relate to women's rights. The book also looks at women's place in shaping the policies, statutes and laws from liberal activists to policy insiders and how those roles shape the debates and issues that move forward today. In a broader context by following these debates as they move through government institutions to become policies and laws, this book shows students the law-making process through issues that directly affect their lives. Of crucial significance is the acknowledgement that these debates do not end when court decisions, policies and laws are made but continue on to foster further movements, viewpoints and political change. This fourth edition features updates on the most vital issues concerning women's rights today: constitutional equality, reproduction, education, family work, work-family regulation and intimidation of sexuality and economic status.

**Encyclopedia of Law and Society** David S. Clark, 2007-07-10 This work will be very valuable for academic and public libraries supporting prelaw, law, social and cultural studies. Summing Up: Highly

recommended Upper level undergraduates through professionals practitioners general readers CHOICE There are two aspects of scholarship about the legal systems of our day that are especially salient one being for the first time there is a fair amount of genuine research on legal systems and two that this research is increasingly global As soon as you cross a jurisdictional line even if it separates countries that are very similar you enter a different legal system It cannot be assumed that any particular rule doctrine or practice is the same in any two jurisdictions regardless of how close these jurisdictions are in terms of history and tradition The Encyclopedia of Law and Society is the largest comprehensive and international treatment of the law and society field With an Advisory Board of 62 members from 20 countries and six continents the three volumes of this state of the art resource represent interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics By globalizing the Encyclopedia s coverage American and international law and society will be better understood within its historical and comparative context Key Features Includes more than 700 biographical entries that are historical comparative topical thematic and methodological Presents the rich diversity of European Latin American Asian African and Australasian developments for the first time in one place to reveal the truly holistic interdisciplinary virtues of law and society Examines how and why legal systems grow and change how and why they respond or fail to respond to their environment how and why they impact the life of society and how and why the life of society impacts in turn these legal systems With borders more porous than ever before this Encyclopedia reflects the paradoxical reality of modern life including legal life This valuable resource aims to present research along with the theories on which it is grounded fairly and comprehensively and is a must have for all academic libraries **The New Encyclopedia**

**of Southern Culture** Nancy Bercaw,Ted Ownby,2014-02-01 This volume of The New Encyclopedia of Southern Culture reflects the dramatic increase in research on the topic of gender over the past thirty years revealing that even the most familiar subjects take on new significance when viewed through the lens of gender The wide range of entries explores how people have experienced understood and used concepts of womanhood and manhood in all sorts of obvious and subtle ways The volume features 113 articles 65 of which are entirely new for this edition Thematic articles address subjects such as sexuality respectability and paternalism and investigate the role of gender in broader subjects including the civil rights movement country music and sports Topical entries highlight individuals such as Oprah Winfrey the Grimke sisters and Dale Earnhardt as well as historical events such as the capture of Jefferson Davis in a woman s dress the Supreme Court s decision in Loving v Virginia and the Memphis sanitation workers strike with its slogan I AM A MAN Bringing together scholarship on gender and the body sexuality labor race and politics this volume offers new ways to view big questions in southern history and culture **Journal of the Association for Research on Mothering** ,2004 **Reproductive Justice** Joan C. Chrisler,2012-02-13 Every woman in the world has the right to control her own body plan her family receive good quality medical care and give birth to a healthy baby This book takes a comprehensive look at the status of women s

reproductive rights from a transnational human rights perspective Reproductive justice is a relatively new term that underscores the fact that the existence of reproductive rights does not mean that women are able to exercise those rights For women unable to exercise their rights for any number of reasons a lack of available services where they live lack of money or health insurance to pay for services being forbidden by family members to seek services the reality is they have no choices to make and possess little if any control over their own bodies regardless of what the government states their rights are

**Reproductive Justice A Global Concern** provides a comprehensive and integrated examination of the status of reproductive rights for the world's women covering a wide range of reproductive rights issues Topics include women's rights to determine their own sexuality and choose their own partners rape sex trafficking fertility treatments and other assisted reproductive technologies contraception and abortion maternal and infant mortality postpartum support and breastfeeding

**Women against Abortion** Karissa Haugeberg, 2017-04-03 Women from remarkably diverse religious social and political backgrounds made up the rank and file of anti-abortion activism Empowered by yet in many cases scared of the changes wrought by feminism they founded grassroots groups developed now familiar strategies and tactics and gave voice to the movement's moral and political dimensions Drawing on oral histories and interviews with prominent figures Karissa Haugeberg examines American women's fight against abortion Beginning in the 1960s she looks at Marjory Mecklenburg's attempt to shift the attention of anti-abortion leaders from the rights of fetuses to the needs of pregnant women Moving forward she traces the grassroots work of Catholic women including Juli Loesch and Joan Andrews and their encounters with the influx of evangelicals into the movement She also looks at the activism of evangelical Protestant Shelley Shannon a prominent pro-life extremist of the 1990s Throughout Haugeberg explores important questions such as the ways people fused religious conviction with partisan politics activists rationalizations for lethal violence and how women claimed space within an unshakably patriarchal movement

**Narratives of Consent and Reproductive Subjects** Samantha Halliday, Rebecca Brione, Jacqueline Nicholls, 2025-09-02 Consent is the golden principle that determines the legality of most medical treatment However whilst choice is the much vaunted central tenet of maternity care its importance emphasised in policy documents the lived experience is often rather different particularly in the case of individuals constructed as other This collection brings together a range of researchers from multiple disciplines to address the issue of choice in the context of reproduction focussing upon narratives of consent as they pertain to reproductive subjects who all too often are rendered invisible by the law by the healthcare professionals treating them or by society It explores the contours of consent in England and Wales engaging with reproductive justice by focussing upon the way in which reproductive subjects are othered treated differently due to their skin colour their genetic makeup the fact that they have a serious mental illness or even those who do not want to be mothers It presents original research bringing together multiple perspectives in examining the way in which individuals are rendered invisible in the context of reproductive healthcare The book will be essential reading for academics and

professionals in law nursing medicine midwifery sociology ethics and anthropology      **Gender and Women's Leadership** Karen O'Connor, 2010-08-18 This work within The SAGE Reference Series on Leadership provides undergraduate students with an authoritative reference resource on leadership issues specific to women and gender Although covering historical and contemporary barriers to women's leadership and issues of gender bias and discrimination this two volume set focuses as well on positive aspects and opportunities for leadership in various domains and is centered on the 101 most important topics issues questions and debates specific to women and gender Entries provide students with more detailed information and depth of discussion than typically found in an encyclopedia entry but lack the jargon detail and density of a journal article Key Features Includes contributions from a variety of renowned experts Focuses on women and public leadership in the American context women's global leadership women as leaders in the business sector the nonprofit and social service sector religion academia public policy advocacy the media sports and the arts Addresses both the history of leadership within the realm of women and gender with examples from the lives of pivotal figures and the institutional settings and processes that lead to both opportunities and constraints unique to that realm Offers an approachable clear writing style directed at student researchers Features more depth than encyclopedia entries with most chapters ranging between 6 000 and 8 000 words while avoiding the jargon and density often found in journal articles or research handbooks Provides a list of further readings and references after each entry as well as a detailed index and an online version of the work to maximize accessibility for today's student audience      **Reproductive Geographies** Marcia England, Maria Fannin, Helen Hazen, 2018-12-07 The sites spaces and subjects of reproduction are distinctly geographical Reproductive geographies span different scales body home local national global and movements across space This book expands our understanding of the socio cultural and spatial aspects of fertility pregnancy and birth The chapters directly address global perspectives the future of reproductive politics and state focused approaches to the politicisation of fertility pregnancy and birth The book provides up to date explorations on the changing landscapes of reproduction including the expansion of reproductive technologies such as surrogacy and intrauterine insemination Contributions in this book focus on phenomenologically inspired accounts of women's lived experience of pregnancy and birth the biopolitics of birth and citizenship the material histories of reproductive tissues as scientific objects and engagements with public health and development policy This is an essential resource for upper level undergraduates and graduates studying topics such as Sociology Geographies of Gender Women's Studies and Anthropology of Health and Medicine      **The Book Review Digest** , 2003      **Abortion and the Law in America** Mary Ziegler, 2020-03-26 With the Supreme Court likely to reverse Roe v Wade the landmark abortion decision American debate appears fixated on clashing rights The first comprehensive legal history of a vital period Abortion and the Law in America illuminates an entirely different and unexpected shift in the terms of debate Rather than simply championing rights those on opposing sides battled about the policy costs and benefits of abortion and laws restricting it This mostly unknown turn

deepened polarization in ways many have missed Never abandoning their constitutional demands pro choice and pro life advocates increasingly disagreed about the basic facts Drawing on unexplored records and interviews with key participants Ziegler complicates the view that the Supreme Court is responsible for the escalation of the conflict A gripping account of social movement divides and crucial legal strategies this book delivers a definitive recent history of an issue that transforms American law and politics to this day

*The Bottle, The Breast, and the State* Maureen Rand Oakley, 2015-07-01 The Bottle the Breast and the State The Politics of Infant Feeding in the United States explores the ways in which breastfeeding is both promoted and made difficult in the United States It also examines how the use of formula is often shamed yet encouraged by many standard medical and government practices Using both qualitative and quantitative methods it explores the politics policies and individual experiences surrounding infant feeding Oakley shows that a failure to separate the issue of breastfeeding rights and support from problematic approaches to breastfeeding advocacy in both academic scholarship and public discourse has led to a deadlock that prevents groups from working together in support of breastfeeding without shaming Drawing on a feminist ethic of care Oakley develops a caring infant feeding advocacy This approach values the caring work done by parents and recognizes the benefits of this work for society It promotes policies supportive of parenting in general and breastfeeding in particular in order to remove barriers that present a challenge to some women who wish to breastfeed Caring infant feeding advocacy also works to promote the development of better alternatives for those who do not breastfeed

**Transhumanism and Society** Stephen Lilley, 2012-07-31 This book provides an introductory overview to the social debate over enhancement technologies with an overview of the transhumanists call to bypass human nature and conservationists argument in defense of it The author present this controversy as it unfolds in the contest between transhumanists proponents and conservationists who push back with an argument to conserve human nature and to ban enhancement technologies This book provides an overview of the key contested points and present the debate in an orderly constructive fashion Readers are informed about the discussion over humanism the tension between science and religion and the interpretation of socio technological revolutions and are invited to make up their own mind about one of the most challenging topics concerning the social and ethical implications of technological advancements
