

WOODROW WILSON FOUNDATION AWARD

POLITICAL THEORY:

The Foundations of Twentieth-Century Political Thought

BY ARNOLD BRECHT

This book will henceforth be studied by every serious student of political theory, whether or not he agrees with the author's findings and conclusions . . . it is the only book in any language that surveys, in minute and scholarly detail, the many and varied methodological and scientific efforts to construct valid foundations for a theory of politics, law, sociology, or ethics. / William Ebenstein in *The Annals*

Political Theory The Foundations Of Twentieth Century Political Thought

Arnold Brecht

Political Theory The Foundations Of Twentieth Century Political Thought:

Political Theory Arnold Brecht,1968 *Political Theory* Bertolt Brecht,1959 *Political Theory* ARNOLD. BRECHT,2003-01-01 *Political Theory* Arnold Brecht,1968 **Contemporary Political Theory** J. C. Johari,1987

Political Theory and Political Thought N. D. Arora,S. S. Awasthy,2007 **Western Political Thought** Robert Eccleshall,Michael Kenny,1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability *Twentieth Century Political Theory* Stephen Eric Bronner,2005 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company **The Descent of Political Theory** John G. Gunnell,1993-12 This provocative work reveals the origins and development of political theory as it is presently understood and misunderstood Tracing the evolution of the field from the nineteenth century to the present John G Gunnell shows how current controversies like those over liberalism or the relationship of theory to practice are actually the unresolved legacy of a forgotten past By uncovering this past Gunnell exposes the forces that animate and structure political theory today Gunnell reconstructs the evolution of the field by locating it within the broader development of political science and American social science in general During the behavioral revolution that swept political science in the 1950s the relationship between political theory and political science changed dramatically relegating theory to the margins of an increasingly empirical discipline Gunnell demonstrates that the estrangement of political theory is rooted in a much older quarrel the authority of knowledge versus political theory is rooted in a much older quarrel the authority of knowledge versus political authority academic versus public discourse By disclosing the origin of this dispute he opens the way for a clearer understanding of the basis and purpose of political theory As critical as it is revelatory this thoughtful book should be read by any one interested in the history of political theory or science or in the relationship of social science to political practice in the United States **The Cambridge History of Twentieth-Century Political Thought** Terence Ball,Richard Bellamy,2003-08-14 Table of contents **Modern Political Theory** Varma S.P.,1975 Modern Political Theory critically examines the contemporary state of political theory making an assessment of the achievements and limitations of the Behavioural Revolution in its totality and reviews objectively the major paradigms and conceptual frameworks adopted by the discipline The salient features of the contending conceptual models elaborated by leading scholars operating from separate locations and disparate premises have been highlighted and intellectual inter linkages in their works have been traced The book has 3 parts Part I comprises the scope of political science as a discipline Part II deals with the tools and techniques of political analysis Part III delineates mainstreams of contemporary political thought **Leo Strauss on Political Philosophy** Leo Strauss,2022-12-22 The eminent political theorist s classic lectures on the history of political philosophy and the problems of historicism and relativism Leo Strauss is known for reviving classical political philosophy through careful

analyses of works by ancient thinkers As with his published writings Strauss's seminars were notoriously dense accessible only to graduate students and scholars In 1965 however Strauss offered an introductory course on political philosophy at the University of Chicago Using a conversational style he sought to make political philosophy as well as his own ideas and methods understandable to those with little background on the subject Leo Strauss on Political Philosophy brings together the lectures that comprise Strauss's Introduction to Political Philosophy Strauss begins by arguing that the proper aim of political philosophy is to determine the common good in society He then critiques the theories of positivism and historicism the two most powerful challenges to this intellectual project These lectures range across the history of political philosophy providing a valuable thematically coherent foundation including explications of many canonical thinkers such as Plato Aristotle Auguste Comte and Immanuel Kant

The Philosophy of Mahatma Gandhi for the Twenty-First Century

Douglas Allen, 2008-03-11 Often considered the most admired human being of the twentieth century Mahatma Gandhi was and remains controversial Among the leading Gandhi scholars in the world the authors of the timely studies in this volume present numerous ways in which Gandhi's thought and action oriented approach are significant relevant and urgently needed for addressing the major problems and concerns of the twenty first century Such problems and concerns include issues of violence and nonviolence war and peace religion and religious conflict and dialogue terrorism ethics civil disobedience injustice modernism and postmodernism forms of oppression and exploitation and environmental destruction These creative diverse studies offer a radical critique of the dominant characteristics and priorities of modern Western civilization and the contemporary world They offer positive alternatives by using Gandhi in creative and innovative ways to focus on nonviolence peace with justice tolerance and mutual respect compassion and loving kindness cooperative relations and the realization of our interconnectedness and unity meaningful action oriented engagement of dialogue resistance and working for new sustainable ways of being human and creating new societies This volume is appropriate for the general reader and the Gandhi specialist It will be of interest for readers in philosophy religion political science history cultural studies peace studies and many other fields Throughout this book readers will experience a strong sense of the philosophical and practical urgency and significance of Gandhi's thought and action for the contemporary world

The Crisis of Democratic Theory

Edward A. Purcell Jr., 2014-04-23 Widely acclaimed for its originality and penetration this award winning study of American thought in the twentieth century examines the ways in which the spread of pragmatism and scientific naturalism affected developments in philosophy social science and law and traces the effects of these developments on traditional assumptions of democratic theory

Aspects of Political Theory

W.J. Stankiewicz, 2020-03-06 First published in 1976 This study continues an endeavour whose aim was to use traditional concepts as a basis for the discussion of contemporary political predicaments The endeavour began with the publication of the symposium In Defense of Sovereignty 1969 Its long range goal is to consider under a common denominator relativism in politics various aspects of theory such as the basic concepts

discussed in the present essay together with more modern theories of democracy and the wider spectrum of political ideologies

Leo Strauss and the Problem of Political Philosophy Michael P. Zuckert, Catherine H. Zuckert, 2014-06-30 This critical study of the influential political theorist dispels popular myths and reveals the inner logic of his varied and notoriously complex writings Political theorist Leo Strauss was unexpectedly thrust into the media spotlight for his alleged influence on neoconservative politics With *The Truth about Leo Strauss* Michael and Catherine Zuckert challenged the many claims and speculations about this complex thinker Now with *Leo Strauss and the Problem of Political Philosophy* they offer a more comprehensive interpretation of Strauss's thought using the many manifestations of the problem of political philosophy as their touchstone Strauss they argue sought to restore political philosophy to its original Socratic form This is demonstrated through his critique of positivism and historicism two intellectual currents that undermined his Socratic project The authors also explore Strauss's interpretation of both ancient and modern political philosophers including Plato Aristotle Machiavelli and Locke Finally they examine Strauss's thought in the context of the twentieth century when his chief interlocutors were Schmitt Husserl Heidegger and Nietzsche *Leo Strauss and the Problem of Political Philosophy* is the most in depth treatment of this often misunderstood thinker examining his ideas across his long career It reveals Strauss's overall intellectual project to decode how ancient and modern theory attempted to solve the problem of political philosophy And it shows why Strauss considered the ancient solution both philosophically and politically superior

Reader's Guide to the Social Sciences Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense

The Challenge of Politics Douglas W. Simon, Joseph Romance, Neal Riemer, 2019-01-02 This is a textbook that offers students a good introduction to the science of politics while emphasizing the moral empirical and prudential dimensions of politics Prosper Bernard Jr College of Staten Island This updated Sixth Edition of *The Challenge of Politics* enables students to see how the subfields of political science converge around a set of crucial questions such as Can we as citizens and students articulate and defend a view of the good political life and its guiding political values Can we bring political wisdom to bear on judgments about politics and public issues and Can we develop a science of politics to help us understand significant political phenomena the empirical realities of politics Balancing lessons of classic and contemporary theory with contemporary politics and empirical study the book equips students with the tools they need to explore the impact of philosophy and ideology recognize major forms of government evaluate empirical findings and understand how policy issues directly affect people's lives The updated Sixth Edition includes new material on the 2016 presidential elections the role of social media in politics and an expanded discussion on the rise of populist movements Give your students the SAGE edge SAGE edge offers a

robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning Learn more at edge.sagepub.com/simon6e

Political Order V. Rosenthal, 2024-12-02 **Political Theory and Partisan Politics** Edward Bryan Portis, Adolf G. Gundersen, Ruth Lessl Shively, 2000-06-01

Renowned theorists address the interconnections between those who engage in political struggle and those who study it
