14 and adds that oral traditions handed down over the centuries may have been involved here too. God shared the records with Moses in whatever manner he chose to do so. The Word of God is truth. As far as Mt Ararat being a post flood mountain as some seem to believe, Dr John Morris, Dr Tim LaHaye and other scientists tell us the mountain was pre flood and grew to its greatest height with all the geological activity that took place during the flood. Chapter 9 Turkish geologist Dr Bayraktutan has located what are believed to be basement rocks that give proof that Mount Ararat was pre flood. Who We Are section A question may be: What area did the Urartu Kingdom occupy long before Moses arrived on the scene? Wherever the area was, I am of the belief that Mount Ararat was included in that area that would be known as the mountains of Ararat at the time the ark landed on it. I have personally talked with at least 6 people who have seen or have personal knowledge of the ark on Ararat. They are the Reverend Vince Will who saw it from an aircraft in WWII, Ed Davis who during WWII was taken to see the ark by Kurds from his base in neighboring Iran, two 2 Kurdish shepherds who told me they saw part of a large structure, Dudley Thomas who held a top secret security clearance and saw satellite photographs and classified information in the Science and Technology Highlights classified journal when in the navy, and Saim Sahin who was taken to the ark and was able to touch it. Their stories are in chapters 5 and 17 as well as in Who We Are and the Sketches and Photo Sections. A complete study of the Urartu Kingdom can be seen here https://www.noahsarksearch.com/Urartu_Ararat_Boundaries.pdf

Romance of the Hebrew Calendar Raphael Ben Levi, 2013-02-28 In the introduction to Romance of the Hebrew Calendar, author Raphael Ben Levi writes: This book is about relationships I make no apologies for it. When everything has been said and done, what are we left with that endures? Relationships borne out of agape love. This is what the deepest and most authentic relationships are composed of, from beginning to end. This absorbing and ground breaking book will inspire readers to develop a deeper relationship with God and bring restoration to those who are spiritually broken. According to the author, there is a special heartbeat that pulsates through the veins of the biblical year which has helped shape the identity of the Jewish people. Written from a Jewish messianic perspective, Romance of the Hebrew Calendar contains inspirational and fresh insights that are highly engaging and provocative. The main theme is complemented by a rich compendium of poignant stories and devotions drawn from Jewish tradition, historical archives and firsthand accounts. The Jewish festivals are lovingly presented to demonstrate a unified message of redemption. The months of the Hebrew calendar are accompanied by individual sections relating to the constellation connected to each tribe as represented by their banner or flag. The Hebrew word mazal from the plural word mazzaroth is associated with the patterns of stars in the sky and we find various biblical references to it such as in the Book of Job. In addition, Romance of the Hebrew Calendar contains individual sections for each chapter relating to the jewels of the high priest's ephod, their colours and their inherent connection with the twelve tribes of Israel. The combined messages contained within the biblical feasts, the mazzaroth and the jewels of the high priest's ephod converge to form a unified declaration of God's love revealed in Yeshua Ha Meshiach that will capture your imagination and

My Armor's Kinda Rusty ... Encouragement for Weary Warriors Paula Meiners Yingst, 2012-11-17 How have I come to this place in my life and ministry where hindsight is not simply a self pitying review of all the things that have gone wrong over the years A cleft in the rock where Im finally able at least some of the time to recognize that whenever I allow myself to honestly reconsider the awesome the awful and the decidedly ugly moments scattered along the pathway of my life experience I can see that Gods hand has been guiding my journey This is an exploration of accounts that have inspired me over the years a search for answers to questions that have challenged me and information that Ive gleaned from various sources They are told from my personal point of view But also included are amazing stories that Ive collected from other imperfect people the humorous and the heartbreaking which have stuck with me over the years and insist that I still have much more to learn They remind me that especially when it comes to spiritual armor mine is rusty even on a good day But then so is yours and therefore ours So lets continue the journey together Caution Stay alert for falling rocks and tongue in cheek humor
