Quest For Contact A True Story Of Crop Circles Psychics Ufos:

Quest for Contact Andy Thomas, Paul Bura, 1997 Crop Circles Revealed Judith Moore, Barbara Lamb, 2001 Through both examination of the crop circles and channeled investigation Crop Circles Revealed explores a new understanding to help the people of the world and our mother planet survive the new millenium Scientific formulas of light and sound and the wisdom found in the mythologies of the ages are brought together in this up to the minute 2001 edition The New Heretics Andy Thomas, 2021-12-14 This is the most balanced and well reasoned investigation available into why people believe today s highly divisive conspiracy theories from COVID and QAnon to 5G scares fake news and more Through their part in some huge controversies conspiracy theorists are being branded the Number One Enemies of our times the new heretics They are seen to threaten the very fabric of modern society spreading doubts and fears that result in Washington Capitol invasions transmission mast burnings or the spread of anti vaxx material Yet the theorists prefer to call themselves truth seekers and see the mainstream establishment as the real disruptor treating its increasingly harsh censorship as direct validation of their views In truth the new heretics whose numbers are swelling are symptoms of a wider polarization splitting apart much of the world in ideological divisions Many have lost trust in politicians and the media while nuanced debate is crushed and information overload and manipulation breeds uncertainty civil unrest and mental health issues How does the age old strategy of divide and rule play out in such an environment Using his extensive experience of negotiating disputes between cynics and truth seekers Andy Thomas explores the proliferation of conspiracy thinking peeling back unhelpful layers of biased thinking on all sides to find more insightful ways to bridge the polarised divides and create a better way forward

Strange Andy Thomas, 2025-07-08 Every day very ordinary people are having extraordinarily strange experiences In one of the most insightful investigations ever published using the most up to date evidence and refreshingly open minded approaches *Strange* reveals previously unrecorded true life tales like these MEETINGS WITH GHOSTS A new husband haunted by his predecessor a woman receiving a visit from her friend not knowing the friend is now dead a child s face peering out from a sofa ENCOUNTERS WITH UFOS Police pursuing balls of light in a car chase across country roads Nuclear power station workers watching craft arise from beneath the sea A couple called into their garden to witness an uncanny display PSYCHIC EXPERIENCES A soldier whose out of body experience enables him to be retrieved alive from battlefield carnage A psychic experiment so intense that a glass smashes against a wall A military officer whose premonition saves his colleagues from being caught in an invasion BIZARRE HAPPENINGS A woman whose car is unexpectedly flown into the sky by an invisible force Crop circles that materialise unseen just metres away from bystanders A timeslip that sends a delivery truck back into the early 1900s Sceptics dismiss all such encounters but what if they are wrong What unconventional causes could be behind such astounding experiences and what are the huge implications Will new AI enhanced revelations turn humanity s entire understanding of reality upside down *Strange* demonstrates that it is time to take an important new

The Myth and Mystery of UFOs Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune s website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don t such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard s wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard s book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the

boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard s study is a sky watcher s guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth [Whitaker's Books in Print](#) ,1998

 Daniel Pinchbeck, 2010-10-14 In this unsparing tour of the perils and promises of the current era visionary author Daniel
 Pinchbeck helps us understand that we don't need to wait for the dawning of the next age to radically change our
 perspectives In the years since his pioneering work 2012 Daniel Pinchbeck has touched a legion of readers hungry for insight
 and guidance about new ways of living amid the crises of the current moment Notes from the Edge Times collects Pinchbeck's
 most penetrating recent columns articles and essays that amount to an extraordinary mosaic view of the hopes nightmares
 and signs of breakthrough that mark our present era Pinchbeck examines the current economic collapse an event he had
 foreseen by many months radical political and ecological alternatives the uses of psychedelics for spiritual insight the revival
 of the sexual revolution unexplained phenomena such as crop circles and the Norway spiral the imminent and often
 misunderstood question of 2012 and what it means to be an artist in a time of radical change Pinchbeck's virtuosity as a
 social critic on full display in these pieces is his ability to illuminate real and serious questions within unconventional topics

that most literary intellectuals are unwilling to touch from secret weapons systems to extrasensory abilities to the intelligence of plant life In Notes from the Edge Times Pinchbeck does more than critique present day questions and conflicts he provides fresh ideas for living more consciously now and for constructing our own more enlightened futures even as the world around us faces profound environmental social and spiritual challenges
