

Political Memoir, Celebrity, and the Reclamation of Feminism: Gendered Self-representation in Julia Gillard's *My Story* and Hillary Clinton's *What Happened*

ANTHEA TAYLOR

Abstract

Offering a close textual analysis of My Story (2014), the memoir of Australia's first woman Prime Minister, Julia Gillard, and What Happened (2017), by the 2016 US Democratic Presidential nominee, Hillary Clinton, this article explores their attempts—as is becoming common for celebrities—to use the memoir form to attempt to regain some control over their public personas and their feminisms. Focusing on the kind of feminist selves they seek to bring into being through these memoirs, this article examines the rhetorical strategies they each deploy to disrupt the dominant gendered narratives that came to circulate during their time in power and beyond.

Introduction

As a form of self-representation for women in the public spotlight, celebrity feminist life writing has increased significantly over the past five to ten years. Celebrity, as I have argued previously, has long been a significant political resource for feminism (Celebrity 3), but given the increased number of celebrities publicly self-identifying as feminist (Hamad and Taylor 124), memoirs indebted to feminist politics and discursive frameworks are being routinely produced by actors, comedians, journalists, and musicians. While all of these are politically engaged in some form,

Political Memoir

Thomas Hill Green

Political Memoir:

Political Memoir George W. Egerton, 1994 The genre of political memoir has a long history from its origins in classical times through its popularity in the age of courts and cabinets to its ubiquity in modern mass cultures where retired politicians increasingly attract large and eager readerships for their revelations Yet there is virtually no scholarly criticism which treats this complex form of literature as a distinct genre fusing autobiographical historical and political elements The essays in this book draw together the collaborative findings of a team of British European American and Canadian scholars to present a pioneering historical and critical study of the genre of political memoir analysing the development of its distinct functions and assessing leading memoirists in European American Canadian Indian and Japanese societies The editor George Egerton introduces the volume and surveys the principal features of the genre over its long history Otto Pflanze analyses the memoirs of Bismarck Robert Young Milton Israel Joshua Mostow and Robert Bothwell study the memoir literature of France India Japan and Canada respectively Barry Gough and Tim Travers look at naval and military memoirists while Zara Steiner B J C McKercher and Valerie Cromwell assess the memoirs of diplomats and their families Leonidas Hill examines the memoirs of leading Nazis John Munro Francis Heller and Robert Ferrell convey inside information on the making of memoirs notably by the Canadian Prime Ministers Diefenbaker and Pearson and the American President Truman Stephen Ambrose assays Nixon as memoirist while Janos Bak portrays the status of memoirists under totalitarian regimes Wesley Wark and John Naylor analyse the proliferation of intelligence memoirs and government efforts to protect official secrets from the revelations of the candid memoirist The principal findings reached by the contributors in their study of this problematic but influential genre are set out by the editor in the concluding chapter

Political Memoir George W. Egerton, 1994 Wesley Wark and John Naylor analyse the proliferation of intelligence memoirs and government efforts to protect official secrets from the revelations of the candid memoirist The principal findings reached by the contributors in their study of this problematic but influential genre are set out by the editor in the concluding chapter

Breaking Ranks Norman Podhoretz, 1979

Australian Political Lives John Nethercote, Tracey Arklay, John Wanna, 2006-10-01 This monograph brings together some of the best practitioners of the art and craft of political biography in Australia They are simultaneously some of our best scholars who at least in part have turned their attention to writing Australian political lives They are not merely chroniclers of our times but multidisciplinary analysts constructing layers of explanation and theoretical insight They include academic professional and amateur biographers scholars from a range of disciplines politics history sociology public administration gender studies and politicians who for a time strutted the political stage The assembled papers explore the strengths and weaknesses of the biographical approach the enjoyment it can deliver the problems and frustrations of writing biographies and the various ways the project can be approached by those constructing these lives They probe the art and craft of the political biographer

In My Time Dick Cheney, 2011-08-30 In this eagerly anticipated memoir former Vice President Dick

Cheney delivers an unyielding portrait of American politics over nearly forty years and shares personal reflections on his role as one of the most steadfast and influential statesmen in the history of our country. The public perception of Dick Cheney has long been something of a contradiction. He has been viewed as one of the most powerful vice presidents, secretive even, mysterious and at the same time opinionated and unflinchingly outspoken. He has been both praised and attacked by his peers, the press and the public. Through it all, courting only the ideals that define him, he has remained true to himself, his principles, his family and his country. Now in an enlightening and provocative memoir, a stately page-turner with flashes of surprising humor and remarkable candor, Dick Cheney takes readers through his experiences as family man, policymaker, businessman and politician during years that shaped our collective history. Born into a family of New Deal Democrats in Lincoln, Nebraska, Cheney was the son of a father at war and a high-spirited and resilient mother. He came of age in Casper, Wyoming, playing baseball and football and as senior class president courting homecoming queen Lynne Vincent, whom he later married. This all-American story took an abrupt turn when he flunked out of Yale University, signed on to build power lines in the West and started living as hard as he worked. Cheney tells the story of how he got himself back on track and began an extraordinary ascent to the heights of American public life, where he would remain for nearly four decades. He was the youngest White House Chief of Staff, working for President Gerald Ford; the first of four chief executives he would come to know well. He became Congressman from Wyoming and was soon a member of the congressional leadership, working closely with President Ronald Reagan. He became secretary of defense in the George H. W. Bush administration, overseeing America's military during Operation Desert Storm and in the historic transition at the end of the Cold War. He was CEO of Halliburton, a Fortune 500 company with projects and personnel around the globe. He became the first vice president of the United States to serve out his term of office in the twenty-first century. Working with George W. Bush from the beginning of the global war on terror, he was and remains an outspoken defender of taking every step necessary to defend the nation. Eyewitness to history at the highest levels, Cheney brings to life scenes from past and present. He describes driving through the White House gates on August 9, 1974, just hours after Richard Nixon resigned to begin work on the Ford transition, and he portrays a time of national crisis a quarter century later when on September 11, 2001, he was in the White House bunker and conveyed orders to shoot down a hijacked airliner if it would not divert. With its unique perspective on a remarkable span of American history, *In My Time* will enlighten. As an intimate and personal chronicle, it will surprise, move and inspire. Dick Cheney's is an enduring political vision to be reckoned with and admired for its honesty, its wisdom and its resonance. *In My Time* is truly the last word about an incredible political era by a man who lived it and helped define it with courage and without compromise.

Essays Social and Political. 1802-1825. With Portrait and Memoir Sydney Smith (Canon of St. Paul's.), 1877
