The Best News Possible George Javor, What would it be like if you knew that you could live forever Would you live differently now The Best News Possible hits upon the most basic and unfulfilled need of all humanity to live in perpetuity We were created to live forever so what happened The author tells how and why the human family has declined to our current lifespan Being a biochemist by training he gives his science based insights to the story of the creation and the fall of mankind He also provides an explanation for the drastic consequences of the apparently innocuous act of eating the forbidden fruit The author gives indisputable evidence in favor of the creation story as presented in the Bible and a strong indication for a young earth He contrasts heaven s unending solicitude and pro active campaign to save the earth culminating with the incarnation and death of the majestic Creator on Calvary with the ongoing spectacularly unsuccessful SETI Search for Extra Terrestrial Intelligence projects costing millions of dollars Most importantly this book shows the reader the way out from our prison of short lifespan the fruit of our Savior s self sacrifice on the Cross But it doesn t end there The author wants readers to see where we are in the stream of earth s history and what is waiting for us in the great beyond      Amazing Questions
