Questioning Tradition Language And Myth:

Questioning Tradition, Language, and Myth Michael R. Molino, 1994 Molino has written one of the best extended studies of Heaney's poetry that I have seen. He sets Heaney's work in a clear cultural context and offers sensitive close readings of individual poems. This sort of book on Heaney, a detailed and thoughtful examination of his canon, has long been needed. Heaney scholars will encounter much in it that will cause them to modify and extend their own responses to the canon. Students post graduate graduate and undergraduate will derive from it a solid grounding in Heaney's poetry. Individuals interested in contemporary Irish poetry will also discover a great deal of material that will serve as a basis for clarification and development of their own opinions. Molino's study will prove to be a very important addition to Heaney scholarship and to the general study of contemporary Irish poetry.

Michael Patrick Gillespie, Professor of English, Marquette University. Seamus Heaney, often cited by critics as one of the most important poets writing in English since World War II, has long deserved an integrated critical study such as Michael R. Molino has written here. *Questioning Tradition: Language and Myth* provides a detailed examination of Heaney's poetry and the political and cultural problems facing literary writers in Ireland today. Molino demonstrates that Heaney has had to come to terms with a literary tradition that is both a continuation of the past and a break from it. Heaney's poetry springs from a complex cultural debate that is often voiced in monologic terms by groups dedicated to defining an exclusive Irish tradition. Yet many Irish writers recognize not one but many competing and irreconcilable traditions whose collective polyphonic voices are often in destructive conflict with each other. Molino rejects the notion that Heaney burrows into archetypes in hopes of discovering or reviving a lost origin or lost ties to the past; he also rejects the notion that Heaney turns to the past in order to evade current political and cultural conflicts facing Ireland. In the author's view, Heaney explores the multiplicity of voices that constitute Ireland's traditions, literature, and history. Amid these voices, the British question lingers as Heaney must acknowledge a debt to the British literary tradition while recognizing Britain's long history of hegemony in Ireland. This comprehensive up-to-date study is founded in a variety of critical and theoretical sources, including Heaney's own critical and creative writing, the standard critical assessments of Heaney's poetry, and the influential theoretical writings that emphasize poststructural, social, text, or postcolonial analysis. Michael R. Molino holds a B.A. degree and an M.A. degree from the University of South Florida and a Ph.D. in English from Marquette University. He is a lecturer in the department of English at the University of Missouri-Rolla. His work has appeared in such publications as the *Journal of Irish Literature*, *College English*, and *Modern Philology*.

[Seamus Heaney's Mythmaking](#) Ian Hickey, Ellen Howley, 2023-04-28 Seamus Heaney's *Mythmaking* examines Seamus Heaney's poetic engagement with myth from his earliest work to the posthumous publication of *Aeneid* Book VI. The essays explore the ways in which Heaney creates his own mythic outlook through multiple mythic lenses. They reveal how Heaney adopts a demiurgic role throughout his career, creating a poetic universe that draws on diverse mythic cycles from Greco-Roman to Irish and

Norse to Native American In doing so this collection is in dialogue with recent work on Heaney's engagement with myth However it is unique in its wide ranging perspective extending beyond Ancient and Classical influences In its focus on Heaney's personal metamorphosis of several mythic cycles this collection reveals more fully the poet's unique approach to mythmaking from his engagement with the act of translation to transnational influences on his work and from his poetic transformations to the poetry's boundary crossing transitions Combining the work of established Heaney scholars with the perspectives of early career researchers this collection contains a wealth of original scholarship that reveals Heaney's expansive mythic mind Mythmaking an act for which Heaney has faced severe criticism is reconsidered by all contributors prompting multifaceted and nuanced readings of the poet's work

Seamus Heaney and the Poetic(s) of Violence Thomas George McGuire, 2004 This dissertation reconsiders the key importance of violence as an aesthetic political and cultural category in Seamus Heaney's poetry and translations The dissertation begins by asking how the relation between violence literature and nationalism might be understood in the Irish postcolonial context The author details how specific explosions of postcolonial violence as well as broader cultural manifestations and perceptions of violence have motivated and informed some of the key aesthetic developments and major projects in this poet's career By examining a wide range of representations from his oeuvre he details Heaney's deft negotiation of the related problems of violence and decolonization through a complex and compelling poetic of violence Specifically he examines Heaney's conception and development of the lyric as a field of force his employment of the pastoral as an anticolonial mode of resistance and his translations of canonical texts as acts of counterviolence carried out at the level of the vernacular and form Through close readings of Heaney's verse translations prose and journalism the author demonstrates how many of his writings can be profitably read as part of an ongoing attempt to intervene textually in a Northern Irish culture of violence He also argues that Heaney's often conflicted occasionally uneven and frequently brilliant attempts to outface violence through writing have necessitated a remarkable degree of experimentation and adaptation at the level of form language and genre By bringing into interactive and critical focus a study of poetics and postcolonial criticism the author attempts to demonstrate that a particular set of violent conditions and perceptions which are endemic to postcolonial situations have to a remarkable degree informed Heaney's highly innovative transformations of inherited cultural materials 3 figures 185 refs

Seamus Heaney Harold Bloom, 2009 Provides insight into seven of Heaney's works along with a short biography of the poet

Seamus Heaney Richard Rankin Russell, 2016-09-13 The first detailed introduction to the entirety of Seamus Heaney's work This study will enable readers to gain clearer understanding of the life and major works of Seamus Heaney It considers literary influences on Heaney ranging from English poets such as Wordsworth Hughes and Auden to Irish poets such as Kavanagh and Yeats to world poets such as Virgil and Dante It shows how Heaney was closely attuned to poetry's impact on daily life and current events even as he articulated a convincing apologia for poetry's own life and integrity Discussing Heaney's deep immersion in Irish Catholicism

this book demonstrates how faith influenced his belief system poetry and politics Finally it also considers how deeply Heaney's artistic endeavours were intertwined with politics in Northern Ireland especially through his embrace of constitutional nationalism but rejection of physical force republicanism Key Features Includes sections on biography historical cultural and political contexts poetry and other genres as well as a concluding section on primary works and secondary criticism Pays special attention to the marriage of form and content in the poetry and how they work together to express subtle shades of meaning Offers close readings of Heaney's canonical poems throughout his career including the early seminal poems such as Digging the bog poems and his many elegies such as Casualty Station Island and Clearances Draws on drafts of the poems and prose at the Heaney archives at Emory University and the National Library of Ireland

The Language Myth in Western Culture Roy Harris, 2013-05-13 The basic claim of this book is that for 2000 years and more the western tradition has relied on two very dubious assumptions about human communication that each national language is a unique code and that linguistic communication consists in the utilization of such codes to transfer messages from mind to mind

Seamus Heaney and the Emblems of Hope Karen Marguerite Moloney, 2007 Explores Seamus Heaney's adaptation of the Celtic ritual known as the Feis of Tara demonstrates the sovereignty motif's continued relevance in works by Irish poets Thomas Kinsella John Montague Eavan Boland and Nuala Ni Dhomhnaill and refutes criticism that charges sexism and overemphasizes sacrifice in Heaney's poetry Provided by publisher

Seamus Heaney and East European Poetry in Translation Carmen Bugar, 2017-12-02 Poetry born of historical upheaval bears witness both to actual historical events and considerations of poetics Under the duress of history the poet who is torn between lamentation and celebration seeks to achieve distance from his troubled times Add to this a deep love for and commitment to the Irish and English poetic traditions and a strong desire to search for models outside his culture and you have the poetry of the Irish Nobel laureate Seamus Heaney 1939 In this study Carmen Bugar looks at how the poetry of Seamus Heaney born of the Troubles in Northern Ireland has encountered the historically tested imaginations of Czeslaw Milosz Joseph Brodsky Osip Mandelstam and Zbigniew Herbert as he aimed to fulfil a Horatian poetics a poetry meant to both instruct and delight its readers Carmen Bugar is the author of a collection of poems Crossing the Carpathians and a memoir Burying the Typewriter

Passage to the Center Daniel Tobin, 2014-07-11 Nobel Laureate Seamus Heaney author of nine collections of poetry and three volumes of influential essays is regarded by many as the greatest Irish poet since Yeats Passage to the Center is the most comprehensive critical treatment to date on Heaney's poetry and the first to study Heaney's body of work up to Seeing Things and The Spirit Level It is also the first to examine the poems from the perspective of religion one of Heaney's guiding preoccupations According to Tobin the growth of Heaney's poetry may be charted through the recurrent figure of the center a key image in the relationship that evolved over time between the poet and his inherited place an evolution that involved the continual re evaluation and re vision of imaginative boundaries In a way that previous studies have not Tobin's work examines Heaney's poetry in the context of

modernist and postmodernist concerns about the desacralizing of civilization and provides a challenging engagement with the work of a living master **Language Myths and the History of English** Richard J. Watts, 2011-03-03 Language Myths and the History of English deconstructs common myths about the historical development of English and looks at the ideological reasons for their existence *Cultural Translation and Postcolonial Poetry* A. Bery, 2007-11-21 This book uses the framework of cultural translation to explore the work of six significant modern writers from Ireland India Australia and the Caribbean Written in an accessible and approachable style it will be of interest not only to specialists in postcolonial literatures but also readers of modern and contemporary poetry more generally **A Singing Contest** Meg Tyler, 2013-11-05 A formal analysis A Singing Contest comprises close readings of Seamus Heaney's poetry Tyler argues that in an era of fractured poetry and politics Seamus Heaney stands out his impulse is towards unity and regeneration Her book considers the interplay between different kinds of literary tradition and community in his poetry For Heaney poetry represents a structure allowing imaginative mediation of conflicts that appear irreconcilable in the social political and historical realms By detailed structural analysis of diction meter imagery and generic form Tyler illustrates how Heaney's poems create concords from discords unities from fracture From the preface by Rosanna Warren A Singing Contest is written with imaginative and emotional urgency and in some large sense as it examines Heaney's spells it seems itself to want to cast a spell against death Hence Tyler's return in various ways to readings of elegy whether the fictive elegies of classical pastoral poems or Heaney's personal elegies She pores in detail over Clearances the sonnet sequence composed in memory of the poet's mother in The Haw Lantern and she concludes her book with a chapter on literary elegies Heaney's farewells to his friends and admired contemporaries Ted Hughes Zbigniew Herbert and Joseph Brodsky In these analyses one sees the wholeness of Tyler's project her argument that for Heaney literary tradition itself rightly received and transformed reaches into the voids made by death and establishes connection across rupture Her thesis is an ancient one and she gives it particular shape and force in asking us to contemplate it at work in Heaney where it binds individual to collective experience and past to present *Second Language Acquisition Theory and Pedagogy* Fred R. Eckman, Jean Mileham, Rita Rutkowski Weber, Diane Highland, Peter W. Lee, 2013-10-08 A volume on second language acquisition theory and pedagogy is at the same time a mark of progress and a bit of an anomaly The progress is shown by the fact that the two disciplines have established themselves as areas of study not only distinct from each other but also different from linguistic theory This was not always the case at least not in the United States The anomaly results from the fact that this book deals with the relationship between L2 theory and pedagogy despite the conclusion that there is currently no widely accepted theory of SLA Grouped into five sections the papers in this volume consider questions about L2 theory and pedagogy at the macro level from the standpoint of the L2 setting consider input in terms of factors which are internal to the learner examine the question of external factors affecting the input such as the issue of whether points of grammar can be explicitly taught deal

with questions of certain complex linguistic behaviors and the various external and social variables that influence learners and discuss issues surrounding the teaching of pronunciation factors that affect a non native accent **Seamus Heaney**
