Questions And Their Retinue:

Questions and Their Retinue Hatif Janabi, 1996 The speaker in many of Janabi's poems moves from a confrontational stance to one of resigned desperation and from coyness to deep longing where occasionally hope surfaces The associative processes and the often bizarre surreal imagery he employs are very effective in expressing his profound sense of political and spiritual alienation Janabi is among a generation of Arab poets who because of censorship can speak only obliquely about the harsh reality of their lives

The Poet and Existence Yousef Sh'hadeh, 2021-10-06 This study reveals important aspects in the contents of the poetic achievement of Hatif Janabi the son of the Arab environment with its ancient culture and at the same time a companion of Polish culture which is distinguished among European societies by its unique Slavic character Janabi's poetry expresses a great sensitivity to the hardships of life in a world of painful alienation revealing anxieties of expatriation and the writer's philosophy of existence This is what makes his poetry an expression of human concerns and a revelation close to the soul not to mention its great intellectual value that makes it a true representative of two ancient cultures Eastern and European The topics of Janabi's poetry are varied as they touch on many aspects of a person's life his being setbacks hopes and disappointments They highlight multiple manifestations of human savagery and draw attention to the humanization of animals and objects in search of traits that humans had lost Just as the contents of the poetic texts attract the attention of the reader and the critic their semantic and rhetorical predicates also arouse interest Interpretations of the texts and their titles reveal the aesthetics of poetic contexts and their symbolic and intellectual value Poetry becomes the partner of the desert and emptiness simultaneously both are the source of the creator's fear Despite the clear contradiction between dark poetry and lit space Janabi unites these two opposites into one whole which can be comprehended only by poets It is only they who are able to envision a complete life among wild sands filled with secrets In this lies the symbolism of the desert unveiling its surreal nature filled with the abundance of various images and contradictions impossible to notice by means of an inattentive glance The poet can do nothing but worriedly push away all fears of getting lost in this completely dark world

POTET, 2019-07 Spiffies and Loonies is a situational comedy developed into 88 episodes It departs from the typical ones in which the plot hinges on the emotional and irrational decisions made by the lead characters The opposite happens here First of all Brad and Dolly meet fall in love and marry To make things worse they become rich after a few episodes They are therefore geared to lead the eventless life of the happy few Fortunately they are surrounded by misfits warped by one big deviant trait When these do not bump into Brad and Dolly along the way they will come and knock on their door thus a turmoil of events running from the amusing to the fantastic with a lot of absurdities in between You will soon be captivated by the antics of these cartoon like characters and will ask for more Several passages are spoofs of literary works Each episode is independent enough from the others to be read or performed for its own sake **Journals of the House of Commons** Great Britain.
