Rosslyn Guardian Of The Secrets Of The Holy Grail:

Rosslyn Tim Wallace-Murphy, Marilyn Hopkins, 2000 **Rosslyn** Tim Wallace-Murphy, Marilyn Hopkins, 2000 It is said that Rosslyn Chapel is the last resting place of the Holy Grail and that the fabulous treasure is buried in its secret vaults This text is the story of this mysterious chapel in Scotland taking the reader on a voyage of discovery The first book to explore the existence of a configuration of seven pre Christian sites which formed the route of a pilgrimage of initiation used by Druids Knights Templar and Christian Mystics in their search for true knowledge and enlightenment Beginning at Compostela in Spain the voyage of discovery proceeds to Tolouse Orleans Chartres Paris and Amiens taking us deep into a mysterious world where hidden streams of spirituality flow beneath the surface of European history profoundly influencing the evolution of Western thought The journey ends at Rosslyn Chapel in Scotland where the history of its founders the Sinclair family illuminates the revelations of Rosslyn and their significance for us today Publisher's description **Guardians of the Holy Grail** Mark Amaru Pinkham, 2004 Presenting the ancient Holy Grail lineage from Asia and how the Knights Templar were initiated into it this book reveals how ancient Asian wisdom became the foundation for the Holy Grail legend **Revelation of the Holy Grail** Chevalier Emerys, 2007-09-01 The Holy Grail has become a popular field of study in recent years however most books on the subject are written by authors who are not themselves initiated into the mystery school tradition of the Grail Revelation of the Holy Grail is one of the first books on the subject which is written by an initiate within several of the Knighthood Orders associated with the Grail Tradition This book provides many previously unpublished facts about the history and tradition of the Grail movement which includes some of the most influential people in human history The Quest of the Holy Grail has proved to really be about the quest for human civilization It has spawned not only the greatest political movements in history but also it has been the cornerstone of human technology Alchemy Hebrew Mysteries Templar Secrets ancient technologies Gnostic traditions and secret societies have all been involved in this exciting history which is the backbone of our modern day world **Custodians Of Truth** Tim Wallace-Murphy, Marilyn Hopkins, 2025-09-12 A curious thing happened to Tim Wallace Murphy and Marilyn Hopkins when they published *Rex Deus* their first book on the bloodline of Christ they were contacted by a man from the very lineage they were studying And instead of denying the existence of the bloodline or berating them for revealing secrets he actually confirmed that the *Rex Deus* lineage exists and even disclosed some of its fundamental secrets The story of the *Rex Deus* families direct descendants of Christ who is believed to have survived the crucifixion turns out to be much more extensive than the authors first thought Instead of beginning during the time of Jesus it stretches far back into antiquity to the Egyptian Mystery Schools Instead of being only a propagation of the holy bloodline the *Rex Deus* families are also carriers of the secret teachings of Jesus *Custodians of Truth* reveals the purpose and secrets of the *Rex Deus* lineage Jesus was not only a holy man but an adept of ancient knowledge which informed his own teachings This secret knowledge was suppressed by the Church in their voracious quest for power and influence in the

secular world These teachings have manifested throughout history in different forms Gnostic philosophy around the time of Jesus the Order of the Knights Templar Freemasons and the current resurgence of interest in New Age thought Finally the time is right for the hidden message of Jesus to be revealed a message of tolerance brotherhood and respect for nature The next chapter in the legend of the Holy Grail and the bloodline of Christ from the best selling authors of Rosslyn

The Knights of the Holy Grail Tim Wallace-Murphy, 2012-01-01 Discover the truth about the Knights Templar and find out how this enigmatic order of warrior monks can help to uncover the secret story of the Holy Grail This compelling historical work charts the Knight s achievements in a remarkable range of endeavors from building castles and cathedrals to laying the foundations of the modern marketplace It uncovers the link between the Rex Deus families and the creation and propagation of the Grail sagas as well as the later foundation of the Secret Society of Freemasonry Building a historical framework for the development of Christianity during the last years of the Roman Empire and the Dark Ages that followed has never been so captivating

The Tree of Life and the Holy Grail Sylvia Francke, 2007 Recent works of fiction and popular history have promoted the idea that the Holy Grail symbolizes a physical bloodline that resulted from a union of Jesus Christ and Mary Magdalene It is claimed by some that this is the secret kept tirelessly by certain esoteric movements for the past two millennia Based on her groundbreaking research Sylvia Francke exposes this notion as a blatant misinterpretation of the mystery traditions that preceded and ran parallel to the birth of Christianity She traces the ancient spiritual paths of knowledge from the Cathars the Knights Templar and the enigmatic Rosicrucians to the work of Rudolf Steiner in the twentieth century Here she concludes is true Grail knowledge the Tree of Life and the Holy Grail itself explained in their metaphysical context She suggests a solution to the mystery of sudden wealth and the strange behavior of B renger Sauni re the mysterious priest of Rennes le Ch teau in southern France True Grail knowledge Francke concludes has nothing to do with bloodlines or worldly status rather it is an ancient lifeline to the spiritual origins of creation Its energetic forces radiate out from the Earth and in from the constellations and planets while interacting with human individuals It represents the key to fulfilling humanity s quest and the next step in human evolution The recent explosion of interest in revisionist Christianity history the shadow Grail prompted Sylvia Francke to revise The Tree of Life and the Holy Grail first published in 1996 The result is a completely reworked and expanded book that offers a powerful and convincing refutation of distorted esoteric truths

Templars in America Tim Wallace-Murphy, Marilyn Hopkins, 2025-09-12 This book is a must read for anyone wanting to understand the true history of the founding of the most powerful nation on earth Scott Wolter host of America Unearthed and author of Cryptic Code of the Templars in America Using archival and archaeological sources two historians reveal the hidden history of the Knights Templar and their travels to pre Columbian America and their influence on the Founding Fathers Templars in America reveals the story of two leading European Templar families who combined forces to create a new commonwealth in America nearly a century before the voyages of Christopher Columbus Henry St Clair of the

Orkney Islands then part of Normandy and Carlo Zeno a Venetian trader made peaceful and mutually beneficial contact with the Mi qmaq people of what is now Canada Proof of their travels is carved in stone on both sides of the Atlantic and can be found in documentary evidence borne out by a strong oral tradition that has withstood the test of time Historians Tim Wallace Murphy and Marilyn Hopkins demonstrate how this early contact with the Americas ties into the centuries long development of the Templars and Freemasonry which in turn shaped the thinking of the Founding Fathers and the American Constitution Wallace Murphy and Hopkins also reveal the continuous history of American exploration from the time of ancient Egypt Greece and Rome through the age of the Vikings Templars in America is a wild ride from the golden age of exploration to the founding of the United States

Cosmic Connection Carole Lynne,2009-03-24 In a bold departure from her earlier books medium and psychic Carole Lynne shares the story of her own growing revelation of the interconnected interplanetary cosmic energy that flows around and through us all that is indeed the stuff we are made of Experience Carole Lynne s journey of a lifetime as she goes into an altered state of consciousness and brings messages from My Guidance and The Energy Receive a glimpse into the nature of the spiritual forces that have created us and continue to manifest life Evolution is not over The future of our world depends on our abilities to evolve in a positive way to let go of our egos to realize that we are not separate beings and to evolve to a consciousness that finds poverty pollution and war unthinkable We are responsible for the future But how can we change in order to have better personal lives and to make better choices for our world As we approach 2012 and a seeming meltdown of economic and societal infrastructures more and more people are turning to other realms for solace advice and the tools they need to live every day In the past when this has happened during the Great Depression or WWI for example a great deal of material from other realms was given to us Carole Lynne s work joins that of her predecessors and her contemporaries in providing that information for tomorrow s world

Cracking the Symbol Code Tim Wallace-Murphy,2012-01-01 Expanding on issues touched on in The Da Vinci Code this thought provoking study explores the real story of Christianity a story told by men and women condemned by the traditional orthodox church and one long hidden in mysterious codes and symbols In medieval times dissenters believed the established church ruthlessly suppressed the truth about Jesus and his ministry Branded as heretics and subject to torture and execution for their beliefs the dissenters including the Knights Templar Freemasons Cathars and groups of scientists devised an ingenious code to communicate with fellow sympathizers and preserve the truth They concealed these complex symbols in art artifacts and architecture of the medieval world Finally this fascinating underground language is deciphered revealing powerful messages meant as much for today s truth seekers as for medieval minds

The Templar Meridians William F. Mann,2006-01-23 Reveals the true nature of the secret science the Templars discovered in the Holy Land that was the key to their power Shows the cartographic knowledge that allowed the Templars to cross the Atlantic and establish settlements in the New World Explains the connection of the Templar meridians to the journey of Lewis and Clark Shows the role played by secret

societies in the establishment of the United States The most enduring mystery surrounding the Templars concerns the nature and whereabouts of their great treasure Whereas many believe this lost treasure contains knowledge of the bloodline of Christ William F Mann shows that it actually consists of an ancient science developed before the Great Flood knowledge discovered by the Templars in the Holy Land during the Crusades and still extant today in Templar Masonic ritual Among other things this knowledge enabled the Order to establish accurate latitudinal and longitudinal positions long before the foundations of the current science were laid in the seventeenth century This allowed them to cross the Atlantic to reach the New World where they established secret settlements and mining operations that gave them a limitless supply of precious metals and a military edge over their opponents Pursued farther into the interior of the North American continent by their adversaries from the Old World the Templars left artifacts relics and information caches at key sites confident that future initiates could use their understanding of the science of meridians and ley lines to locate them The author points out that not only did future masons such as Jefferson and Washington use this science as the basis of their designs for Monticello and Washington D C but the true motive of the expedition of Lewis and Clark was to identify the meridians mapped by the Templars and to search for the final resting place of Prince Henry Sinclair where the great Templar treasure could also be found

Templar Sanctuaries in North America William F. Mann, 2016-05-17 Traces the movement of the Templars secret treasure across North America to where it still resides protected by a sacred lineage of guardians Explains how the Templars found refuge with Native American tribes intermarrying with the Natives to continue the Holy Bloodline and further the lineage of guardians needed to protect their treasure and secrets Reveals new evidence for the existence of Templar settlements and monuments across North America and how these reactivate the continent's sacred rose lines Pinpoints the exact location of the Templar Holy Bloodline treasure Many have searched for the lost treasure of the Knights Templar most famously at Oak Island But what if the treasure wasn't lost What if this treasure necessary to sanctify the Temple of Solomon and create a New Jerusalem was moved through the centuries and protected by a sacred lineage of guardians descendants of Prince Henry Sinclair and the Native American tribes who helped him Drawing on his access as Grand Archivist of the Knights Templar of Canada and his own role as a descendant of both Sinclair and the Anishinabe Algonquin tribe William Mann examines new evidence of the Knights Templar in the New World long before Columbus and their mission to protect the Holy Bloodline of Jesus and Mary Magdalene He reveals the secret settlements they built as they moved westward across the vast wilderness of North America evading the European Church and Royal Houses He explains how the Templars found refuge in the Sacred Medicine Lodges of the Algonquins whose ceremonies and rituals bear striking resemblance to the initiations of Freemasonry He reveals the strategic intermarriages that took place between the Natives and the Templars furthering the Holy Bloodline and continuing the lineage of blood guardians The author explores how Sinclair's journey from Nova Scotia across America also served to reactivate the sacred rose lines of North America through

the building of rose castles and monuments including the Newport Tower and the Kensington Rune Stone Pinpointing the exact location of the Templar treasure still hidden in North America the author also reveals the search for Templar sanctuaries to be the chief motivation behind the Lewis and Clark expedition and the murder of Meriwether Lewis

Eternal Chalice Juliette Wood,2008-06-30 The sacred allure of the Holy Grail has fascinated writers and ensnared knights for over a thousand years From Malory to Monty Python the eternal chalice said to be the very cup from which Christ drank at the Last Supper has the richest associations of any icon in British myth Many different meanings have been devised for the Grail which has been linked to the Celts and King Arthur the eucharistic rites of Eastern Christianity ancient mystery religions Jungian archetypes dualist heresies Templar treasure and even the alleged descendants of Christ himself and Mary Magdalene The common thread running through all these stories is the assumption that the Grail legend has a single source with a meaning that if only we could decode it is concealed in the romances themselves That meaning has become the subject of coded secret documents and is the central feature of a vast conspiracy supposedly stretching back to the dawn of western civilization Juliette Wood here reveals the elusive and embedded significance of the Grail story in popular consciousness as myth medieval romance tangible holy relic and finally as the centre of an esoteric theory of global conspiracy The author shows how various interpretations of the Grail over the centuries reflect changing cultural needs and desires Her book will enthrall those who like Sir Perceval seek to unlock the mysterious secrets of western mythology s most extraordinary and tantalising enigma and will delight students of history myth and religion alike
