Scottish Covenanter Stories Tales From The Killing Times:

Scottish Covenanter Stories Dane Love, 2000 Fifty tales from the annals of the Killing Times when Bonnie Dundee carried out the edict of King Charles II by hunting down and persecuting the Covenanters throughout Southern and Central Scotland The Enemy J.L. Jarvis, 2014-05-23 Only an enemy soldier could save her life and her heart Highlander Callum MacDonell battled lowland Covenanters at the service of the King Now charged with hunting an assassin his journey will lead to a murderer's passionate Covenanter sister Mari McEwan Betrayed and abandoned by the man she loved Mari faces judgment by a tribunal of her people demanding she name the father of her unborn child or be exiled from her beloved home and family As she stands trembling before her community she knows she must refuse And yet if she does so a cruel fate awaits her *The Conquering Christ* Peter M. Nadeau, 2024-12-26 The book of Revelation is the story of the triumphant Christ who has just returned from His daring raid behind enemy lines What seemed like Satan's master stroke in butchering Jesus on a cross at Calvary turned out to be the greatest tactical disaster of all time The death of Jesus was not a defeat but rather a strategic incursion into enemy territory He dropped right into hell's supermax prison threw open the cells incarcerating His people in sin and death and extracted them from the abyss below to His heaven above so that they could reign with Him forever and ever In a single stroke Jesus had cheated the grave liberated His royal siblings plundered hell and left the Devil with his mouth agape as the Christ taunted Death Where is your sting Grave Where is your victory The Jesus that the Apostle John sees before Him now is the conquering prince Eyes of fire voice of oceans robe of white sash of royalty feet of bronze mouth as a sword the resurrected glorified Christ has launched His invasion against the kingdom of darkness Now He will tell us how He will finish it **Network North** Steve Murdoch, 2006 Discussing a series of economic confessional political and espionage networks this volume provides an illuminating study of network history in Northern Europe in the early modern period The empirically researched chapters advance existing social network theory into accessible historical discussion Dixie Heretic Tennant McWilliams, Tennant S. McWilliams, 2023-09-22 Dixie Heretic is a life and times biography of the minister and social reformer Renwick C Kennedy 1900 1985 an impassioned tortured man who strove ardently to make his white Alabama congregants more Christian by acknowledging their own racism and greed and who not only lived but chronicled carefully many of the forces culminating in the right wing conservative movement today As McWilliams relates Kennedy came from upcountry South Carolina a place rife with Scotch Irish Associate Reformed Presbyterians They lived by biblical infallibility and a strain of individual piety and salvation focused on the hereafter In the early 1920s however his ministerial studies took him to Princeton Theological Seminary There he encountered the Presbyterian Conflict over science fundamentalism and the social gospel and he emerged a radical Christian socialist Like a few other articulate practitioners of Neo orthodoxy young Kennedy stayed true to the literalist Bible and the salvation and piety allegiances of his youth But he embraced not only the Social Gospel's mandate to solve earthly problems of poverty and

prejudice but many cardinal tenets of modern science as well To Kennedy this posed no contradiction In 1927 Kennedy moved to Camden Alabama the seat of Wilcox County where he soon married and started a family Meanwhile his ministry for social change dominated his Wilcox pastorates filled with the very people from whom he derived the Scotch Irish Quietly he came to believe that God had a mandate for him to confront and change the behaviors and beliefs of his congregations notably their attitudes about race and poverty And to do this he found he had to attack what he considered traditionalist Christian hypocrisy half Christianity or non social gospel Christianity some of which he came to see as a form of proto fascism if not fascism itself He soon turned to penning confrontational short stories many published in Christian Century and some in the New Republic and set in his fictitious Yaupon County In some of these stories he overtly revealed his allegiances as a Social Gospel Christian and as an adamant supporter of Franklin Roosevelt s Democratic party He spared no one not even members of his own congregation He also abandoned his pacifism and urged US intervention in World War II he hoped that the defeat of racial fascism abroad might somehow grow white hearts at home Ultimately to help eliminate the anti Christ the mad dog Hitler Kennedy joined the U S Army As a chaplain with the famed 102nd Evacuation Hospital he experienced some of the most horrific chapters of the conflict Saint Lo the Battle of the Bulge and arrived at Dachau a mere week after German soldiers fled The postwar world gave Kennedy periods of optimism and hope He returned from the war believing America might deal with its own racial issues the way it had treated Europe and Japan s His own children grew into educated enlightened and thriving adults And new developments in his professional life brought considerable increases to his family income easing his wife s long financial insecurities Yet these years also offered a great many frustrations Even by 1948 he knew his Social Gospel hopes about racism fascism and white entitlement especially among his fellow Scotch Irish were na ve at best The rise of the Dixiecrat movement a key Dixiecrat leader Alabama State senator J Miller Bonner was a member of his own congregation only deepened his sense of personal defeat Even so the rise of the civil rights movement in the 1950s and 1960s and occasional developments in state and national politics rekindled at least some of his old Neo orthodox hope and drive He played a significant role in desegregating Troy State University for instance but the gratifications of even small victories proved fleeting dashed by the assassinations of Dr King JFK and RFK and the growing numbers of southern white Republicans and Wallaceites In Kennedy s increasing down times he was privately the self professed Christian and a Democrat seeing national Republicans as sinners for their growing embrace of white southern racial conservatives A long term functional alcoholic this privately persistent Neo orthodox Christian never ceased agonizing over the growing half Christianity around him Indeed he died worrying about what it portended for the role of white supremacist proto fascists in modern America aware of having made few inroads on God s mandate and what he considered white Christian wrongs in Alabama While Renwick Kennedy was front loaded for the failure he indeed found still in the values and social norms he pondered and challenged at every stage of his life and today so badly in need of recommitment he stands as a good citizen a

non hypocritical Christian and an emblem of hope Assassins' Deeds John Withington,2020-11-05 Assassins have been killing the powerful and famous for at least three thousand years Personal ambition revenge and anger have encouraged many to violent deeds like the Turkish sultan who had nineteen of his brothers strangled or the bodyguards who murdered a dozen Roman emperors More recently have come new motives like religious and political fanaticism revolution and liberation with governments also getting in on the act while many victims seem to have been surprisingly careless Abraham Lincoln was killed after letting his bodyguard go for a drink So do assassinations work Drawing on anecdote historical evidence and statistical analysis Assassins Deeds delves into some of history s most notorious acts unveiling an intriguing cast of characters ingenious methods of killing and many unintended consequences In Search of Ulster-Scots Land Barry Vann,2008 Social and religious historians have conducted much research on Scottish colonial migrations to Ulster however there remains historical debate as to whether the Irish Sea in the seventeenth century was an intervening obstacle or a transportation artery Vann presents a geographical perspective on the topic showing that most population flows involving southwest Scotland during the first half of the seventeenth century were directed across the Irish Sea via centuries old sea routes that had allowed for the formation of evolving cultural areas As political or religious motivational factors presented themselves in the last half of that century Vann holds the established social and familial links stretched along those sea routes facilitated chain migration that led to the birth of a Protestant Ulster Scots community Vann also shows how this community constituted itself along religious and institutional rubrics of dissent from the Church of England Church of Scotland and Church of Ireland **Scottish Covenant Stories** Dane Love,2024-09 **The Grahams of Pennsylvania and Virginia** Alicia M.
