instruction In addition to extensive updating of earlier material this new edition extends its coverage to include new chapters on adolescents out of school literacy experiences and their in school preferences digital resources for content learning and considerations for the reading specialist In doing so however the authors have tried to maintain the brevity stylistic clarity and classroom focus of the earlier volume Key features of this important new book include Teaching Flexibility Although written with the needs of pre service teachers in mind theory and research are treated in sufficient depth to make the book suitable for graduate courses and for teacher study groups It is also appropriate for secondary reading specialists or literacy coaches responsible for establishing or maintaining a school wide literacy program Changes in New Edition All chapters have been reorganized and most of the text rewritten In addition new chapters not usually included in content area reading texts were added These cover 1 adolescents out of school literacy experiences and in school preferences 2 digital resources for content learning and 3 considerations for the reading specialist Socio Cultural Perspective Like other volumes in the Literacy Teaching Series the perspective of this one is socio cultural and constructivist It recognizes that classroom teaching and learning are closely intertwined with surrounding school and community cultures as well as the culture and language of the subject being studied Likewise literacy is not simply a matter of reading and writing but involves using multiple literacies to negotiate and construct meaning Practical Orientation Although supporting theory and research are included in all chapters instructional strategies with illustrative examples from practicing teachers are included in most chapters Each chapter concludes with Application Activities and From Our Professional Library references

Market Education Andrew J. Coulson, In Market Education The Unknown History Andrew J Coulson explores the educational problems facing parents and shows how these problems can best be addressed He begins with a discussion of what people want from their school systems tracing their views of the kinds of knowledge skills and values education should impart and their concerns about discipline drugs and violence in schools Using this survey of goals and attitudes as a guide Coulson sets out to compare the school systems of civilizations both ancient and modern seeking to determine which systems achieved the aims of parents and the public at large and which did not Drawing on the historical evidence of how these various systems operated Coulson concludes that free educational markets have consistently done a better job of serving the public s needs than state run school systems have

Finding the Right Texts Elfrieda H. Hiebert, Misty Sailors, 2009-01-01 Until now no single volume has comprehensively examined the crucial question of how to select the most appropriate reading material for beginning or struggling readers From leading authorities this book meets an important need by reviewing the best available research on the role of specific text features including linguistic and conceptual content in supporting the development of proficient reading Also explored are ways that teacher scaffolding can help students who have difficulties with particular aspects or types of texts The book considers approaches to adapting the design and selection of texts to reinforce reading skills and provide well paced challenges for Ka 6 students at a variety of ability levels
