Scottish Witches:

Scottish Witches and Witch-Hunters J. Goodare, 2013-10-31 This book brings together twelve studies that collectively provide an overview of the main issues of live interest in Scottish witchcraft As well as fresh studies of the well established topic of witch hunting the book also launches an exploration of some of the more esoteric aspects of magical belief and practice

Witch-Hunting in Scotland Brian P. Levack, 2019-07-16 Shortlisted for the 2008 Katharine Briggs Award Witch Hunting in Scotland presents a fresh perspective on the trial and execution of the hundreds of women and men prosecuted for the crime of witchcraft an offence that involved the alleged practice of maleficent magic and the worship of the devil for inflicting harm on their neighbours and making pacts with the devil Brian P Levack draws on law politics and religion to explain the intensity of Scottish witch hunting Topics discussed include the distinctive features of the Scottish criminal justice system the use of torture to extract confessions the intersection of witch hunting with local and national politics the relationship between state building and witch hunting and the role of James VI Scottish Calvinism and the determination of zealous Scottish clergy and magistrates to achieve a godly society This original survey combines broad interpretations of the rise and fall of Scottish witchcraft prosecutions with detailed case studies of specific witch hunts Witch Hunting in Scotland makes fascinating reading for anyone with an interest in witchcraft or in the political legal and religious history of the early modern period

The Scottish Witch-Hunt in Context Julian Goodare, 2002-09-21 This book is a collection of essays on Scottish witchcraft and witch hunting which covers the whole period of the Scottish witch hunt from the mid 16th century to the early 18th It particularly emphasizes the later stages since scholars are now as keen to explain why witch hunting declined as why it occurred There are studies of particular witchcraft panics including a reassessment of the role of King James VI The book thus covers a wide range of topics concerned with Scottish witch hunting and also places it in the context of other topics gender relations folklore magic and healing and moral regulation by church and state

Scottish Legal History Andrew R. C. Simpson, 2017-07-07 The first textbook on Scottish legal history from the genesis of Scots law to the Union written from a legal perspective From the roots of a law that applied to all subjects of the Scottish King to the 1707 Union with England this new legal history textbook explores the genesis evolution and enduring influence of early Scots law Discover how and why Scots law come into being how was it used in dispute resolution during the medieval and early modern periods and how its authority developed over the centuries Key Features The chapters have been road tested with legal history students in the School of Law at the University of Aberdeen The textbook has been developed with input from legal history lecturers at a number of Scottish universities Complex legal history is presented through examples and anecdotes to help students to engage with and understand the material Material is divided into easily digestible chunks arranged from the perspective of legal history rather than political social or economic history

An Abundance of Witches P. G. Maxwell-Stuart, 2005 Scotland as with the rest of Europe was troubled from time to time by outbreaks of witchcraft which the

authorities sought to contain and then to suppress and the outbreak of 1658 1662 is generally agreed to represent the high water mark of Scottish persecution These were peculiar years for Scotland For 9 years Scotland was effectively an English province with largely English officials in charge but in 1660 this suddenly changed The tension between imported official English attitudes to witchcraft and the revived fervor of Calvinist religion combined to produce a peculiar atmosphere in which the activities of witches drew hostile attention to an unprecedented degree **Witches of the North** Liv Helene Willumsen,2013-06-13 Witches of the North Scotland and Finnmark is a comparative study of witchcraft persecution in Scotland and Finnmark Norway A wide range of quantitative and qualitative analyses based mainly on legal documents shed light on the witch hunts in the two regions during the seventeenth century Statistical analyses give information about tendencies in the source material in total The qualitative chapters contain close readings of trial documents wherein the various voices heard during a trial are analysed the voice of the scribe the voice of the law the voice of the accused person and the voices of the witnesses The analyses combined provide a broad view of the historical phenomenon in question as well as in depth studies of individual witchcraft cases **The Great Scottish Witch-Hunt** P. G. Mawell-Stuart,2007-11-01 Scotland in common with the rest of Europe was troubled from time to time by outbreaks of witchcraft which the authorities sought to contain and then to suppress and the outbreak of 1658 1662 is generally agreed to represent the high water mark of Scottish persecution These were peculiar years for Scotland For nine years Scotland was effectively an English province with largely English officials in charge In 1660 this suddenly changed so the threat to church and state from a plague of witches was particularly disturbing The tension between imported official English attitudes to witchcraft and the revived fervor of Calvinist religion combined to produce a peculiar atmosphere in which the activities of witches drew hostile attention to an unprecedented degree The Voices of Women in Witchcraft Trials Liv Helene Willumsen,2022-03-28 Women come to the fore in witchcraft trials as accused persons or as witnesses and this book is a study of women s voices in these trials in eight countries around the North Sea Spanish Netherlands Northern Germany Denmark Scotland England Norway Sweden and Finland From each country three trials are chosen for close reading of courtroom discourse and the narratological approach enables various individuals to speak Throughout the study a choir of 24 voices of accused women are heard which reveal valuable insight into the field of mentalities and display both the individual experience of witchcraft accusation and the development of the trial Particular attention is drawn to the accused women s confessions which are interpreted as enforced narratives The analyses of individual trials are also contextualized nationally and internationally by a frame of historical elements and a systematic comparison between the countries shows strong similarities regarding the impact of specific ideas about witchcraft use of pressure and torture the turning point of the trial and the verdict and sentence This volume is an essential resource for all students and scholars interested in the history of witchcraft witchcraft trials transnationality cultural exchanges and gender in early modern Northern Europe **Scottish Witches** Charles W.

Cameron,1984 Serious Crime in Late Seventeenth-century Scotland Allan Kennedy,2025 This book explores serious criminality in Scotland between 1660 and c 1700 Through in depth analysis of the records of the Justiciary Court Scotland s central criminal jurisdiction it reconstructs the meaning of crime as understood by seventeenth century Scots before moving on to assess patterns of prosecution the causes of crime the performance of criminality and wider response to illegal behaviour all with a view to reconstructing the social meaning of crime The result is an unprecedentedly detailed and systematic account of criminal behaviour which adds a completely new perspective to our understanding of early modern Scotland The Witches of Fife Stuart MacDonald,2014-08-01 Along the coast of Fife in villages like Culross and Pittenweem history records that some women were executed as witches Nevertheless the reality of what happened the night that Janet Cornfoot was lynched at Pittenweem is hard to grasp as one sits by the harbour watching the fishing boats unload their catch and the pleasure boats rising with the tide How could people do this to an old woman Why was no one ever brought to justice And why would anyone defend such a lynching The task of the historian is to try to make events in the past come alive and seem less strange The details of the witch hunt are fascinating Some of the anecdotes are strange The modern reader finds it hard to imagine illness being blamed on the malevolence of a beggar woman denied charity or the economic failure of a sea voyage being attributed to the village hag not bad weather Witch hunting was related to ideas values attitudes and political events It was a complicated process involving religious and civil authorities village tensions and the fears of the elite The witch hunt in Scotland also took place at a time when one of the main agendas was the creation of a righteous or godly society As a result religious authorities had control over aspects of people s lives which seem as strange to us today as beliefs about magic or witchcraft It was not accidental that the witch hunt in Scotland and specifically in Fife should have happened at this time This book tells the story of what occurred over a period of a century and a half and offers some explanation as to why it occurred **Witchcraft in Scotland** Brian P. Levack,1992 *A History of Scottish Witches* Mary W. Craig,2026-02-28 A History of Scottish Witches The Devil s Handmaidens explores the phenomenon of witch persecution in Scotland between 1563 and 1736 Looking at the influence of the likes of John Knox and James VI of Scotland this book examines the magic and fairy beliefs that underlay witchcraft and how this became twisted by the Scottish Kirk s obsession with the Devil Using examples from actual trial records and so called witch confessions this book explores how societal norms surrounding women caused so many to face the rope and the flames and how those norms were exacerbated by the chaos of the reformation and the wars of the Three Kingdoms How did the magical beliefs of ordinary people become twisted into Devil worship And why did so many come to believe this How did the Scottish church and the courts fall into a frenzy of belief that the Devil was around every corner causing terror across Lowland Scotland and how did they extract themselves from that frenzy Finally the book looks at how this period of persecution affected the ordinary people of Scotland and what lessons it might hold for today Witch Hunts in Europe and America William E. Burns,2003-10-30 From early

sorcery trials of the 14th century associated primarily with French and Papal courts to the witch executions of the late 18th century this book's entries cover witch hunting in individual countries major witch trials from Chelmsford England to Salem Massachusetts and significant individuals from famous witches to the devout persecutors Entries such as the evil eye familiars and witch finders cover specific aspects of the witch hunting process while entries on writers and modern interpretations provide insight into the current thinking on early modern witch hunts From the wicked witch of children's stories to Halloween and present day Wiccan groups witches and witchcraft still fascinate observers of Western culture Witches were believed to affect climatological catastrophes put spells on their neighbors and cavort with the devil In early modern Europe and the Americas witches and witch hunting were an integral part of everyday life touching major events such as the Reformation and the Scientific Revolution as well as politics law medicine and culture **Macbeth, King Lear**

& Contemporary History Lilian Winstanley, 1922 **Macbeth** Lilian Winstanley, 1922 Witch Trials Mary Ellen Snodgrass, 2024-06-28 This chronological reference compendium traces accusations punishments and the investigation of occultism from sorcery inquiries in 323 BCE Athens to the modern day The text provides detailed information on actual hearings torture and death sentences for cases both famous and unknown Primary sources media correspondence adjudication reveal the appalling injustices of government church and mobs toward the accused Extensive appendices include a glossary chronology of examples and a list of legal proceedings their locations and outcomes **Witchcraft, Witch-hunting, and Politics in Early Modern England** Peter Elmer, 2016 Witchcraft Witch hunting and Politics in Early Modern England constitutes a wide ranging and original overview of the place of witchcraft and witch hunting in the broader culture of early modern England Based on a mass of new evidence extracted from a range of archives both local and national it seeks to relate the rise and decline of belief in witchcraft alongside the legal prosecution of witches to the wider political culture of the period Building on the seminal work of scholars such as Stuart Clark Ian Bostridge and Jonathan Barry Peter Elmer demonstrates how learned discussion of witchcraft as well as the trials of those suspected of the crime were shaped by religious and political imperatives in the period from the passage of the witchcraft statute of 1563 to the repeal of the various laws on witchcraft In the process Elmer sheds new light upon various issues relating to the role of witchcraft in English society including the problematic relationship between puritanism and witchcraft as well as the process of decline **Satan and the Scots** Michelle D. Brock, 2016-05-26 Frequent discussions of Satan from the pulpit in the courtroom in print in self writings and on the streets rendered the Devil an immediate and assumed presence in early modern Scotland For some especially those engaged in political struggle this produced a unifying effect by providing a proximate enemy for communities to rally around For others the Reformed Protestant emphasis on the relationship between sin and Satan caused them to suspect much to their horror that their own depraved hearts placed them in league with the Devil Exploring what it meant to live in a world in which Satan's presence was believed to be and indeed perceived to be ubiquitous this book

recreates the role of the Devil in the mental worlds of the Scottish people from the Reformation through the early eighteenth century In so doing it is both the first history of the Devil in Scotland and a case study of the profound ways that beliefs about evil can change lives and shape whole societies Building upon recent scholarship on demonology and witchcraft this study contributes to and advances this body of literature in three important ways First it moves beyond establishing what people believed about the Devil to explore what these beliefs actually did how they shaped the piety politics lived experiences and identities of Scots from across the social spectrum Second while many previous studies of the Devil remain confined to national borders this project situates Scottish demonic belief within the confluence of British Atlantic and European religious thought Third this book engages with long running debates about Protestantism and the disenchantment of the world suggesting that Reformed theology through its dogged emphasis on human depravity eroded any rigid divide between the supernatural evil of Satan and the natural wickedness of men and women This erosion was borne out not only in pages of treatises and sermons but in the lives of Scots of all sorts Ultimately this study suggests that post Reformation beliefs about the Devil profoundly influenced the experiences and identities of the Scottish people through the creation of a shared cultural conversation about evil and human nature

Outlander and the Real Jacobites Shona Kinsella, 2022-04-21 Outlander has brought the story of the 1745 Jacobite uprising to the popular imagination but who were the Jacobites really Explore this pivotal moment in Scottish history visiting some of the key locations from Jamie and Claire s travels Discover what clan life was really like read about medicine in the 1700s and find out whether the red coats were really as bad as Jack Randall Meet Bonnie Prince Charlie and explore how he managed to inspire an uprising from France and then storm England with a force of no more than 5 000 soldiers Witness the battle of Culloden and what really happened there before exploring the aftermath of this final attempt for a Stuart restoration

When people should go to the ebook stores, search launch by shop, shelf by shelf, it is truly problematic. This is why we give the books compilations in this website. It will categorically ease you to see guide **Scottish Witches** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best area within net connections.
