**Plato's Charmides** Raphael Woolf, 2023-08-10 Plato's Charmides is a rich mix of drama and argument Raphael Woolf offers a comprehensive interpretation of its disparate elements that pays close attention to its complex and layered structure and to the methodology of reading Plato He thus aims to present a compelling and unified interpretation of the dialogue as a whole The book mounts a strong case for the formal separation of Plato the author from his character Socrates and for the Charmides as a Platonic defence of the written text as a medium for philosophical reflection It lays greater emphasis than other readings on the centrality of eros to an understanding of Socratic procedure in the Charmides and on how the dialogue's erotic and medical motifs work together The book's critical engagement with the dialogue allows a worked out account to be given of how temperance the central object of enquiry in the work is to be conceived **WALNECK'S CLASSIC CYCLE**
