Curbing Population Growth Oscar Harkavy,2013-06-29 Oscar Harkavy offers a unique insider s view of the fascinating world of population politics Chapters trace the growth of the movement as well as the various foundations governments and intergovernmental organizations which were an integral part of it from its beginning in the 1950s through its growth during the 60s and 70s to the present Topics include the role of social science in understanding the causes and effects of population growth reproductive research and contraceptive development and the politics of family planning sex education and abortion in the United States

Too Hot to Handle Jonathan Zimmerman,2015-02-22 The first comprehensive history of sex education around the world Too Hot to Handle is the first truly international history of sex education As Jonathan Zimmerman shows the controversial subject began in the West and spread steadily around the world over the past century As people crossed borders however they joined hands to block sex education from most of their classrooms Examining key players who supported and opposed the sex education movement Zimmerman takes a close look at one of the most debated and divisive hallmarks of modern schooling In the early 1900s the United States pioneered sex education to protect citizens from venereal disease But the American approach came under fire after World War II from European countries which valued individual rights and pleasures over social goals and outcomes In the so called Third World sex education developed in response to the deadly crisis of HIV AIDS By the early 2000s nearly every country in the world addressed sex in its official school curriculum Still Zimmerman demonstrates that sex education never won a sustained foothold parents and religious leaders rejected the subject as an intrusion on their authority while teachers and principals worried that it would undermine their own tenuous powers Despite the overall liberalization of sexual attitudes opposition to sex education increased as the century unfolded Into the present it remains a subject without a home Too Hot to Handle presents the stormy development and dilemmas of school based sex education in the modern world

Roots Quest Jackie Hogan,2019-01-15 America is in the midst of a genealogy boom In the last thirty years the number of Americans who said they were very interested in family history jumped from 29% to 87% Online genealogy sites like Ancestry com went from being a small genealogical research website into a NASDAQ listed corporation with more than two million subscribers In *Roots Quest* sociologist Jackie Hogan digs into this genealogy boom to ask why we are so interested in our family history She goes beyond simple demographics retiring baby boomers with more time on their hands to show that the surging popularity of genealogy is in part a response to some of the large scale social changes transforming our lives such as the increasingly virtual nature of social life and the sense of rootlessness these transformations provoke *Roots Quest* explores the way our increasingly rootless society fuels the quest for authenticity for deep history and for an elemental sense of belonging for roots

Ancient Quests of the Double-Peaked Mountain Clay Sherrod,2016-08-19 Only traces of ancient civilizations and cultures remain from the prehistoric record and only through small pieces stories images and fragments do we feel the lives of the Native Americans who called this land Home for thousands of years and then forced away from that homeland As cultures merged efforts continued by solitary ethnic populations to maintain their ancient ways But scattered diluted and confused many of the ancient sacred ways became legend and myth The story seemingly ends with most of these people and their heritage either driven away or finally scattered into mixed cultures At some time around 1898 the last time any of these people returned to a mysterious annual quest a link to their past was the time at which they would never return This is a tale of a double peaked mountain a vision quest and the Shaman who perhaps ritualistically preserved markers of heritage important to those people who passed through the river valleys of Arkansas

Rescue: So Others May Live! J.D. Wilson,2013-11 Leadership in the church has lost its God ordained identity as small family fellowship leaders and traded it in for a Business model of leadership The model for church life that Jesus left as a very strong impression on the New Testament was to be part of a family that shares each other s burdens and offers hope and healing prayer to one another My purpose in writing this book is to help church leaders and small group leaders re discover their God given roles of family leadership I write this message also in order to equip followers of Jesus to model and emulate Jesus Christ to others through surrender and obedience to the Holy Spirit Galatians clearly teaches to Walk by the Spirit and that should be our only goal then Jesus can Rescue hearts through us

Houses, Families, and Cohabitation Dag Lindström, Göran Tagesson, 2024-11-05 This book is an interdisciplinary study that draws on a combination of archaeological evidence building archaeological analysis archival sources to explore the dynamic relations between dwelling houses social organization of households and patterns of cohabitation during the eighteenth century The empirical focus of this book is on Swedish towns but it also addresses more general issues about urbanity and urban life space and social organization and materiality and individual agency Aggregated questions about urban life and urban space are combined with a micro historical method revealing aspects of daily life and urban change This study unveils a previously neglected history Swedish eighteenth century towns have commonly been identified as a territory characterized by its sleepy absence of change This study proves the opposite Houses were built larger with more diverse and complex inner structures Family structures changed households generally became smaller the share of households headed by a married couple declined and the number of single households increased Population density increased the number of families residing in the same house increased and rental accommodation became more prevalent This volume is essential reading for anyone interested in early modern housing urban change and interdisciplinary methods

Newspaper Competition in the Millennium Janet A. Bridges, 2006 Technology in the 21st century has redesigned most editorial jobs and extended the potential reach of any publication no matter how small In effect not only the individual business models but also the overall industry competitive model has changed No longer confined to serving a physically defined environment individual newspapers can set their own goals both for news distribution and for advertising reach without concern for physical restrictions And the continual sales of newspaper properties result in mergers increased clustering and other types of group alliances The newspaper industry is also affected competitively by employee recruitment and retention the non daily market other news related media and non news carriers of advertising The industry related technology has in effect exploded reaching every news medium in some way Within the framework of the exploding technological environment the country s economy and changing demographics have created increased challenges for an industry so dependent on advertising revenue and reader reach This volume explores the competitive issues as they relate to the industry at this time
