Caren,2000 The rich history of New York unfolds through the city s earliest publications In 1693 William Bradford s broadside recounts a speech by Governor Benjamin Fletcher regarding Their Majesties Province of New York Building from there we are treated to major historic incidents including the execution of Nathan Hale 1776 Washington s farewell to his officers at New York s Fraunces Tavern 1783 Amistad 1839 early engravings of the city the installation of the Statue of Liberty the construction Grand Central Terminal and of many major landmarks through the 1939 Worlds Fair Immigrants arriving at Ellis Island and reports on city workers combine with social and political scandal to show that some things never really do change A wonderful gift for anyone who loves New York and its boroughs The Royal Regiment of Fusiliers David J. Hunter,1999 Sixteenth/5th James D. Lunt,1973 **The Scarlet Lancers** James Lunt,1993-03-01 The 16th 5th Queen s Royal Lancers have long had the reputation of being one of the most efficient and at the same time one of the least flamboyant of the British cavalry regiments The regiment as it exists today is the product of the amalgamation after the Great War of two cavalry regiments whose combined battle honours bear witness to their distinguished services It was first raised as the Royal Dragoons of Ireland and more recently has returned in triumph from the Gulf War prior to which not one member of the regiment had seen action apart from tours in Northern Ireland In writing this history of the regiment he once commanded General Lunt offers evidence of the continuing value of tradition and esprit de corps on which the regimental system of the British Army has for so long been based **Ninth Queens Royal Lancers 1715-1903** Frank H. Reynard,2002-09-01 The first thing that struck me about this history was the number of appendices and the information they contained There are nine of them and they take up over 100 pages beginning with the list of battles in effect battle honours which are keyed to the campaign medals depicted in colour on a double page spread in the colour plate section at the beginning of the book Then there is an explanation of guidons and standards two of these are illustrated in colour There is a table showing the establishment of the Regiment in 1715 and all the changes up to 1903 with explanatory footnotes Most useful is the list of the places where the Regiment has been stationed and on active service with dates from 1715 to January 1903 Other appendices give details of dress depicted in eight colour plates succession of Colonels of the Regiment with biographical information succession of Commanding Officers Adjutants and Quartermasters extracts

from the Annual Army Lists from 1715 alphabetical list of officers appointed to the Regiment 1715 1903 showing date of appointment cause of leaving etc and finally and most unusual a list of Officers attending the annual Regimental Dinner during the period 1866 to 1903 The history itself is arranged in chapters each chapter covering a specific time frame and in the text the year in which the events being described took place is shown in the margin in effect a chronology Formed as Major General Owen Wynne's Regiment of Dragoons in 1715 it was within a few weeks in action at Preston against the Jacobite rebel forces of the Old Pretender The title changed to 9th Dragoons in 1751 and subsequently to Light Dragoons and finally after Waterloo to 9th Lancers becoming Queen's Royal Queen Adelaide in 1830 It saw action in S America Walcheren the Peninsula the Sikh Wars the Mutiny Kabul Kandahar Afghanistan and S Africa Probably its finest achievement was during the Indian Mutiny in which it was engaged between June 1857 and January 1859 losing 5 officers and 143 men and being awarded 13 VCs one of them an officer of 2nd Dragoon Guards attached to the Regiment which must be the greatest number of VCs awarded to a unit during the course of a campaign There is plenty of action in this account but for regimental detail this history takes some beating **16th/5th the Queen's Royal Lancers** James Lunt, 1973 Introduktion til bogen ved Brian Horrocks
