Queens English:

The Queens' English Chloe O. Davis, 2025-04-29 This young readers adaptation of *The Queens English* is a nonfiction illustrated reference guide to the LGBTQIA community's contributions to the English language. This playful richly illustrated visual dictionary is the perfect book for anyone who has ever wondered about the origin of phrases like boi drag or demisexual, the history of the word queer, and the wonderfully diverse wide ranging histories that have contributed to LGBTQIA culture and vocabulary. Drawing from traditions as divergent as the ancient poet Sappho to the underground ball scene of the 1980s from the Stonewall Riots to RuPaul's Drag Race, this glossary is a colorful compendium and a celebration of every king, queen, butch, femme, trans, folx, and enby who has shaped the history, identity, and limitless imagination of queerness.

Trauma, Injustice and Identity Mervyn Coetzee, Sivakumar Sivasubramaniam, 2024-07-05 Many students for whom English is a second language may be reticent in the classroom due to their perceived lack of English language fluency among other reasons. The study featured in this book investigates the discourses of affective trauma, injustice, and identity in the personal language narratives of academic literacy students enrolled into a four-year undergraduate degree programme at a South African university. The study also featured interviews with students and teaching staff, observations of tutorials, observations from the teacher, as well as a comprehensive survey. The purpose of the book is to attempt an analysis of the underlying reasons for the students' apparent reticence and demotivation and to engender a critical awareness of affective issues in the learning and teaching environment of educators at primary, high school, and tertiary education levels. Affective trauma and its impact on student success and retention is an under-researched area of learning and teaching. The book aims to present transformative measures to address these issues. This is an important book for educators, educational policy makers, curriculum developers, and learning and teaching specialists.
