Queer Diasporas Cindy Patton, Benigno Sánchez-Eppler, 2000 A groundbreaking collection of essays examining the effects of mobility and displacement on queer sexual identities and practices Locating Queer Histories Matt Cook, Alison Oram, Justin Bengry, 2022-10-06 Ranging from the mid 19th century to the present and from Edinburgh to Plymouth this powerful collection explores the significance of locality in queer space and experiences in modern British history The chapters cover a broad range of themes from migration movement and multiculturalism the distinctive queer social and political scenes of different cities and the ways in which places have been reimagined through locally led community history projects The book challenges traditional LGBTQ histories which have tended to conceive of queer experience in the UK as a comprising a homogeneous national narrative Edited by leading historians the book foregrounds the voices of LGBTQ identified people by looking at a range of letters diaries TV interviews and oral testimonies It provides a unique and fascinating account of queer experiences in Britain and how they have been shaped through different localities Cultural Studies Simon During, 2005 An ideal introduction explaining the history and key concerns of cultural studies

Undisciplined Nihad Faroog, 2016-07-19 Reciprocity Wonder Consequence Object Lessons in the Land of Fire Of Blindness Blood and Second Sight Transpersonal Journeys from Brazil to Ethiopia Creole Authenticity and Cultural Performance Ethnographic Personhood in the Twentieth Century Performing Diaspora The Science of Speaking for Haiti Conclusion I Danced I Don t Know How Media Race and the Posthuman **Reading Bibles, Writing Bodies** Timothy K. Beal, David Gunn, 2002-06 The Bible is often said to be one of the foundation texts of Western culture. The present volume shows that it goes far beyond being a religious text The essays explore how religious political and cultural identities including ethnicity and gender are embodied in biblical discourse Following the authors we read the Bible with new eyes as a critic of gender ideology politics and culture We ask ourselves new questions about God's body about women's role about racial prejudices and about the politics of the written word Reading Bibles Writing Bodies crosses boundaries It questions our most fundamental assumptions about the Bible It shows how biblical studies can benefit from the mainstream of Western intellectual discourse throwing up entirely new questions and offering surprising answers Accessible engaging and moving easily between theory and the reading of specific texts this volume is an exciting contribution to contemporary biblical and cultural studies The Psychoanalysis of Race Christopher Lane, 1998 Are divisive political forces the source of the historical persistence of racism and its alarming reoccurence in contemporary society Or are there more subtle and more intractable causes This collection of essays studies the seemingly permanent racial undercurrents of society focusing on unconscious fantasies and identities T&T Clark Handbook of Asian American Biblical Hermeneutics Uriah Y. Kim, Seung Ai Yang, 2019-05-30 The first reference resource on how Asian Americans are currently reading and interpreting the Bible this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical

hermeneutics The volume works from the important background that Asian Americans are the fastest growing ethnic racial minority population in the USA and that 42% of this group identifies as Christian This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible Part 1 of the Handbook describes six major ethic groups that make up 85% of Asian population by country of origin China Philippines Indian Subcontinent Vietnam Korea Japan and outlines the specific concerns each group has when its members read the Bible Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible Finally Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible using what they consider to be Asian American hermeneutics Taken together the Handbook interprets the Bible both with and for the Asian American communities Transnational Migrations William Safran,Ajaya Sahoo,Brij V. Lal,2013-10-18 This book studies Indian diaspora currenlty 20 million across the world from various perspectives It looks at the transnational nature of the middle class worker Other aspects include post 9 11 challenges ethnicity in USA cultural identity versus national identity gender issues amongst the diaspora communities It argues that Indian middle classes have the unique advantages of skills mobility cultural rootedness and ethics of hard work

A View from the Bottom Tan Hoang Nguyen, 2014-07-29 A View from the Bottom offers a major critical reassessment of male effeminacy and its racialization in visual culture Examining portrayals of Asian and Asian American men in Hollywood cinema European art film gay pornography and experimental documentary Nguyen Tan Hoang explores the cultural meanings that accrue to sexual positions He shows how cultural fantasies around the position of the sexual bottom overdetermine and refract the meanings of race gender sexuality and nationality in American culture in ways that both enable and constrain Asian masculinity Challenging the association of bottoming with passivity and abjection Nguyen suggests ways of thinking about the bottom position that afford agency and pleasure A more capacious conception of bottomhood as a sexual position a social alliance an affective bond and an aesthetic form has the potential to destabilize sexual gender and racial norms suggesting an ethical mode of relation organized not around dominance and mastery but around the risk of vulnerability and shame Thus reconceived bottomhood as a critical category creates new possibilities for arousal receptiveness and recognition and offers a new framework for analyzing sexual representations in cinema as well as understanding their relation to oppositional political projects Ethnic Literatures and Transnationalism Aparajita Nanda, 2014-11-13 As new comparative perspectives on race and ethnicity open up scholars are identifying and exploring fresh topics and questions in an effort to reconceptualize ethnic studies and draw attention to nation based approaches that may have previously been ignored This volume by recognizing the complexity of cultural production in both its diasporic and national contexts seeks a nuanced critical approach in order to look ahead to the future of transnational literary studies The majority of the chapters written by literary and ethnic studies scholars analyze ethnic literatures of the United States which

given the nation's history of slavery and immigration form an integral part of mainstream American literature today While the primary focus is literary the chapters analyze their specific topics from perspectives drawn from several disciplines including cultural studies and history This book is an exciting and insightful resource for scholars with interests in transnationalism American literature and ethnic studies Critical Approaches to Genocide Hülya Adak, Fatma Müge Göçek, Ronald Grigor Suny, 2023-09-28 The study of genocide has been appropriate in emphasizing the centrality of the Holocaust yet other preceding episodes of mass violence are of great significance Taking a transnational and transhistorical approach this volume redresses and replaces the silencing of the Armenian Genocide Scholarship relating to the history of denial comparative approaches in the deportations and killings of Greeks and Armenians during the First World War and women s histories during the genocide and post genocide proliferated during the centennial of the Armenian Genocide in 2015 Collectively however these studies have not been enough to offer a comprehensive account of the historical record documentation and interpretation of events during 1915 1916 This study seeks to bridge the gap by unsettling nationalist narratives and addressing areas such as aesthetics gender and sexuality By bringing forward various dimensions of the human experience including the political socioeconomic cultural social gendered and legal contexts within which such silencing occurred the essays address the methodological silences and processes of selectivity and exclusion in scholarship on the Armenian Genocide The interdisciplinary approach makes Critical Approaches to Genocide a useful resource for all students and scholars interested in the Armenian Genocide and memory studies Transnational Lives and the Media O. Bailey, M. Georgiou, R. Harindranath, 2007-07-31 This collection offers a comprehensive account of the relation between diaspora and media cultures It analyses the politics of transnational communication the consumption of media by diasporic communities and the views of non governmental organizations on issues of the participation and representation of ethnic minorities in the media Figurations of Violence and Belonging Adi Kuntsman, 2009 This book offers a critical analysis of the complex relationship between violence and belonging by exploring the ways sexual ethnic or national belonging can work through rather than against violence Based on an ethnographic study of Russian speaking queer immigrants in Israel Palestine and in cyberspace it gives an insight into the world of hate speech and fantasies of torture and sexual abuse of tormented subjectivities and uncanny homes of ghostly hauntings from the past and anxieties about the present and future The author raises questions about the responsibilities of national homemaking the complicity of queerness within violent regimes of colonialism and war and the ambivalence of immigrant belonging at the intersection of marginality and privilege Drawing from scholarship on migration diaspora and race studies feminist and queer theory psychoanalysis and studies on cyberculture the book traces the interplay between the different forms of violence physical and verbal social and psychic material and discursive and offers novel insights into the analysis of nationalism on line sociality and gueer migranthood Feminist Studies .2013 Routledge Handbook of Turkey's Diasporas Ayca Arkilic, Banu Senay, 2024-08-21 This
