Neder duytsche gemeente, 1905 *California and the Politics of Disability, 1850-1970* Eileen V. Wallis, 2023-03-31 This book explores the political legal medical and social battles that led to the widespread institutionalization of Californians with disabilities from the gold rush to the 1970s By the early twentieth century most American states had specialized facilities dedicated to both the care and the control of individuals with disabilities Institutions reflect the lived historical experience of many Americans with disabilities in this era Yet we know relatively little about how such state institutions fit into specific regional state or local contexts west of the Mississippi River how those contexts shaped how institutions evolved over time or how regional institutions fit into the USA's contentious history of care and control of Americans with mental and developmental disabilities This book examines how medical social and political arguments that individuals with disabilities needed to be institutionalized became enshrined in state law in California through the creation of a bureaucracy of disability Using Los Angeles County as a case study the book also considers how the friction between state and county policy in turn influenced the treatment of individuals within such facilities Furthermore the

book tracks how the mission and methods of such institutions evolved over time culminating in the 1960s with the birth of the disability rights movement and the complete rewriting of California's laws on the treatment and rights of Californians with disabilities This book is a must read for those interested in the history of California and the American West and for anyone interested in how the intersections of disability politics and activism shaped our historical understanding of life for Americans with disabilities

A Liturgical Play for the Medieval Feast of Fools Robert C. Lagueux, 2023 A newly identified medieval play for the Feast of Fools with a new English translation and musical edition ready for performance Scholars and non scholars alike have long been fascinated by the medieval Feast of Fools the annual celebration on or around the New Year that came to be known for its inversion of established hierarchies its boisterousness and its scurrilous even sacrilegious clerical behaviour However we now know that many of the most obscene and subversive practices associated with the feast were in fact the misunderstandings exaggerations or even fabrications of overzealous ecclesiastical reformers Our most reliable information about the Feast comes from the scant extant liturgical items that clerical communities actually used during their celebrations This book shows that the twelfth century *Ordo Joseph* from Laon in France a play long known to scholars telling the story of Joseph the patriarch and his brothers is in fact a drama for the Feast of Fools long hidden in plain sight intended for performance at Epiphany It situates the play within the context of the cathedral community's history of biblical exegesis under its school master Anselm of Laon proposing performative gloss as an important new tool for understanding how medieval liturgical dramas generated meaning It Includes a new Latin edition of the text accompanied by an English translation as well as a musical reconstruction that harnesses the music of Laon's liturgy and finally makes possible a performance of this spectacular newly identified Feast of Fools drama

Scientism and Secularism J. P. Moreland, 2018-09-20 Rigid adherence to scientism as opposed to a healthy respect for science is all too prevalent in our world today Rather than leading to a deeper understanding of our universe this worldview actually undermines real science and marginalizes morality and religion In this book celebrated philosopher J P Moreland exposes the selfdefeating nature of scientism and equips us to

recognize scientism's harmful presence in different aspects of culture emboldening our witness to biblical Christianity and arming us with strategies for the integration of faith and science the only feasible path to genuine knowledge

History of the Caucasus Christoph Baumer, 2023-10-05 In the Shadow of Great Powers is the second volume of Christoph Baumer's History of the Caucasus. It covers the period from the Seljuk domination of the Southern Caucasus around 1050 CE to the present day. After the Kingdom of Georgia's golden age of independent power and cultural blossoming in the 12th and early 13th centuries, the Caucasus was overrun by the Mongols and soon disintegrated into innumerable smaller kingdoms, principalities, and khanates. At the same time, an Armenian kingdom in exile maintained a precarious independence in Cilicia (today's southern Turkey) by applying a three-way diplomatic policy balanced between the Mongol Il-Khanate, the Crusader states, and to a lesser degree, the Mameluke Empire. Then followed four centuries during which the highly fragmented polities of the North and South Caucasus became political pawns of the regional great powers: above all, the Ottomans, Iran, and Russia. In the wake of World War I, the South Caucasus enjoyed a short-lived independence, whereas its northern neighbours were engulfed by the Russian civil wars. But by 1921, the Soviet Union had re-established Russian dominance over the whole region, and from a Western perspective, the region disappeared behind the Iron Curtain. Nevertheless, the Caucasian nations kept their pronounced identities even under Soviet rule, giving rise at the dissolution of the Soviet Union to a number of internecine conflicts. Whereas the Russian Federation managed to maintain its supremacy over the North Caucasus, albeit at the cost of bloody wars and insurrections, Armenia, Azerbaijan, and Georgia succeeded in more or less gaining control over their destiny. Of these three republics, only Azerbaijan secured a wide-ranging independence thanks to its fossil fuel resources. Following Russian interference, Georgia lost control over two of its provinces, while Armenia remains dependent on Russian support in the face of its notoriously antagonistic relations with neighbouring Azerbaijan and Turkey over the unresolved issue of Karabakh. In the Shadow of Great Powers includes some 200 full-colour images and maps which further bring the turbulent history of this region to light.

Speaking With the Dead Jurgen Pieters, 2019-08-06 This book deals with the special power of literary texts to put us in contact with the past. A large number of authors coming from different ages have described this power in terms of the conversation with the dead: when we read these texts, we somehow find ourselves conducting a special kind of dialogue with dead authors. The book covers a number of texts and authors that make use of this metaphor: Petrarch, Machiavelli, Sidney, Flaubert, Michelet, Barthes. In connecting these texts and authors in novel ways, Jurgen Pieters tackles the all-important question of why we remain fascinated with literature in general and with the specific texts that to us are still its backbone. Situated in the aftermath of New Historicism, the book challenges the idea that literary history as a reading practice stems from a desire to speak with the dead. Key Features: Offers a broad survey, a combination of classical literature, Renaissance literature, and modern theory and history. Issues a plea for the importance of reading literary texts and the power of literature. Discusses key figures from the Western canon: Homer, Virgil, Dante, Machiavelli, in light of the

idea that we can learn from the past by talking to the dead Combines theoretical discussions of the relationship between literature and history with close reading of works by major literary authors and historians **Now You Suffer** Gareth Crocker, 2024-09-01 Detective Ruben Ellis wants to die The only reason he hasn't killed himself is because he first needs to hunt down the man who kidnapped and murdered his daughter Meanwhile another victim is being held captive in a twisted underground dystopia But does Ruben have enough will left to find her in time Can his partner Zander and his brilliant therapist Melissa help him unravel a mystery as dark and unseen as the gold mines that run deep beneath the streets of Johannesburg And will they discover the mind bending truth about Thing the deeply troubled figure in the basement Now You Suffer is a chilling and wholly unforgettable thriller the first in bestselling author Gareth Crocker's riveting new Ruben Ellis series The Sister of Mercy; Or, the Soldier's Victim FITZWARRYNE (Major.), 1860 Poet Lore, 1929 Origins, Time and Complexity George V. Coyne, Karl Schmitz-Moormann, Christoph Wassermann, 1994 The Uncrowned King Kenneth Whyte, 2009-05-01 A lively unexpected and impeccably researched piece of popular history The Uncrowned King reveals how an unheralded young newspaperman from San Francisco arrived in New York and created the most successful daily of his time pushing the medium to an unprecedented level of influence and excitement and leading observers to wonder if newspapers might be the greatest force in civilization more powerful even than kings and popes and presidents Featuring an eight page insert of black and white photographs The Uncrowned King offers a window onto the media world at the turn of the 19th century as seen by its most successful and controversial figure William Randolph Hearst Kenneth Whyte's anecdotal narrative style chronicles Hearst's rivalry with Joseph Pulitzer the undisputed king of New York journalism in the most spectacular newspaper war of all time They battled head to head for three years through the thrilling presidential election campaign of 1896 and the Spanish American War a conflict that Hearst was accused of fomenting and that he covered in person By 1898 Hearst had supplanted Pulitzer as the dominant force in New York publishing and was well on his way to becoming one of the most powerful and fascinating private citizens in 20th century America **Selections from the Writings of John Ruskin** John Ruskin, 1893
