Scientific Basis Of Child Custody Decisions:

The Scientific Basis of Child Custody Decisions Robert M. Galatzer-Levy, Louis Kraus, Jeanne Galatzer-Levy, 2009-03-23 The legal system requires mental health professionals to provide research summaries to support their evaluations in child custody cases Contributions from leading developmental researchers legal professionals and clinicians describe how scientific evidence is properly used in court Timely and current this book helps evaluators access the best information to fulfill their obligations to their clients and the court The Second Edition adds chapters on family observation parental alienation and sexual abuse Forensic psychologists family lawyers and judges will be equipped with the most current information to aid in custody decisions Parenting Assessments in Child Welfare Cases Terry D. Pezzot-Pearce, John W. Pearce, 2004-01-01 Perry Pezzot Pearce and John Pearce guide practitioners through the steps of assessment from negotiating the initial referral through data collection and report writing to court testimony **Handbook of Child Custody** Mark L. Goldstein, 2015-08-03 This authoritative reference brings together leading experts for up to date theory findings and guidelines on the core aspects of child custody evaluations Contributors offer steps for gathering more accurate family data through home observations interviews and collateral information Chapters examine psychological assessment tools commonly used in evaluations including measures relating to parenting competencies mental illness domestic violence and substance abuse and consider increasingly salient issues such as relocation and families in therapy The section on case studies shows best practices applied in real life custody situations and a chapter authored by a family court judge offers rarely seen perspective from the bench Featured in the Handbook A survey of ethical and professional issues Observing and interviewing children adolescents and adults Psychological assessment and personality testing A detailed review of the Bricklin scales Specialized issues including parental alienation attachment cults and more Illustrative case studies and psychological reports Mental health professionals who conduct child custody evaluations including psychiatrists clinical psychologists clinical social workers family and marriage counselors and licensed clinical professional counselors will appreciate the Handbook of Child Custody Family law attorneys will also find the Handbook useful in assisting them in child custody litigation Its thorough coverage will aid evaluators in making recommendations that are professional ethical and impartial and family lawyers in understanding the evaluation process and preparing for expert testimony *Child Custody Litigation*, 1988 **Overcoming Parent-Child Contact Problems** Abigail M. Judge, Robin M. Deutsch, 2016-10-05 In recent years there has been heightened interest in the clinical and legal management of families in which children resist contact with one parent and become aligned with the other following divorce Families affected by these dynamics require disproportionate resources and time from mental health and legal professionals and cases require a specialized clinical approach Traditional models of individual and family therapy are not designed to address these issues and strategies and resources for mental health and legal professionals have been extremely limited *Overcoming Parent Child Contact Problems*

describes interventions for families experiencing a high conflict divorce impasse where a child is resisting contact with a parent. It examines in detail one such intervention the Overcoming Barriers approach involving the entire family and combining psycho education and clinical intervention. The book is divided into two parts. Part I presents an overview of parental alienation including clinical approaches and a critical analysis of the many challenges associated with traditional outpatient family based interventions. Part II presents the Overcoming Barriers approach describing core aspects of the intervention and ways to adapt its clinical techniques to outpatient practice. *Overcoming Parent Child Contact Problems* is geared toward mental health clinicians and legal professionals who work with families in high conflict and where a child resists visitation with a parent. *Learning Forensic Assessment* Rebecca Jackson, 2007-10-08. Providing an excellent resource for forensic psychology undergraduate students, this book offers students the opportunity to learn from experts through the collection of outstanding articles. Unlike other books in the area that are topic specific, it also gives them comprehensive coverage of the subject. Divided into five broad topic areas, it covers professional issues, juvenile assessment, criminal forensic assessment, civil forensic assessment, pervasive issues, malingering, and psychopathy. Written by a group of internationally renowned contributors and including didactic information as well as pro *Clinical Assessment of Malingering and Deception* Richard Rogers, Scott D. Bender, 2020-05-28. Widely used by practitioners, researchers, and students and now thoroughly revised with 70% new material, this is the most authoritative comprehensive book on malingering and related response styles. Leading experts translate state of the art research into clear, usable strategies for detecting deception in a wide range of psychological and psychiatric assessment contexts, including forensic settings. The book examines dissimulation across multiple domains: mental disorders, cognitive impairments, and medical complaints. It describes and critically evaluates evidence based applications of multiscale inventories, other psychological measures, and specialized methods. Applications are discussed for specific populations such as sex offenders, children, and adolescents, and law enforcement personnel. **Key Words:** Subject Areas: malingering, deception, deceptive feigning, dissimulation, feigned cognitive impairment, feigned conditions, defensiveness, response styles, response bias, impression management, false memories, forensic psychological assessments, forensic assessments, clinical assessments, forensic mental health, forensic psychological evaluations, forensic psychologists, forensic psychiatrists, psychological testing and assessment, detection strategies, expert testimony, expert witnesses, family law, child custody disputes, child protection, child welfare. **Audience:** Forensic psychologists and psychiatrists, other mental health practitioners involved in interviewing and assessment, including clinical psychologists, social workers, psychiatrists, and counselors. Also of interest to legal professionals. *Motherhood, Mental Illness and Recovery* Nikole Benders-Hadi, Mary E. Barber, 2014-08-01. Despite the importance of regaining social roles during recovery from mental illness, the intersection between motherhood and serious mental illness is often overlooked. This book aims to rectify that neglect. A series of introductory chapters describing current research and services available to mothers with

serious mental illness are followed by personal accounts of clients reflecting on their parenting experiences One goal of the book is to provide clinicians with information that they can use to help patients struggling with questions and barriers in their attempts to parent The inclusion of personal accounts of mothers on issues such as stigma fears and discrimination in the context of parenting with a mental illness is intended to promote the message of mental illness recovery to a larger audience as well Finally it is hoped that this handbook will help inspire more research on mothers with mental illness and the creation of more services tailored to their needs

Handbook of Psychology, Forensic Psychology Alan M.

Goldstein,2003-01-07 Includes established theories and cutting edge developments Presents the work of an international group of experts Presents the nature origin implications an future course of major unresolved issues in the area

The International Handbook of Parental Alienation Syndrome Richard A. Gardner,S. Richard Sauber,Demosthenes Lorandos,2006

The dramatic increase in the number of child custody disputes since the seventies has created an equally dramatic need for a standard reference work that examines the growing social problem of children who develop an irrational hatred for a parent as the result of divorce

The International Handbook of Parental Alienation Syndrome Conceptual Clinical and Legal

Considerations features clinical legal and research perspectives from 32 contributors representing eight countries building on the work of the late Dr Richard Gardner a pioneer in the theory practice diagnosis and treatment of Parental Alienation Syndrome PAS

This unique book addresses the effects of PAS on parents and children discusses issues surrounding reconciliation between parent and alienated child and includes material published for the first time on incidence gender and false allegations of abuse in PAS

Content highlights examines PAS and the roles of family members the criminal justice system and the need for public awareness and policymakers to respond to PAS Descriptive statistics on 84 cases are given and the factors affecting reconciliation between the child and target parent are listed

The mild moderate and severe categories of PAS are explored and the psychological consequences of PAS indoctrination for adult children of divorce and the effects of alienation on parents are researched

The role of medical reports in the development of PAS sexual abuse allegations and future predictions on the fate of PAS children are many of the clinical considerations in this book

The legal issues concern PAS in American law criticisms of PAS in courts of law protecting the fundamental rights of children in families family law reform International PAS abductions and the legal requirements of experts giving evidence to courts

The impact and implications of PAS are immense and no other single source provides the depth and breadth of coverage of the topic than the clinical and forensic chapters in this book

Parental Alienation, DSM-5, and ICD-11 William Bernet,2010

Parental alienation is an important phenomenon that mental health professionals should know about and thoroughly understand especially those who work with children adolescents divorced adults and adults whose parents divorced when they were children

In this book the authors define parental alienation as a mental condition in which a child usually one

whose parents are engaged in a high conflict divorce allies himself or herself strongly with one parent the preferred parent

and rejects a relationship with the other parent the alienated parent without legitimate justification This process leads to a tragic outcome when the child and the alienated parent who previously had a loving and mutually satisfying relationship lose the nurture and joy of that relationship for many years and perhaps for their lifetimes We estimate that 1 percent of children and adolescents in the U S experience parental alienation When the phenomenon is properly recognized this condition is preventable and treatable in many instances The authors of this book believe that parental alienation is not simply a minor aberration in the life of a family but a serious mental condition Because of the false belief that the alienated parent is a dangerous or unworthy person the child loses one of the most important relationships in his or her life This book contains much information about the validity reliability and prevalence of parental alienation It also includes a comprehensive international bibliography regarding parental alienation with more than 600 citations In order to bring life to the definitions and the technical writing several short clinical vignettes have been included These vignettes are based on actual families and real events but have been modified to protect the privacy of both the parents and children

Surviving and Thriving in Stepfamily Relationships Patricia L. Papernow, 2013-06-07 *Surviving and Thriving in Stepfamily Relationships* is designed to be useful both to stepfamily members themselves and to a wide variety of practitioners as well as to educators judges mediators lawyers and medical personnel

PARENTAL ALIENATION Demosthenes Lorandos, William Bernet, S. Richard Sauber, 2013-12-01 *Parental Alienation The Handbook for Mental Health and Legal Professionals* is the essential how to manual in this important and ever increasing area of behavioral science and law Busy mental health professionals need a reference guide to aid them in developing data sources to support their positions in reports and testimony They also need to know where to go to find the latest material on a topic Having this material within arm s reach will avoid lengthy and time consuming online research For legal professionals who must ground their arguments in well thought out motions and repeated citations to case precedent ready access to state or province specific legal citations spanning thirty five years of parental alienation cases is provided here for the first time in one place Over 1000 Bibliographic Entries 500 Cases Examined 25 Sample Motions in MS Word Format Note The eBook version contains the additional supplemental materials in PDF format only It does not contain the MS Word formatted sample motions

Evaluation for Child Custody Geri S. W. Fuhrmann, Robert A. Zibbell, 2012 Forensic mental health assessment FMHA has grown into a specialization informed by research and professional guidelines This series presents up to date information on the most important and frequently conducted forms of FMHA The 19 topical volumes address best approaches to practice for particular types of evaluation in the criminal civil and juvenile family areas Each volume contains a thorough discussion of the relevant legal and psychological concepts followed by a step by step description of the assessment process from preparing for the evaluation to writing the report and testifying in court Volumes include the following helpful features Boxes that zero in on important information for use in evaluations Tips for best practice and cautions against common pitfalls Highlighting of relevant case

law and statutes Separate list of assessment tools for easy reference Helpful glossary of key terms for the particular topic In making recommendations for best practice authors consider empirical support legal relevance and consistency with ethical and professional standards These volumes offer invaluable guidance for anyone involved in conducting or using forensic evaluations Child custody cases represent one of the most complex areas of forensic mental health assessment The evaluations are highly specialized requiring expertise in child development and psychopathology and a thorough understanding of the professional and ethical guidelines for child custody evaluations This volume written by two child custody examiners with years of experience and an exceptional depth of understanding of the area synthesizes the highest quality of work in the field to articulate the best practices for these evaluations based upon professional guidelines law and research

The Law and Child Development Mavis Maclean, 2017-03-02 This volume asks what legal and socio legal scholarship can contribute to understanding the role of law in the care and development of children The editors have selected key articles ranging from theoretical analysis to empirical data based research that address the law's approach in the United States and the United Kingdom to resolving parenting disputes after separation protecting children from abuse and neglect and affording children procedural protections in the juvenile justice system Their introduction to these important and often distressing areas of the law confirms the importance of understanding how law works in practice and reaffirms that law itself remains responsible for articulating and protecting society's values

Handbook of Forensic Sociology and Psychology Stephen J. Morewitz, Mark L. Goldstein, 2013-08-20 The role of behavioral and social sciences in the courtroom setting has expanded exponentially in the past few decades It is now widely recognized that scientists in these areas provide critical contextual information for legal decision making and that there is a reliable knowledge base for doing so While there are many handbooks of forensic psychology this is the first such volume to incorporate sociological findings broadening the conceptual basis for examining cases in both the civil and criminal realms including immigration issues personal injury child custody and sexual harassment This volume will examine the responsibilities of expert witnesses and consultants and how they may utilize principles theories and methods from both sociology and psychology It will show these disciplines together can improve the identification and apprehension of criminals as well as enhance the administration of justice by clarifying profiles of criminal behavior particularly in cases of serial killers death threat makers stalkers and kidnappers The volume is quite comprehensive covering a range of medical school environmental and business settings Throughout it links basic ideas to real applications and their impact on the justice system

Creating Effective Parenting Plans John Hartson, Brenda Payne, 2006 According to these pediatric psychologists the best interest of the child calls for a developmentally appropriate parenting plan that is custody that accurately reflects the child's physical and psychological development Even now this concept often faces courtroom challenges as it can conflict with the traditional lawyer client relationship This book explores developing alternate parenting schedules or custody with the child's best interest and developmental needs considered first

The Role of the Father in Child Development Michael E. Lamb, 2010-03-10 The Definitive reference on the important role fathers play in child development today Edited by Dr Michael Lamb the recognized authority on the role of fathers in child development The Role of the Father in Child Development Fifth Edition brings together contributions from international experts on each subject to provide a thorough and current summary of the state of fatherhood across cultures classes economic systems and family formations This classic guide offers a single source reference for the most recent findings and beliefs related to fathers and fatherhood This thoroughly updated new edition provides the latest material on topics such as The effects of divorce Fathers from low income backgrounds Stepfathers lives exploring social context and interpersonal complexity Social policy Gay fathers Fatherhood and masculinity The definitive book on when why and how fathers matter to their children and families The Role of the Father in Child Development Fifth Edition is an essential reference for all mental health professionals who endeavor to understand and support fathers in becoming positive influences in their children s development

Evaluating Competencies Thomas Grisso, 2006-01-27 As in its first edition this book offers a conceptual model for understanding the nature of legal competencies The model is interpreted to assist mental health professionals in designing and performing assessments for legal competencies defined in criminal and civil law and to guide research that will improve the practice of evaluations for legal competencies A special feature is the book s evaluative review of specialized forensic assessment instruments for each of several legal competencies Three fourths of the 37 instruments reviewed in the second edition are new and thus were not reviewed in the first edition Application of the assessment model and reviews of instruments are provided for six areas of legal competence Competence to Stand Trial Waiver of Rights to Silence and Legal Counsel Not Guilty by Reason of Insanity Parenting Capacity Determination of Child Custody Guardianship and Conservatorship and Competence to Consent to Treatment

Contemporary Families at the Nexus of Research and Practice Scott W. Browning, Brad van Eeden-Moorefield, 2017-04-21 Contemporary Families at the Nexus of Research and Practice integrates current research with clinical theory to establish the most up to date evidence supported treatment options for unique contemporary families Each chapter begins with a case study and genogram A research section that explains family experiences outlined in the case study follows Finally a treatment section presents clinical theory and provides an evidence supported practice Together each chapter demonstrates how theory gets translated into practice Family forms discussed include families of divorce stepfamilies families of addiction impoverished families families of incarceration families of cyberbullying and families of murder victims Whether you re a professional or a student this book will provide both relevant research findings and explicit instruction and case material to augment your practice

This Captivating Realm of E-book Books: A Comprehensive Guide Revealing the Advantages of E-book Books: A Realm of Convenience and Versatility E-book books, with their inherent mobility and simplicity of access, have liberated readers from the limitations of physical books. Gone are the days of carrying bulky novels or carefully searching for particular titles in bookstores. E-book devices, stylish and portable, seamlessly store an wide library of books, allowing readers to indulge in their favorite reads whenever, anywhere. Whether traveling on a busy train, lounging on a sun-kissed beach, or simply cozying up in bed, E-book books provide an unparalleled level of convenience. A Reading World Unfolded: Discovering the Wide Array of E-book Scientific Basis Of Child Custody Decisions Scientific Basis Of Child Custody Decisions The Kindle Store, a digital treasure trove of literary gems, boasts an extensive collection of books spanning diverse genres, catering to every readers preference and preference. From gripping fiction and mind-stimulating non-fiction to classic classics and modern bestsellers, the E-book Shop offers an unparalleled variety of titles to explore. Whether looking for escape through immersive tales of fantasy and adventure, diving into the depths of past narratives, or expanding ones knowledge with insightful works of scientific and philosophical, the E-book Store provides a gateway to a literary world brimming with endless possibilities. A Game-changing Force in the Literary Landscape: The Persistent Influence of E-book Books Scientific Basis Of Child Custody Decisions The advent of E-book books has undoubtedly reshaped the bookish scene, introducing a paradigm shift in the way books are published, disseminated, and read. Traditional publishing houses have embraced the digital revolution, adapting their strategies to accommodate the growing demand for e-books. This has led to a rise in the accessibility of E-book titles, ensuring that readers have access to a vast array of bookish works at their fingertips.
