Roses Of Portland June 1974:

Portland Rose Festival George R. Miller, Portland Rose Festival Foundation, 2013-04-29 At the end of the Lewis and Clark Exposition in 1905 the president of the Portland Street Fair and Carnival Association E W Rowe presented the idea of an annual festival to Portland mayor Harry Lane From that idea came the first Rose Festival called the Rose Carnival and Fiesta held June 22 1907 It was hailed as a huge success There is no reason in the world why Portland should not hold a rose festival every year remarked the Oregonian on June 21 Everyone will be happier and better all the rest of the year for the festival of roses And indeed that has been the case From just a three day event the Rose Festival has expanded over the years to include many activities covering several months every spring and summer

Rare Birds Day by Day Steve Dudley, Tim Benton, Peter Fraser, John Ryan, 2010-10-30 Covering 282 rare species and subspecies plus records for a further 18 Category D species found in Britain and Ireland around 20 000 individual records of rare birds are listed in diary style with each individual bird appearing on the date on which it was originally found along with all the other rare birds found on that date between 1958 and 1994 Rare Birds Day by Day follows three earlier Poyser titles looking at scarce and rare birds recorded in Britain and Ireland Scarce Migrant Birds in Britain and Ireland Sharrock 1974 Rare Birds in Britain and Ireland Sharrock Sharrock 1976 and Rare Birds in Britain and Ireland Dymond Fraser Gantlett 1989 Like these previous books this latest rare bird title has been brought to you by well known and experienced British

birders and rare bird finders This book however differs markedly from the earlier volumes in that it moves away from the traditional presentation of species in systematic order Each record is listed in county order and is accompanied by the finding site number of birds for multiple records and length of stay for those birds remaining for more than one day This new and novel way of presenting rare bird data will prove fascinating to anyone with an interest in finding and watching rare migrant and vagrant species It will also prove a valuable and fun tool for the keenest rarity hunters enabling them to use the book as a rare bird predictor by following closely the birds found on each date over the 36 years covered by the book The book is enlivened with illustrations by Dave Nurney most of them specifically prepared for this volume
