Criminal Intimacy Regina Kunzel,2022-03-22 Sex is usually assumed to be a closely guarded secret of prison life But it has long been the subject of

intense scrutiny by both prison administrators and reformers as well as a source of fascination and anxiety for the American public. Historically, sex behind bars has evoked radically different responses from professionals and the public alike. In *Criminal Intimacy*, Regina Kunzel tracks these varying interpretations and reveals their foundational influence on modern thinking about sexuality and identity. Historians have held the fusion of sexual desire and identity to be the defining marker of sexual modernity, but sex behind bars often involving otherwise heterosexual prisoners calls those assumptions into question. By exploring the sexual lives of prisoners and the sexual culture of prisons over the past two centuries, along with the impact of a range of issues including race, class, and gender, sexual violence, prisoners' rights activism, and the HIV epidemic, Kunzel discovers a world whose surprising plurality and mutability reveals the fissures and fault lines beneath modern sexuality itself. Drawing on a wide range of sources including physicians, psychiatrists, sociologists, correctional administrators, journalists, and prisoners themselves, as well as depictions of prison life in popular culture, Kunzel argues for the importance of the prison to the history of sexuality and for the centrality of ideas about sex and sexuality to the modern prison. In the process, she deepens and complicates our understanding of sexuality in America.

Landscape Is...! Gareth Doherty, Charles Waldheim, 2025-02-24 *Landscape Is* examines the implicit biases and received meanings of landscape. Following on from the previous publication *Is Landscape* which examined the plural and promiscuous identities of the landscape idea, this companion volume reflects upon the diverse and multiple meanings of landscape as a discipline, profession, and medium. This book is intended for academics, researchers, and students in landscape architecture and cognate disciplines. Chapters address various overlooked aspects of landscape that develop, disturb, and diversify received understandings of the field. Framed as an inquiry into the relationship of landscape to the forms of human subjectivity, the book features contributions from leading voices who challenge the contemporary understandings of the field in relation to capital, class, race, and gender, power, and politics, and more.

Queering the Interior Andrew Gorman-Murray, Matt Cook, 2020-06-11 *Queering the Interior* problematizes the familiar space of home. It deploys a queer lens to view domestic interiors and conventions and uncovers some of the complexities of homemaking for queer people. Each of the book's six sections focuses on a different room or space inside the home. The journey starts with entryways and continues through kitchens, living spaces, bedrooms, bathrooms, and finally closets and studies. In each case, up to three specialists bring their disciplinary expertise and queer perspectives to bear. The result is a fascinating collection of essays by scholars from literary studies, geography, sociology, anthropology, history, and art history. The contributors use historical and sociological case studies, spatial art, and literary analyses, interviews, and experimental visual approaches to deliver fresh, detailed, and grounded perspectives on the home and its queer dimensions. A highly creative approach to the analysis of domestic spaces, *Queering the Interior* makes an important contribution to the fields of gender studies, social and cultural history, cultural studies, design, architecture, anthropology, sociology, and cultural geography.
