Quatre siècles d'armurerie liégeoise Claude Gaier, 1985 *La pauvreté dans la région liégeoise à l'aube de la révolution industrielle* Nicole Haesenne-Peremans, 1981 **Proto-industrialisation** René Leboutte, 1996 *War and Rural Life in the Early Modern Low Countries* Myron P. Gutmann, 2014-07-14 In addition to famine and disease war had a considerable impact on rural society in early modern Europe Myron Gutmann studies this impact through a systematic analysis of military economic and demographic variables as they affected the Basse Meuse area in Eastern Belgium and the Netherlands between 1620 and 1750 Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Medieval Warfare** Everett U. Crosby, 2000-08-14 Homo sapiens homo pugnans and so it has been since the beginning of recorded history In the Middle Ages especially armed conflict and the military life were so much a part of the political and cultural development that a general account of this period is in large measure a description of how men went to war **A House Divided** Carl Strikwerda, 2000-01-01 The first book to explore the historical development of Belgian politics this groundbreaking study of the rivalry between Catholicism Socialism and nationalism is essential reading for anyone interested in Europe before World War I War, State, and Society in Liège Roeland Goorts, 2019-03-11 Small power diplomacy in seventeenth century Europe War State and Society in Liège is a fascinating case study of the consequences of war in the Prince Bishopric of Liège and touches upon wider issues in early modern history such as small power diplomacy in the seventeenth century and during the Nine Years War For centuries the small semi independent Holy Roman Principality of Liège succeeded in preserving a non belligerent role in European conflicts During the Nine Years War 1688 1697 however Liège's leaders had to abolish the practice of neutrality For the first time in its early modern history the Prince Bishopric had to raise a regular army reconstruct ruined defence structures and supply army contributions in both money and material The issues under discussion in War State and Society in Liège offer the reader insight into how Liège politically protected its powerful institutions and how the local elite tried to influence the interplay between domestic and external diplomatic relationships L'armurerie liégeoise et la Guerre de sécession, 1861-1865 Francis Balace, 1978 **Marriage Choices and Class Boundaries** Marco H. D. van Leeuwen, Ineke Maas, Andrew Miles, 2005 Endogamy the custom forbidding marriage outside one's social class is central to social history This study considers the factors determining who married whom whether partner selection changed over the past three hundred years and regional differences between Europe and South America **Principauté de Liège** Bruno Demoulin, 1998 *Legendary Sporting Guns* Eric Joly, 1999 The best

hunting guns hold a unique place in the pantheon of sporting equipment Objects of great beauty agents of immense force these rifles conjure images of wild safari runs upland game hunts and still mornings spent huddled behind a duck blind accompanied only by a trusted retriever Highly prized by hunter and non hunter alike the great guns and their storied past are explored fully in this enthusiastic colorful survey Combining the lore of the hunt with exquisite historical images Legendary Sporting Guns offers a double barreled approach to the subject A thorough anecdotal opening text relates the long saga behind the creation and refinement of these arms as well as many rich stories of their use in the field from the moors of France to the expansive veldts of Africa Then a brand by brand catalog examines the finer points of the most exquisite guns in use today providing specifications on action barrel engraving weight stock and caliber or gauge along with illustrations featuring both the complete gun in profile and a detailed view of its action In tracing the international odyssey of the gun from the historic manufacturing centers of Liège Birmingham and Saint Etienne to the unparalleled gun makers Purdey Holland and Holland Francotte and Lebeau Courally Legendary Sporting Guns also tells the story of hunting itself
