Ashton PhD, 2001 50 videnskabsfolk beretter om hvorfor de tror på skabelsesberetningen på trods af deres naturvidenskabelig baggrund *Can a Scientist Believe in Miracles?* Ian Hutchinson, 2018-09-11 Plasma physicist Ian Hutchinson has been asked hundreds of questions about faith and science Is God's existence a scientific question Is the Bible consistent with the modern scientific understanding of the universe Are there scientific reasons to believe in God In this comprehensive volume Hutchinson answers a full range of inquiries with sound scientific insights and measured Christian perspective **The God Factor** John F. so many in the past the answer was that their faith was inseparable from their science a powerful point to encourage believers and challenge the skeptics      **Science vs. Religion** Elaine Howard Ecklund,2010-05-06 In the wake of such recent controversies as teaching Intelligent Design and the ethics of stem cell research greater understanding between scientists and believers is critical According to a recent national survey nearly 25% of all Americans think that scientists are hostile to religion In fact however we know little about how scientists engage with religion and spirituality In this timely volume Elaine Ecklund fills a void in our knowledge by examining the views of elite natural and social scientists from seven different disciplines at twenty on top U S research universities      *Theory and Best Practices in Science Communication Training* Todd P.
