Scots Scandinavian Links In Europe And America 1550 1850:

Scots-Scandinavian Links in Europe and America, 1550-1850 David Dobson, 2005 During the 17th century tens of thousands of Scots settled in Scandinavia and a number of them would eventually become engaged as planters and merchants in the Danish colony of the Virgin Islands Leaving no aspect of Scottish emigration to go unaddressed David Dobson here identifies about 1 200 Scots who took up residence in Scandinavia and some of whose progeny made their way to the Americas

Scots-Scandinavian Links in Europe and America, 1550-1850. Second Edition David Dobson, 2020-06-02 **The Gunns; History, Myths and Genealogy** Alastair Gunn, 2020-02-15 Here is a radical academically based text which demolishes the myths currently masquerading as Gunn history Gunns are best thought of as the original non related inhabitants of northern mainland Scotland They do not have an Orkney Islands origin Gunns should not be viewed as a clan as they had no founding ancestor There was never an historic Clan Gunn Chief The first Gunn known to history was Coroner Gunn of Caithness who died around 1450 His eldest son started the MacHamish Gunns of Killernan line many descendants from that line exist all around the world Major detail on this MacHamish line is included This book is an important addition to Scottish Highland history

Passenger and Immigration Lists Index, 1983 **Ekspedycja inflantska 1621 roku** Jan Kunowski, 2007 **Scots-French Links in Europe and America, 1550-1850** David Dobson, 2011 This book identifies some of the Scots who settled in France and its colonies in the Americas between 1550 and 1850 It also contains references to a number of Frenchmen found in contemporary Scotland author v **Scottish Trade with German Ports, 1700-1770** Philipp Robinson Rössner, 2008 The monograph contributes to the field of eighteenth century comparative European history Based mainly on British and German customs accounts it is a bilateral case study of the basic working mechanisms within a much larger framework the eighteenth century Atlantic economy The Scottish customs records are unique insofar as they allow precise reconstructions of Scotland's trade volume in yearly series after 1743 which can be broken down by singular countries commodities As the Scottish German trade pattern linked back into the Atlantic framework it is hoped that the present model study will encourage further research into cross country studies of North Sea and Atlantic trade the most dynamic branch of European commerce post 1700

Thuringia entitled the Allgemeine Auswanderungs Zeitung The emigrants who are arranged alphabetically are identified by place of origin and sometimes by the number of persons in the passenger s family or the names of traveling companions

Scottish-German Links, 1550-1850 David Dobson,2007 In the tradition of his earlier books on Dutch Huguenot and Polish connections to Scotland Dr David Dobson has now collected several thousand references that establish specific immigration connections between Scotland and the future country of Germany 1550 1850 Scottish links with Germany can be traced back to the medieval period For example on 11 October 1297 Andrew Moray and William Wallacq as guardians of the Community of Scotland and leaders of the Army of the Kingdom of Scotland wrote to the mayors and citizens of Lubeck and Hamburg thanking them for their assistance in resisting English domination and offering them safe access to Scottish ports However trade between them was relatively small scale the majority of Scots commerce being with Scandinavia the Baltic countries and the Netherlands Consequently the settlement of Scots merchants and their factors was minimal and limited to ports such as Hamburt Bremen and Lubeck Scots in Poland, Russia and the Baltic States David Dobson,2009 The links between Scotland and the countries lying along the southern shores of the Baltic can be traced back as far as the late Medieval period when Scottish knights accompanied the Teutonic knights on their Baltic Crusade Since then there have been economic links which led any number of western merchants Scots included to settle in the main seaports of Eastern Europe such as Danzig

DOBSON,2020-09-02 By 1675 some Scots scholars merchants and Covenanters Calvinists were gravitating to Holland Zealand and Flanders but the majority were soldiers fighting for the United Provinces for independence from the Spanish Hapsburgs and later France Some of these Scots or their descendants came with the Dutch immigrants to America SCOTS-DUTCH LINKS IN EUROPE & David Dobson,2016-09-17 By 1675 some Scots scholars merchants and Covenanters Calvinists were gravitating to Holland Zealand and Flanders but the majority were soldiers fighting for the United Provinces for independence from the Spanish Hapsburgs and later France Some of these Scots or their descendants came with the Dutch immigrants to America
