Hong Kong English Kingsley Bolton,2002-09-01 The dominant view of many linguists and educators has been that Hong Kong English is a variety of the language that is derived from and dependent on the metropolitan norm of British English It has been argued that English in Hong Kong was never nativized as in other Asian societies and that it has not deserved the recognition accorded to other varieties of Asian English The contributions to this book challenge that view in a number of ways In addressing sociolinguistic structural and literary issues they provide an up to date survey of current use of Hong Kong English and redress the question of its autonomy in terms of both distinctive linguistic features and the growing literary creativity of the variety An original and highly informed discussion on the futures for Hong Kong English and chapters providing additional resources for the study of the variety are also included 香港大學出版社,2004 **The Asian Pacific American Journal** ,2003 香港大學出版社,2004 **The Publishers Weekly** ,1999 **Asian**

Diaspora Poetry in North America Benzi Zhang,2007-12-12 Presenting a new way of reading that helps us discern some previously unnoticed or unnoticeable features of Asian diaspora poetry this volume highlights how poetry plays a significant role in mediating and defining cross cultural and transnational positions Asian diaspora poetry in North America is a rich body of poetic works that not only provide valuable material for us to understand the lives and experiences of Asian diasporas but also present us with an opportunity to examine some of the most important issues in current literary and cultural studies As a mode of writing across cultural and national borders these poetic works challenge us to reconsider the assumptions and meanings of identity nation home and place in a broad cross cultural context In recent postcolonial studies diaspora has been conceived not only as a process of migration in which people crossed and traversed the borders of different countries but also as a double relationship between different cultural origins With all its complexity and ambiguity associated with the experience of multi cultural mediation diaspora as both a process and a relationship suggests an act of constant repositioning in confluent streams that accommodate to multiple cultural traditions By examining how Asian diaspora poets maintain and represent their cultural differences in North America Zhang is able to seek new perspectives for understanding and analyzing the intrinsic values of Asian cultures that survive and develop persistently in North American societies 香港大學出版社
