Lewis Osler,2005-02 A medical novel of the near future When Jeremiah Murray M D general practitioner abruptly walks out of his office leaving Patricia Gannon on an examining table and an office full of patients in waiting he marked a turning point both in his life and in the world of American medicine In this stunning and powerful novel J Lewis Osler explores the malaise permeating the world of present day medicine and government a malaise that will eventually erupt into anarchy The story is told through a cast of powerfully drawn characters the ever idealist Jeremiah John Masterson the gregarious persistent desperate and finally dead spokesman for the beleaguered doctors Dana Morris the examining room seductress Claude LaRoche martyr to AIDS politics

the abortionist Glen Booth Heidi Bogusch Perez third generation M D gone bureaucrat and the orchestrator of disaster Secretary of Health Affairs Theodore Billings Osler s account of the luncheon of the medical malpractice attorneys is a minor masterpiece in itself All of this is set against a background rife with health service inquisitors rummaging uninvited and warrantless through patient s private files insurance company flaks refusing to discuss best treatment scenarios spurious malpractice claims and a society struggling to hold itself together in the face of the mindless meddling of self serving politicians This is indeed a novel with a point of view After reading Black Humor you will never think about the practice of medicine or of the welfare state in the same way again     **Herald** ,1945     **Union Catalog of Hand-copied Books in Braille** Library of Congress.
