part of a deliberate strategy to create a lasting legacy for herself and her family in medieval Paris After the sudden death of
her husband King Louis X and the loss of her promised income young Cl mence fought for her high social status by
harnessing the visual power of possessions displaying them and offering her luxurious objects as gifts Cl mence adeptly
performed the role of queen making a powerful argument for her place at court and her income as she adorned her body the

movement and with the interaction between crusaders and indigenous peoples of the Near East The articles look at changes
in the concept of crusading means of financing it and forms of indulgence at how the adoption of maritime transport created
a need to control the sea and how contacts with the Muslims could lead to peaceful means of resolving conflict and dealing
with prisoners In their lands in the east the Latins accommodated the feudal structures they brought with them to local
conditions especially in the mountains Both in this and in the religious sphere compromises were made and in this co

Sadler,2017-07-05 Though long recognized as one of the most beautiful works from the second half of the thirteenth century the magnificent sculptural program of the reverse fa e at Reims Cathedral has received little in the way of scholarly attention Interpreting the iconography in the light of Latin texts associated with the building its history and its ceremonial use Donna Sadler assesses the significance of the reverse fa e in light of other thirteenth century visual programs associated with the court of Louis IX The book s chapters deal with the history of the cathedral and its architectural antecedents the iconographic message of the visual program the meaning of the reverse fa e and how it intersects with the overall iconography the function of the verso and how it is enhanced by the marriage of form and content and a consideration of contemporary works linked to the court of Saint Louis concluding with a brief look at the new roles sculpture assumes as it migrates inside cathedrals Ultimately this book reveals how the imagery on the reverse fa e not only conforms to a system of memory and mode of medieval narratology but also articulates a dominant ideological position regarding the interdependence of ecclesiastical and royal powers **The Works of Hubert Howe Bancroft** Hubert Howe Bancroft,1886 **The Works of Hubert Howe Bancroft: History of Alaska. 1886** Hubert Howe Bancroft,1886 **Antiquitez de la Gaule Belgique... par M.
