Magill, 2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the

summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.

The Reign of Charles II Lilly Library (Indiana University, Bloomington), 1986

Mentoring in Eighteenth-Century British Literature and Culture Anthony W. Lee, 2016-04-22. In the first collection devoted to mentoring relationships in British literature and culture, the editor and contributors offer a fresh lens through which to observe familiar and lesser-known authors and texts. Employing a variety of critical and methodological approaches which reflect the diversity of the mentoring experiences under consideration, the collection highlights in particular the importance of mentoring in expanding print culture. Topics include John Wilmot, the Earl of Rochester's relationships to a range of role models; John Dryden's mentoring of women writers; Alexander Pope's problematic attempts at mentoring; the vexed nature of Jonathan Swift's cross-gender and cross-class mentoring relationships; Samuel Richardson's largely unsuccessful efforts to influence Urania Hill Johnson; and an examination of Elizabeth Carter and Samuel Johnson's as co-mentors of one another's work. Taken together, the essays further the case for mentoring as a globally operative critical concept not only in the eighteenth century but in other literary periods as well.

The Devlin Diary Christi Phillips, 2012-12-11. London 1672. A vicious killer stalks the court of Charles II, inscribing his victims' bodies with mysterious markings. Are these the random murders of a madman? The deadly consequence of a personal vendetta? Or the grisly result of a hidden conspiracy? Cambridge 2008. A Trinity College history professor is found dead, the torn page of a seventeenth-century diary in his hand. His death appears to be an accident, but the college's newest Fellow, Claire Donovan, and historian Andrew Kent suspect otherwise. The professor's last research subject was Hannah Devlin, a physician to the king's mistress and the keeper of a diary that holds the key to a series of unsolved murders in 1670s London. Through the arcane collections of Trinity's Wren Library, the British Library, and the Royal Society, Claire and Andrew follow the clues Hannah left behind, unearthing secrets of the past and present as both stories unfold to their shocking conclusions.

The Reigns of Charles II and James VII & II Lionel K.J. Glassey, 1997-03-10. British history in the period from the restoration of 1660 to the revolution of 1688 no less than in other periods has been subject to revisionism. This volume examines and analyses some of the challenging new theories relating to politics, society, religion, and culture that have attracted attention in recent years. It provides both a wide-ranging survey of the principal themes of the post-restoration era and a series of insights derived from the detailed research of individual contributors.

English Literature Hayden Spencer, 2018-08-20. Seventeenth-century English literature associates evolving seventeenth-century English perspectives of maternal support to the ascent of the cutting-edge country, particularly in the vicinity of 1603 and 1675. Maternal sustenance increases new noticeable quality in the early current social creative ability at the exact minute when England experiences a noteworthy change in perspective from the customary dynastic body politic composed by natural bonds to the post-dynastic present-day country included representative and full of feeling relations. The book likewise exhibits that moving early present-day points of view on Judeo-Christian relations profoundly educate the

period's interlocking reassessments of maternal support and the country particularly on account of Milton Encircled by an understanding that the very idea of what characterizes the human is regularly impacted by Renaissance and early present day messages this book sets up the start of the scholarly improvement of the evil frame into an adapted shape in the seventeenth century This advancement is fixated on characters and verse of four seventeenth century journalists the Satan character in John Milton's Paradise Lost and Paradise Regained the Tempter in John Bunyan's Grace Abounding to the Chief of Sinners and Diabolus in Bunyan's The Holy War the verse of John Wilmot earl of Rochester and Dorimant in George Etherege's Man of Mode
