[Rosicrucian Wisdom](#) Rudolf Steiner, 2013-05-01 The work of Rudolf Steiner is unique in the way it combines esoteric teaching with

practical suggestions for the development of social life Indeed Steiner is best known today for the application of his ideas in areas such as education medicine and agriculture But none of this could have developed without the coherent and profound body of spiritual knowledge which stands at the very core of Steiner's work In Rosicrucian Wisdom one of his most complete introductions to modern spirituality Steiner speaks out of the stream of Rosicrucian teaching But rather than borrowing old ideas from historical tradition Steiner presents a wholly new contribution arising from the results of his own experiential research He talks of the Rosicrucian path as being appropriate for the modern spiritual seeker but warns that Rosicrucian teaching should not be taken as abstract theory Rather than remaining in the head or even the heart spiritual ideas should reach into daily action transforming all aspects of life Steiner goes on to describe many facets of spiritual truth including the law of destiny the fact of life after death ways of developing spiritual vision humanity's past and future evolution and much more

Lemuria Justin McHenry, 2024-01-09 Is Lemuria a real place or the fever dream of crackpots mystics conspiracy theorists and Bigfoot hunters Below the waters where the Pacific and Indian Oceans lies a lost continent One of hopes and dreams that housed a race of beings that arrived from foreign planets and from which sprang humanity religion civilization and our modern world It was called Lemuria and it was all fake What began as a theoretical land bridge to explain the mystery of lemurs on Madagascar quickly got hijacked to become the evolutionary home of humankind the cradle of spirituality and then the source of cosmological wonders Abandoned by science as hokum Lemuria morphed into a land filled with ancient advanced civilizations hollowed out mountains full of gold and crystals moon beings descending in baskets underground evil creatures and a breast feeding Bigfoot The history of Lemuria is populated with a dizzying array of people from early Darwinists to conspiracy spouting Congressmen globetrotting madams Rosicrucians Hollow Earthers sci fi writers UFO contactees sleeping prophets New Age channelers a Mother God and a tequila swigging conspiracy theorist Historian Justin McHenry provides a thoughtful exploration of how pseudo science hijacked the gentle Victorian era concept of Lemuria and in following decades twisted it into an all encompassing home for alternative ideas about race spirituality science politics and the paranormal

A Rosicrucian Soul Russell Pooler, 2009-03 Written 1904 1908 CW 11 Rudolf Steiner shows that the insoluble link between humanity and cosmos is the fundamental basis of evolution As human beings have participated in the development of the world we know today so their achievements are directly connected with the ultimate destiny of the universe In human hands rests the freedom to shape the future course of creation Knowledge of our exalted origins and of the path we have followed is indispensable if we are to evolve a future worthy of responsible human beings Through a study of Steiner's writings one can come to a clear reasonable comprehensive understanding of human beings and their place in the universe Paul Marshall Allen In the best tradition of ancient wisdom literature Cosmic Memory reconstructs from the akashic record events that span the time between the origin of the Earth and the beginning of recorded history This spiritual research includes a profound investigation of the origins achievements and fate of the Atlanteans and Lemurians the remarkable lost root races that developed the first concepts of good and evil manipulated natural forces laid the foundation for human legal and ethical systems and defined and nurtured the distinctive yet complementary powers of men and women that brought humankind many centuries ago to its highest artistic intellectual and spiritual attainments Through this discussion of our true origins Cosmic Memory offers a genuine foundation for our lives allowing us to realize our real value dignity and essence The reader is shown our human connection with the world around us as well as our highest goals and true destiny This is a key volume for understanding Rudolf Steiner's early development as a Theosophist and how his ideas terminology and formulations during that time fit into the development of his anthroposophic epistemology and Christology This volume is a translation of Aus der Akasha Chronik Rudolf Steiner Gesamtausgabe 11 Rudolf Steiner Verlag 1986
