The Age of Questions Holly Case, 2018-07-10 A groundbreaking history of the Big Questions that dominated the nineteenth century In the early nineteenth century a new age began the age of questions In the Eastern and Belgian questions as much as in the slavery worker social woman and Jewish questions contemporaries saw not interrogatives to be answered but problems to be solved Alexis de Tocqueville Victor Hugo Karl Marx Frederick Douglass Fyodor Dostoevsky Rosa Luxemburg and Adolf Hitler were among the many who put their pens to the task The Age of Questions asks how the question form arose what trajectory it followed and why it provoked such feverish excitement for over a century Was there a family resemblance between questions Have they disappeared or are they on the rise again in our time In this pioneering book Holly Case undertakes a stunningly original analysis presenting chapter by chapter seven distinct arguments and frameworks for understanding the age She considers whether it was marked by a progressive quest for emancipation of women slaves Jews laborers and others a steady inexorable march toward genocide and the Final Solution or a movement toward federation and the dissolution of boundaries Or was it simply a farce a false frenzy dreamed up by publicists eager to sell subscriptions As the arguments clash patterns emerge and sharpen until the age reveals its full and peculiar nature Turning convention on its head with meticulous and astonishingly broad scholarship The Age of Questions illuminates how patterns of thinking move history

processes we shall call them erotetic inferences in which questions play the roles of conclusions or conclusions and premises The inferential approach to the logic of questions focusses its attention on the analysis of erotetic inferences This book consists of eight chapters **Cambridge Learner's Dictionary English-Polish with CD-ROM** Cambridge University Press,2011-05-19 This is a semibilingual Polish version of the Cambridge Learner's Dictionary with definitions in English and Polish translations of the headword for each sense **The Polish Review** ,1918 *The Slovak-Polish Border, 1918-1947* Marcel Jesenský,2014-09-02 The first English language monograph on the Slovak Polish border in 1918 47 explores the interplay of politics diplomacy moral principles and self determination This book argues that the failure to reconcile strategic objectives with territorial claims could cost a higher price than the geographical size of the disputed region would indicate Official Journal League of Nations,1928 *Pamphlets* Boston World peace foundation,1924 *League of Nations* World Peace Foundation,1924 A Sketch of the History of Polish Art Jan Holewiński,1916 *Polish-English* Kazimierz Bulas,Francis J.
