Scotlands Shifting Population 1770 1850

Arthur Redford

Scotlands Shifting Population 1770 1850:

Scotland's Populations from the 1850s to Today Michael Anderson, 2018-02-09 Scotland's Populations is a coherent and comprehensive description and analysis of the most recent 170 years of Scottish population history. With its coverage of both national and local themes set in the context of changes in Scottish economy and society, this study is an essential and definitive source for anyone teaching or writing on modern Scottish history, sociology or geography. Michael Anderson explores subjects such as population growth and decline, rural settlement and depopulation, and migration and emigration. It sets current and recent population changes in their long-term context, exploring how the legacies of past demographic change have combined with a history of weak industrial investment, employment insecurity, deprivation, and poor living conditions to produce the population profiles and changes of Scotland today. While focussing on Scottish data, Anderson engages in a rigorous treatment of comparisons of Scotland with its neighbours in the British Isles and elsewhere in Europe, which ensures that this is more than a one-country study. **Scotland's Shifting Population, 1770-1850** Donald Farquhar Macdonald, 1937

Scottish Migration Since 1750 James C. Docherty, 2016-08-11 Scottish Migration since 1750: Reasons and Results begins a fresh chapter in migration studies using new methods and unpublished sources to map the course of Scottish migration between 1750 and 1990. It explains why the Scottish population grew after 1650, why most Scots continued to be female, and the underlying economic reasons for Scottish emigration after 1820. It surveys migration to England, Canada, United States, South Africa, Australia, and New Zealand. It explores their names, marriages, family structures, and religions, and assesses how well they really fared compared to other British migrants. Far from being just another Celtic sob story, this book offers a model about how the histories of other migrant groups might be reappraised. **Labour**

Migration in England, 1800-1850 Arthur Redford, 1976 **The Historical Geography of Scotland Since 1707** David Turnock, 2005-08-04 This is the first book to take a comprehensive view of the historical geography of Scotland since the Union. The period is divided into sections separated by the Napoleonic Wars and the First World War, and each section offers a general view followed by detailed studies giving a balanced coverage of regional and urban/rural criteria and the economic infrastructure. The book contains a number of original researches, and Dr Turnock attempts to set the Scottish experience in a framework of general ideas on modernisation. **The Highland Scots of North Carolina, 1732-1776** Duane

Meyer, 2014-03-30 Using a variety of original sources, official papers, travel documents, diaries, and newspapers, Duane Meyer presents an impressively complete reconstruction of the settlement of the Highlanders in North Carolina. He examines their motives for migration, their life in America, and their curious political allegiance to George III. This book breaks new ground in discussing the causes of the emigration and the knotty puzzle of the loyalism of the American Scots. Meyer sees not forceable political repatriation but nonpolitical social and economic pressures as the real cause of the Highlander movement to America. He meticulously examines the political allegiance of the Highlander settlement in North Carolina. **The Scottish**

Economy A. K. Cairncross, 1953-12-31 European Urbanization, 1500-1800 Jan de Vries, 2006-12-21 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company **Essays on the Industrial Revolution in Britain** Sidney Pollard, 2024-10-28 This volume has three main themes First there is the concept of the Industrial Revolution and its main characteristics and the author defends both the term and the notions behind it against attempts to play down their significance A particular interest is the comparison of what happened to Britain with similar processes in other European countries The second theme is the set of problems facing the early entrepreneurs and managers Their difficulties as pioneers in the economic as well as the social sphere are often underrated and are here explored in detail Last there is an emphasis on the characteristic feature of industrialisation as a regional phenomenon and on the significance of particular regions in the entire process All three themes have called forth extended debate in which these essays have played an important part

Annual Report ... Submitted by the Executive Committee to the Trustees Carnegie Trust for the Universities of Scotland, 1929 **British Emigration to British North America** Helen I. Cowan, 1961-12-15 In 1928 Miss Cowan published in the series University of Toronto Studies History and Economics her first work on population movements British Emigration to British North America 1783 1837 This study has remained a standard reference on its subject and for some time has been available for purchase only through second hand channels In the intervening years Miss Cowan maintained an active interest in this field of history for the present volume she has revised the earlier study in the light of her own and others investigations and has expanded her discussion to include another quarter century The book is an attempt to give students and general readers something of the story of the outpouring of British subjects who peopled British North America in the years before Confederation Economic dislocations coincident with the Napoleonic Wars and the industrial and agricultural revolutions were causing a vast uprooting of population At the same time the beginning of political and humanitarian reform brought a demand for assistance in poor relief for land labour and other improvements at home and for government aid in emigrating to the colonies The author describes the various policies of governments on emigration the activities of timber mercantile and land companies which became greatly interested in the flow of population overseas and the efforts of individual and societies to help the needy who took part in this epic movement **Glasgow: 1830 to 1912** Thomas Martin Devine, 1995 Covering the period of political reform at the beginning of the 1830s to the great expansion of the city's boundaries in 1912 it examines the adjustments which had to be made to cope with some of the fastest urban growth in Europe Particular attention is paid to the people institutions and power structures as Glasgow's intricate class profile is unravelled and the pivotal role of politics and government is fully explored **Investigating Obsolescence** Nancy C. Dorian, 1992-09-03 This collection will certainly stimulate further and better co-ordinated research into a topic of direct relevance to sociolinguistics and anthropological linguistics Business History Kenneth. A. Tucker, 2013-12-19 First Published in 1977 This set of readings has been planned to demonstrate good examples of the writing of business history

using a wide range of source material Furthermore the intention is to aid the development of critical perception and facilitate further analysis The overriding criterion in selection has therefore been the framework of structure conduct performance for the industry activity or firm The emphasis is on the technical and organisational relationships between the governing factor input and output conditions and the objectives and control mechanisms of the decision making personnel The Leviathan of Wealth Eric Richards,2013-02-01 Published in the year 2006 The Leviathan of Wealth is a valuable contribution to the field of Major Works Discover Your Scottish Ancestry Graham Holton,2009-11-04 This illuminating guide to discovering your Scottish family history has been fully revised and updated to take account of changes to resources and methods for researching your Scottish ancestry over the last few years Accessible in style and comprehensive in coverage this new edition stresses the importance of traditional methods of family history research while also embracing the exciting possibilities afforded by new technologies sources and developments in genetic science Indispensable to both the fledgling researcher and the more experienced family history specialist in Scotland or elsewhere this book provides a guide to the very latest resources available to assist with research Covering Scottish primary and secondary sources in full detail this book also provides illustrative case studies of family history research lists of useful websites and archives and family history organisations and societies Highlights of this new edition An updated chapter dedicated to aspects of recording scanning and storing information New insight into accessing English Irish emigrant and immigrant records An update on developments in DNA genetics of relevance to the genealogist A substantial and broad ranging bibliography essential for those who want to take their research even further The Irish in the West of Scotland, 1797-1848 Martin Mitchell,2001-01-01 The prevailing historical view of the Catholic Irish in the first half of nineteenth century Scotland is that they were despised by native workers because of their religion and because most were employed as strike breakers or low wage labour As a result of this hostility the Catholic immigrants were viewed as a separate isolated community concerned mainly with Irish and Catholic issues and unable or unwilling to participate in trade unions strikes and radical reform movements The Protestant Irish immigrants on the other hand were believed to have integrated with little difficulty mainly because of religious families and cultural ties with the Scots This study presents a radically different view It demonstrates that whereas some Irish workers were used as a blackleg or cheap labour others participated in trade unions and strikes alongside native workers most notably in spinning weaving and mining industries The various agitations for political change in the region are analysed revealing that the Irish Catholic and Protestant were significantly involved in all of them It is also shown that Scottish reformers welcomed and indeed actively sought Catholic Irish participation The campaigns for Catholic emancipation and the repeal of the Act of Union of 1800 are reviewed as are the attitudes of the Scottish Catholic clergy to the political activities of their overwhelmingly Irish congregations The Chartist Movement in Scotland Alexander Wilson,1970 *The Irish Diaspora in Britain, 1750-1939* Donald MacRaild,2010-11-24 This established study focuses on the most important phase of

Irish migration providing analysis of why and how the Irish settled in Britain in such numbers Updated and expanded the new edition now extends the coverage to 1939 and features new chapters on gender and the Irish diaspora in a global perspective

English Literature, Volume 1 Louis A. Landa, 2015-12-08 This is the first of two volumes which will make available in convenient form the annual bibliographies of 18th century scholarship published for the past 25 years in the *Philological Quarterly* Volume 1 includes the years 1926-1938 By means of lithography the original issues are exactly reproduced with retention of all critical annotations Originally published in 1950 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
