Queen Isabella The First:

Isabella of Castile Giles Tremlett, 2017-02-09 In 1474 a twenty three year old woman ascended the throne of Castile the largest and strongest kingdom in Spain Ahead of her lay the considerable challenge not only of being a young female ruler in an overwhelmingly male dominated world but also of reforming a major European kingdom that was riddled with crime corruption and violent political factionism Her marriage to Ferdinand of Aragon was crucial to her success bringing together as it did two kingdoms but it was a royal partnership in which Isabella more than held her own Her pivotal reign was long and transformative uniting Spain and setting the stage for its golden era of global dominance For by the time of her death in 1504 Isabella had laid the foundations not just of modern Spain but of one of the world s greatest empires Acclaimed historian Giles Tremlett chronicles the life of Isabella of Castile as she led her country out of the murky middle ages and harnessed the newest ideas and tools of the early Renaissance to turn her ill disciplined quarrelsome nation into a sharper modern state with a powerful clear minded and ambitious monarch at its centre With authority insight and flair he relates the story of this legendary if controversial first initiate in a small club of great European queens that includes Elizabeth I of England Russia s Catherine the Great and Britain s Queen Victoria **Isabella of Castile** Nancy Rubin Stuart, 1991

 readable tour de force that brings Queen Isabella vividly to life The Washington Post Book World An insightful and
 compelling USA Today biography of Isabella of England one of history s most notorious and charismatic queens from the New
 York Times bestselling author hailed as the finest historian of English monarchical succession writing The Boston Globe
 Isabella arrived in London in 1308 the spirited twelve year old daughter of King Philip IV of France Her marriage to the heir
 to England s throne was designed to heal old political wounds between the two countries and in the years that followed she
 would become an important figure a determined and clever woman whose influence would come to last centuries But Queen
 Isabella s political machinations led generations of historians to malign her earning her a reputation as a ruthless schemer
 and an odious nickname the She Wolf of France The newly wed Isabella was denied the attentions of Edward II a weak
 sexually ambiguous monarch with scant taste for his royal duties As their marriage progressed Isabella was neglected by her
 dissolute husband and slighted by his favored male courtiers Humiliated and deprived of her income her children and her
 liberty Isabella escaped to France where she entered into a passionate affair with Edward II s mortal enemy Roger Mortimer
 Together they deposed Edward and ruled in his stead as co regents for Isabella s young son Edward III Fate however was
 soon to catch up with Isabella and her lover A work of extraordinary original research Queen Isabella strips away centuries of
 propaganda legend and romantic myth and gives a groundbreaking new perspective on Isabella a truly remarkable woman
 who had a profound influence upon the age in which she lived and the history of western Europe **Isabella** Kirstin
 Downey,2015-11-10 An engrossing and revolutionary biography of Isabella of Castile the controversial Queen of Spain who

 influential female rulers in history In 1474 when most women were almost powerless twenty three year old Isabella defied a
 hostile brother and a mercurial husband to seize control of Castile and Le n Her subsequent feats were legendary She ended
 a twenty four generation struggle between Muslims and Christians forcing North African invaders back over the
 Mediterranean Sea She laid the foundation for a unified Spain She sponsored Columbus s trip to the Indies and negotiated
 Spanish control over much of the New World She also annihilated all who stood against her by establishing a bloody religious
 Inquisition that would darken Spain s reputation for centuries Whether saintly or satanic no female leader has done more to
 shape our modern world Yet history has all but forgotten Isabella s influence Using new scholarship Downey s luminous
 biography tells the story of this brilliant fervent forgotten woman the faith that propelled her through life and the land of
 ancient conflicts and intrigue she brought under her command **Lives of the Queens of England** Agnes Strickland,1852
