Ewan, Maureen M.

Rafeek,2008-05-30

Scotland and especially the industrial conurbation surrounding Glasgow played a pivotal role in radical politics in the twentieth century The protesters challenged the capitalist social order and on occasion the state itself thus earning the tag Red Clydeside However the role of women in this movement has been marginalised In this original and meticulously researched study Neil Rafeek addresses this gap in the literature critically examining the experience of women in the Communist Party in Scotland from the formation of the Party in 1920 to the end of a century of tumultuous upheaval and social and political change Rafeek engages critically with many of the key issues of debate traversing gender relations within the Party the importance of the Socialist Sunday School and other formative influences on political consciousness as well as the involvement of communist women in the world wars the developing struggle for women s rights the 1960s the revolutions and anti Vietnam war nuclear weapons campaigns This book privileges the memories and voices of participants and relies

upon new oral interview evidence accumulated by the author from those women who lived through and were directly involved in these events Rafeek describes women's experiences of meeting leading international personalities of the era Khrushchev Gagarin Tereshkova Castro and Ceausescu Using rich and evocative personal testimony blended with sensitive analysis Rafeek shows the idealistic socialist motivation behind the establishment of Red Clydeside and the subsequent growing strains and discord in Communism and the labour movement generally internationally and in Scotland

Anthology of Scottish Women Poets Catherine Kerrigan, 2019-07-31 No detailed description available for An Anthology of Scottish Women Poets *Women and Scottish Society, 1700-2000* W.W.J. Knox, 2021-05-03 This book attempts to cover all the important aspects of a woman's life in Scotland examining how and why it changed over the last 300 years It walks us through the day to day existence of Scottish women and in doing so covers areas such as family and household education work and politics religion and sexuality crime and punishment While sensitive to the differences among women regarding colour class and sexuality the book seeks to establish a close and reciprocal relationship between women's history and gender history the first delineating the struggles of women for parity with men in economic legal and political spheres the second as means of unravelling the continuing ways in which power is unequally distributed within the home the workplace and in institutions and in contesting the male centred narratives of the past **A Woman's Place - ?** Elizabeth Templeton, 1993 The next few years present massive new opportunities and threats for the position of women in employment The aim of this book is to make a contribution to some of the key issues sex and sexism in the work place formation of gender attitudes and reconciling employment with the care of children *A Woman's Place Is in the Brewhouse* Tara Nurin, Teri Fahrendorf, 2021-09-21 North American Guild of Beer Writers Best Book 2022 Dismiss the stereotype of the bearded brewer It's women not men who've brewed beer throughout most of human history Their role as family and village brewer lasted for hundreds of thousands of years through the earliest days of Mesopotamian civilization the reign of Cleopatra the witch trials of early modern Europe and the settling of colonial America *A Woman's Place Is in the Brewhouse* celebrates the contributions and influence of female brewers and explores the forces that have erased them from the brewing world It's a history that's simultaneously inspiring and demeaning Wherever and whenever the cottage brewing industry has grown profitable politics religion and capitalism have grown greedy On a macro scale men have repeatedly seized control and forced women out of the business Other times women have simply lost the minimal independence respect and economic power brewing brought them But there are more breweries now than at any time in American history and today women serve as founder CEO or head brewer at more than one thousand of them As women continue to work hard for equal treatment and recognition in the industry author Tara Nurin shows readers that women have been and are once again becoming relevant in the brewing world *The women's liberation movement in Scotland* Sarah Browne, 2016-05-16 This is the first book length account of the women's liberation movement in Scotland which using documentary evidence and oral testimony charts the

origins and development of this important social movement of the post 1945 period In doing so it reveals the inventiveness and fearlessness of feminist activism while also pointing towards the importance of considering the movement from the local and grassroots perspectives presenting a more optimistic account of the enduring legacy of women s liberation Not only does this book uncover the reach of the WLM but it also considers what case studies of women s liberation can tell us about the ways in which the development of the movement has been portrayed Previous accounts have tended to equate the fragmentation of the movement with weakness and decline This book challenges this conclusion arguing that fragmentation led to a diffusion of feminist ideas into wider society In the Scottish context it led to a lively and flourishing feminist culture where activists highlighted important issues such as abortion and violence against women
