Charles Bullock, 1889      The Royal Navy in the Cold War Years, 1966-1990 Edward Hampshire, 2024-07-30 During the period covered by this new book the Royal Navy faced some of its greatest challenges both at sea confronting the increasingly capable and impressive Soviet Navy and on shore when it faced policy crises that threatened the survival of much of the fleet During this remarkable period the Navy had rarely been so focussed on a single theater of war the Eastern Atlantic but also rarely so politically vulnerable The author sets out to analyze shadowing operations and confrontations at sea with Soviet ships and submarines the Navy's role in the enormous NATO and Warsaw Pact naval exercises that acted out potential war scenarios individual operations from the Falklands and the 1990 91 Gulf War to the Beira and Armilla patrols the development of advanced naval technologies to counter Soviet capabilities policy making controversies as the three services fought for resources including the controversial 1981 Nott defense review and what life was like in the Cold War navy for ratings and officers The book the first to cover this subject in depth for more than thirty years will make use of the full range of archival sources that have been publicly available over the last two decades but of which little use has been made by historians This work is destined to become a definitive naval history of the period and also provide a fascinating and gripping narrative of a navy under threat from many directions but which survived and eventually prospered winning a remarkable victory in the far South Atlantic more than 7 000 miles from its expected battleground in the North Atlantic Elegantly written for a wide audience it will be a very significant volume for professional and enthusiast alike      **Transactions of the Royal Society of Literature of the United Kingdom**, 1839      **75 Years Aloft: Royal Australian Air Force Air Training Corps: Australian Air Force Cadets, 1941-2016** Matthew Glozier, 2015-12-03 This book celebrates 75 years of Air Force cadet activity in Australia 1941 2016 The organisation has had a tremendous impact upon the lives of tens of thousands of Australians over our 75 year history Since 1982 it has enhanced the lives of young women as well as men The book begins in WWII with the need to pre train capable and committed keen lads Over 30 000 Australian boys were air cadets 1941 1945 with almost 13 000 going on to active service in the war Air Force cadets survived into peacetime to become an aviation focussed youth development organisation providing flying training in a military atmosphere with the aim of inspiring cadets to join the RAAF There are currently over 8 000 Air Force cadets and adult staff around Australia Aviation centred youth development in a RAAF service environment remains our central focus      **Numismatic Chronicle, and Journal of the Royal Numismatic Society**, 1856 The rules of the Numismatic Society of London bound with New Ser v 1      Year-book of the Royal Society of London Royal

Allsen,2011-06-03 From antiquity to the nineteenth century the royal hunt was a vital component of the political cultures of the Middle East India Central Asia and China Besides marking elite status royal hunts functioned as inspection tours and imperial progresses a means of asserting kingly authority over the countryside The hunt was in fact the court out of doors an open air theater for displays of majesty the entertainment of guests and the bestowal of favor on subjects In the conduct of interstate relations great hunts were used to train armies show the flag and send diplomatic signals Wars sometimes began as hunts and ended as celebratory chases Often understood as a kind of covert military training the royal hunt was subject to the same strict discipline as that applied in war and was also a source of innovation in military organization and tactics Just as human subjects were to recognize royal power so was the natural kingdom brought within the power structure by means of the royal hunt Hunting parks were centers of botanical exchange military depots early conservation reserves and important links in local ecologies The mastery of the king over nature served an important purpose in official renderings as a manifestation of his possession of heavenly good fortune he could tame the natural world and keep his kingdom safe from marauding threats human or animal The exchanges of hunting partners cheetahs elephants and even birds became diplomatic tools as well as serving to create an elite hunting culture that transcended political allegiances and ecological frontiers This sweeping comparative work ranges from ancient Egypt to India under the Raj With a magisterial command of contemporary sources literature material culture and archaeology Thomas T Allsen chronicles the vast range of traditions surrounding this fabled royal occupation      *Quarterly Journal of the Royal Meteorological Society* Royal Meteorological Society (Great Britain),1926 Vols 10 11 include Meteorology of England by James Glaisher as separately paged section at end      Journal of the Royal Anthropological Institute of Great Britain and Ireland ,1894      *Journal of the North-China Branch of the Royal Asiatic Society for the Year ...* ,1924      **Royal Representations** Margaret Homans,2015-03-10 Queen Victoria was one of the most complex cultural productions of her age In *Royal Representations* Margaret Homans investigates the meanings Victoria held for her times Victoria s own contributions to Victorian writing and art and the cultural mechanisms through which her influence was felt Arguing that being seeming and appearing were crucial to Victoria s rule Homans explores the variability of Victoria s agency and of its representations using a wide array of literary historical and visual sources Along the way she shows how Victoria provided a deeply equivocal model for women s powers in and out of marriage how Victoria s dramatic public withdrawal after Albert s

death helped to ease the monarchy's transition to an entirely symbolic role and how Victoria's literary self-representations influenced debates over political self-representation. Homans considers versions of Victoria in the work of Elizabeth Barrett Browning, George Eliot, John Ruskin, Margaret Oliphant, Lewis Carroll, Alfred Lord Tennyson, and Julia Margaret Cameron.
