Political Thought Of William Ockham

Eric Voegelin

Political Thought Of William Ockham:

The Political Thought of William Ockham Arthur Stephen McGrade, 2002-08-08 The English Franciscan William of Ockham c 1285 1349 was one of the most important thinkers of the later middle ages This book provides a coherent account of Ockham's aims and the principles operating in all his political works [The political thought of William of Ockham](#) Arthur Stephen McGrade, 1974 **The Political Thought of William of Ockham** Arthur Stephen Macgrade, 1976 **The**

Political Thought of William of Ockham John S. Chapin, 1940 [Western Political Thought](#) Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability **William of Ockham: 'A Letter to the Friars Minor' and Other**

Writings William of Ockham, 1995-09-28 The key ideas on authority of a powerful and historically important thinker

William of Ockham's Early Theory of Property Rights in Context Jonathan Robinson, 2012-11-23 This book analyzes William of Ockham's early theory of property rights alongside those of his fellow dissident Franciscans paying careful attention to each friar's use of Roman and civil law which provided the conceptual building blocks of the poverty controversy

A History of Political Thought Janet Coleman, 2000-06-22 This volume continues the story of European political theorising by focusing on medieval and Renaissance thinkers It includes extensive discussion of the practices that underpinned medieval political theories and which continued to play crucial roles in the eventual development of early modern political institutions and debates The author strikes a balance between trying to understand the philosophical cogency of medieval and Renaissance arguments on the one hand elucidating why historically suited medieval and Renaissance thinkers thought the ways they did about politics and why we often think otherwise **William of Ockham's**

Early Theory of Property Rights in Context Jonathan William Robinson, 2012-11-23 William of Ockham's ca 1288 1347 *Opus nonaginta dierum* has long been of interest to historians for his theory of rights Yet the results of this interest has been uneven because most studies do not take sufficient account of the defences of Franciscan poverty already articulated by his fellow Franciscans Bonagratia of Bergamo Michael of Cesena and Francis of Marchia This book therefore presents and analyzes Ockham's account of property rights alongside those of his confreres This contextualization of Ockham's theory corrects many misconceptions about his theory of property natural law and natural rights and therefore also provides a new foundation for studies of his political oeuvre intellectual development and significance as a political theorist **The**

Common Good in Late Medieval Political Thought M. S. Kempshall, 1999-05-20 This study offers a major reinterpretation of medieval political thought by examining one of its most fundamental ideas If it was axiomatic that the goal of human society should be the common good then this notion presented at least two conceptual alternatives Did it embody the highest moral ideals of happiness and the life of virtue or did it represent the more pragmatic benefits of peace and material security

Political thinkers from Thomas Aquinas to William of Ockham answered this question in various contexts. In theoretical terms they were reacting to the rediscovery of Aristotle's Politics and Ethics, an event often seen as pivotal in the history of political thought. On a practical level they were faced with pressing concerns over the exercise of both temporal and ecclesiastical authority, resistance to royal taxation and opposition to the jurisdiction of the pope. In establishing the connections between these different contexts, The Common Good questions the identification of Aristotle as the primary catalyst for the emergence of the individual and a secular theory of the state. Through a detailed exposition of scholastic political theology, it argues that the roots of any such developments should be traced instead to Augustine and the Bible. **Encyclopedia of Political**

Thought Garrett Ward Sheldon, 2001. Presents articles on concepts, issues and notable persons related to politics and political science throughout history. A World History of Political Thought James Babb, 2025-02-12. In this revised and improved second edition of A World History of Political Thought, the comprehensive comparative analysis of political thought from 600 BC to the present day is given even more depth and context. The result is an intriguing and accessible journey through world history and culture. **History of Political Ideas** Eric Voegelin, 1998. Annotation. Examining the emergence of modernity within the philosophical and political debates of the sixteenth century, Religion and the Rise of Modernity resumes the analysis of the great confusion introduced in Volume IV of History of Political Ideas. Encompassing a vast range of events ignited by Luther's Ninety-Five Theses, this period is one of controversy, revolution and partiality. Despite the era's fragmentation and complexity, Voegelin's insightful analysis clarifies its significance and suggests the lines of change converging at a point in the future: the medieval Christian understanding of a divinely created closed cosmos was being replaced by a distinctly modern form of human consciousness that posits man as the proper origin of meaning in the universe. Analyzing the most significant features of the great confusion, Voegelin examines a vast range of thought and issues of the age. From the more obvious thinkers to those less frequently studied, this volume features such figures as Calvin, Althusius, Hooker, Bracciolini, Savonarola, Copernicus, Tycho de Brahe and Giordano Bruno. Devoting a considerable amount of attention to Jean Bodin, Voegelin presents him as a prophet of a new true religion amid the civilizational disorder of the post-Christian era. Focusing on such traditional themes as monarchy, just war theory and the philosophy of law, this volume also investigates issues within astrology, cosmology and mathematics. Religion and the Rise of Modernity is a valuable work of scholarship, not only because of its treatment of individual thinkers and doctrines influential in the sixteenth century and beyond, but also because of its close examination of those experiences that formed the modern outlook. *Patterns Legitimizing Political Violence in Transcultural Perspectives* Bettina Koch, 2015-05-19. This volume explores theoretical discourses in which religion is used to legitimize political violence. It examines the ways in which Christianity and Islam are utilized for political ends, in particular how violence is used or abused as an expedient to justify political action. This research focuses on premodern as well as contemporary discourses in the Middle East and Latin America, identifying patterns frequently used to justify the

deployment of violence in both hegemonic and anti hegemonic discourses In addition it explores how premodern arguments and authorities are utilized and transformed in order to legitimize contemporary violence as well as the ways in which the use of religion as a means to justify violence alters the nature of conflicts that are not otherwise explicitly religious It argues that most past and present conflicts even if the discourses about them are conducted in religious terms have origins other than religion and or blend religion with other causes namely socio economic and political injustice and inequality Understanding the use and abuse of religion to justify violence is a prerequisite to discerning the nature of a conflict and might thus contribute to conflict resolution

Political Theology the "Modern Way" Shaun Retallick, 2023-12-18 In *Political Theology the Modern Way The Case of Jacques Almain d 1515* Shaun Retallick provides the first monograph on this late medieval philosopher theologian and conciliarist and his thought He demonstrates that Almain s political theology of which ecclesiology is a sub discipline is strongly impacted by the Via moderna At the heart of his political theology is the individual and his or her will Yet the individual is rarely viewed in isolation from others there is a strong emphasis on community and on the religious and secular bodies through which it is realized But these bodies including the Church are understood in collectivist rather than corporatist terms which tends to a quite radical form of conciliarism

A Companion to Early Modern Spanish Imperial Political and Social Thought, 2020-01-29 This Companion aims to give an up to date overview of the historical context and the conceptual framework of Spanish imperial expansion during the early modern period mostly during the 16th century It intends to offer a nuanced and balanced account of the complexities of this historically controversial period analyzing first its historical underpinnings then shedding light on the normative language behind imperial theorizing and finally discussing issues that arose with the experience of the conquest of American polities such as colonialism slavery or utopia The aim of this volume is to uncover the structural and normative elements of the theological legal and philosophical arguments about Spanish imperial ambitions in the early modern period Contributors are Manuel Herrero S nchez Jos Luis Eg o Christiane Birr Miguel Anxo Pena Gonz lez Tamar Herzog Merio Scattola Virpi M kinen Wim Decock Christian Sch fer Francisco Castilla Urbano Daniel Schwartz Felipe Casta eda Jos Luis Ramos Gorostiza Luis Perdices de Blas Beatriz Fern ndez Herrero

The Cambridge History of Later Medieval Philosophy Norman Kretzmann, Anthony Kenny, Jan Pinborg, 1982 A history of philosophy from 1100 1600 concentrating on the Aristotelian tradition in the Latin Christian West will long remain the major guide to later medieval philosophy and related topics Most of the essays are exciting and challenging some of them truly brilliant

Speculum **The Oxford Companion to Philosophy** Ted Honderich, 2005-03-10 Oxford University Press presents a major new edition of the definitive philosophical reference work for readers at all levels For ten years the original volume has served as a stimulating introduction for general readers and as an indispensable guide for students its breadth and depth of coverage have ensured that it is also read with pleasure and interest by those working at a higher level in philosophy and related disciplines A distinguished international assembly of 249

philosophers contributed almost 2 000 entries and many of these have now been considerably revised and updated to these are added over 300 brand new pieces on a fascinating range of current topics This new edition offers enlightening and enjoyable discussions of all aspects of philosophy and of the lives and work of the great philosophers from antiquity to the present day Rethinking Medieval and Renaissance Political Thought Chris Jones,Takashi Shogimen,2023-06-16 This collection of essays written by leading experts showcases historiographical problems fresh interpretations and new debates in medieval and Renaissance history and political thought Recent scholarship on medieval and Renaissance political thought is witness to tectonic movements These involve quiet yet considerable re evaluations of key thinkers such as Thomas Aquinas and Machiavelli as well as the string of lesser known political thinkers who wrote in western Europe between Late Antiquity and the Reformation Taking stock of thirty years of developments this volume demonstrates the contemporary vibrancy of the history of medieval and Renaissance political thought By both celebrating and challenging the perspectives of a generation of scholars notably Cary J Nederman it offers refreshing new assessments The book re introduces the history of western political thought in the Middle Ages and the Renaissance to the wider disciplines of History and Political Science Recent historiographical debates have revolutionized discussion of whether or not there was an Aristotelian revolution in the thirteenth century Thinkers such as Machiavelli and Marsilius of Padua are read in new ways less well known texts such as the Irish On the Twelve Abuses of the Age offer new perspectives Further the collection argues that medieval political ideas contain important lessons for the study of concepts of contemporary interest such as toleration The volume is an ideal resource for both students and scholars interested in medieval and Renaissance history as well as the history of political thought **Ockham and Political Discourse in the Late Middle Ages** Takashi Shogimen,2007-09-13 The English Franciscan William of Ockham c 1285 1347 was one of the most influential philosophers and theologians in late medieval Europe Fresh scholarship has shown his profound impact on logic metaphysics epistemology and the philosophy of language in the late Middle Ages and beyond Following a dispute between the papacy and his Order Ockham abandoned his academic career and devoted himself to anti papal polemics Scholars have produced divergent and often contradictory interpretations of Ockham as a political thinker a destructive critic of the medieval Church a medieval Catholic traditionalist the Franciscan ideologue and a constitutional liberal This 2007 book offers a fresh reappraisal of Ockham s political thought by approaching his anti papal writings as a series of polemical responses His aggressive and persistent attack on the papacy emerges in this study as an attempt to rescue the ethical foundations of the Christian society from the political influences of heretical popes

If you ally compulsion such a referred **Political Thought Of William Ockham** books that will meet the expense of you worth, acquire the enormously best seller from us currently from several preferred authors. If you want to witty books, lots of novels, tale, jokes, and more fictions collections are along with launched, from best seller to one of the most current released.

Political Thought Of William Ockham Introduction

In the digital age, access to information has become easier than ever before. The ability to download Political Thought Of William Ockham has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Political Thought Of William Ockham has opened up a world of possibilities. Downloading Political Thought Of William Ockham provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Political Thought Of William Ockham has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Political Thought Of William Ockham. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Political Thought Of William Ockham. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Political Thought Of William Ockham, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Political Thought Of William Ockham has transformed the way we access information.

With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Political Thought Of William Ockham Books
