and Thomas Aquinas's Defense of Jewish Parental Authority Matthew Tapie,2025 The Mortara case refers to Pope Pius IX s 1858 removal of a six year old Jewish boy Edgardo Mortara from his parents in Bologna Italy Six years after the child was born it was reported that the family s Christian housekeeper had baptized him after he had fallen ill as an infant and was allegedly in danger of death Since canon law and civil law stipulated that a baptized child must be raised Catholic Pius IX used his power as head of the Papal States to remove Edgardo from his family so he could receive a Christian education Scholars on both sides of the contemporary debate over Pius IX s decision to remove the child frequently appeal to the teaching of Thomas Aquinas to make their arguments However the discussion has overlooked an important fact the question

of how Aquinas's teaching applied to the case was at the center of the dispute between the Mortara family and Pius IX in 1858. Indeed the Mortara family and the Roman Jewish community submitted to the Vatican a two part document *Pro memoria* and *Syllabus* that appealed to Aquinas to argue for the return of the child. However the Vatican's reply *Brevi cenni* denied the request and cited Aquinas's teaching to argue that Edgardo's baptism was valid and that he therefore belonged to the Church. Who had the correct interpretation of Aquinas's thought? And how does this answer impact Catholic theology and Catholic Jewish relations today? The Mortara Case and Thomas Aquinas's Defense of Jewish Parental Authority assesses the claims of both sides of the contemporary debate through an analysis of Aquinas's teaching as it is interpreted in the original Italian and Latin documents from the 1858 case which are housed in the Vatican Apostolic Archives. The complete text of these documents are reproduced here with facing English translations for the first time. Tapie demonstrates that for Aquinas Jewish parental authority is an order of the natural law which Aquinas likened to a spiritualis uterus spiritual womb. Since Jewish parental authority is an order of the natural law it cannot be opposed to God's grace. The Mortara Case and Thomas Aquinas's Defense of Jewish Parental Authority is the first book length study to examine Aquinas's teaching against baptism of Jewish children *in vitis parentibus* against the will of parents in its thirteenth century context. The book also treats the reception history of Aquinas's thought among his Dominican defenders who advanced his position from the late thirteenth century into the middle of the sixteenth century. Tapie's study concludes by examining the current Code of Canon Law on infant baptism for children of non Catholic parents as well as its relation to the Second Vatican Council's teaching on religious freedom and the Jewish people.

The Gospel of Tatian Matthew R. Crawford, Nicholas J. Zola, 2019-07-11 This volume combines some of the leading voices on the composition and collection of early Christian gospels in order to analyze Tatian's Diatessaron The rapid rise and sudden suppression of the Diatessaron has raised numerous questions about the nature and intent of this second century composition It has been claimed as both a vindication of the fourfold gospel's early canonical status and as an argument for the canon's ongoing fluidity it has been touted as both a premiere witness to the earliest recoverable gospel text and as an early corrupting influence on that text Collectively these essays provide the greatest advance in Diatessaronic scholarship in a quarter of a century The contributors explore numerous questions did Tatian intend to supplement or supplant the fourfold gospel How many were his sources and how free was he with their text How do we identify a Diatessaronic witness Is it legitimate to use Tatian's Diatessaron as a source in New Testament textual criticism Is a reconstruction of the Diatessaron still possible These queries in turn contribute to the question of what the Diatessaron signifies with respect to the broader context of gospel writing and what this can tell us about how the writing rewriting and reception of gospel material functioned in the first and second centuries and beyond

The Resurrection of Jesus Dale C. Allison, Jr., 2021-03-11 The earliest traditions around the narrative of Jesus' resurrection are considered in this landmark work by Dale C. Allison Jr. drawing together the fruits of his decades of research into this issue at the very core of Christian identity. Allison returns to the ancient sources and earliest traditions charting them alongside the development of faith in the resurrection in the early church and throughout Christian history. Beginning with historical critical methodology that examines the empty tomb narratives and early confessions, Allison moves on to consider the resurrection in parallel with other traditions and stories including Tibetan accounts of saintly figures being assumed into the light in the chapter Rainbow Body. Finally, Allison considers what might be said by way of results or conclusions on the topic of resurrection offering perspectives from both apologetic and sceptical viewpoints. In his final section of modest results, he considers scholarly approaches to the resurrection in light of human experience adding fresh nuance to a debate that has often been characterised in overly simplistic terms of it happened or it didn't.
