Richey,2008-02-05 Even the most casual observer of Chinese society is aware of the tremendous significance of Confucianism as a linchpin of both ancient and modern Chinese identity Furthermore the Confucian tradition has exercised enormous influence over the values and institutions of the other cultures of East Asia an influence that continues to be important in the global Asian diaspora If forecasters are correct in labeling the 21st century the Chinese century teachers and scholars of religious studies and theology will be called upon to illuminate the history character and role of Confucianism as a religious tradition in Chinese and Chinese influenced societies The essays in this volume will address the specifically pedagogical challenges of introducing Confucian material to non East Asian scholars and students Informed by the latest scholarship as well as practical experience in the religious studies and

Swain,2017-09-07 This accessible history of Confucianism or the Way of the Ru emphasizes the religious dimensions of the tradition It clearly explains the tradition s unique and subtle philosophical ideals as well as the arts of the Ru whereby seemingly simple acts such as reading sitting quietly good manners and attending to family and state responsibilities became ways of ultimate transformation This book explains the origins of the Ru and documents their impact in imperial China before providing extensive coverage of the modern era Confucianism in China An Introduction shows how the long history of the Ru is vital to comprehending China today As the empire drew to an end there were impassioned movements both to reinvent and to eradicate Ru tradition Less than forty years ago it seemed close to extinction but today it is undergoing spectacular revival This introduction is suitable for anyone wishing to understand a tradition that shaped imperial China and which is now increasingly swaying Chinese religious philosophical political and economic developments The book contains a glossary of key terms and 22 images and further resources can be found on the book s webpage <http://www.bloomsbury.com/uk/confucianism-in-china/9781474242462> **Reconstructing the Confucian Dao** Joseph A. Adler,2014-03-27 Zhu Xi the

twelfth century architect of the neo Confucian canon declared Zhou Dunyi to be the first true sage since Mencius This was controversial as many of Zhu Xi s contemporaries were critical of Zhou Dunyi s Daoist leanings and other figures had clearly been more significant to the Song dynasty Confucian resurgence Why was Zhou Dunyi accorded such importance Joseph A Adler finds that the earlier thinker provided an underpinning for Zhu Xi s religious practice Zhou Dunyi s theory of the interpenetration of activity and stillness allowed Zhu Xi to proclaim that his own theory of mental and spiritual cultivation mirrored the fundamental principle immanent in the natural world This book revives Zhu Xi as a religious thinker challenging longstanding characterizations of him Readers will appreciate the inclusion of complete translations of Zhou Dunyi s major texts Zhu Xi s published commentaries and other primary source material **Dao Companion to ZHU Xi's Philosophy**
