Garvey, Garveyism, and the Antinomies in Black Redemption C. Boyd James,2009 This book about Marcus Mosiah Garvey attempts to situate Garvey and Garveyism within the perspectives of his age From the eighteenth century onwards several ideologies of black liberation were spawned in the Atlantic countries In Haiti the proposition became full scale revolution while Brazil Jamaica and the United States witnessed nearly two hundred years of rebellion The aftermath of the American Revolution and the crystallization of white supremacy gave rise to a new wave of ideologies beginning with the dominant theme of Back to Africa promoted by Martin E Delaney This theme remained until the Great Depression of 1893 1897 Thereafter there emerged a new group of spokesmen with a shift from Back to Africa to Africa for the Africans at Home and Abroad with Marcus Mosiah Garvey and his Universal Negro Improvement Association UNIA as its chief proponent This new ideology was determined by an absolute divine ordination of race particularity and race absolutism It was demarcated by reason and freedom that subsumed the centrality of the individual and gave priority to the group and the State making as though it was absolutely true and necessary
