Community Organizing and Community Building for Health and Welfare Meredith Minkler,2012-07-16 The third edition of Community Organizing and Community Building for Health and Welfare provides new and more established ways to approach community building and organizing from collaborating with communities on assessment and issue selection to using the power of coalition building media advocacy and social media to enhance the effectiveness of such work With a strong emphasis on cultural relevance and humility this collection offers a wealth of case studies in areas ranging from childhood obesity to immigrant worker rights to health care reform A tool kit of appendixes includes guidelines for assessing coalition effectiveness exercises

for critical reflection on our own power and privilege and training tools such as policy bingo From former organizer and now President Barack Obama to academics and professionals in the fields of public health social work urban planning and community psychology the book offers a comprehensive vision and on the ground examples of the many ways community building and organizing can help us address some of the most intractable health and social problems of our times Dr Minkler s course syllabus Although Dr Minkler has changed the order of some chapters in the syllabus to accommodate guest speakers and help students prep for the midterm assignment she uses she arranged the actual book layout in a way that should flow quite naturally if instructors wish to use it in the order in which chapters appear Party of One Michael Harris,2014-10-21 In Party of One investigative journalist Michael Harris closely examines the majority government of a prime minister essentially unchecked by the opposition and empowered by the general election victory of May 2011 Harris looks at Harper s policies instincts and the often breathtaking gap between his stated political principles and his practices Harris argues that Harper is more than a master of controlling information he is a profoundly anti democratic figure In the F 35 debacle the government s sin wasn t only keeping the facts from Canadians it was in inventing them Harper himself provided the key confabulations and they are irrefutably and unapologetically on the public record from the last election This is no longer a matter of partisan debate but a fact Canadians must interpret for what it may signify Harris illustrates how Harper has made war on every independent source of information in Canada since coming to power Party of One is about a man with a well defined and growing enemies list of those not wanted on the voyage union members scientists diplomats environmentalists First Nations peoples and journalists Against the backdrop of a Conservative commitment to transparency and accountability Harris exposes the ultra secrecy non compliance and dismissiveness of this prime minister And with the Conservative majority in Parliament the law is simple what one man the PM says goes Chronicle of a Downfall Leopold Schwarzschild,2010-09-21 Few figures of interwar Germany were as influential as Leopold Schwarzschild the brilliant editor of the liberal magazine Das Tage Buch In the uncertain years of the Weimar Republic Schwarzschild became famous for his perceptive political analyses and critique of the economic policies of successive governments in the twilight of Germany s first experiment with democracy When he was forced to emigrate in 1933 following Hitler s rise to power he pursued his analysis of developments in Germany from Paris where he resumed publication of his journal under the new name Das Neue Tage Buch while also mounting a furious attack on the European powers taken by surprise by the Nazi ascendancy One thing is already beyond question today he wrote in the spring of 1933 part of the new era is an unrelenting descent into some kind of military conflagration Winston Churchill a great admirer of Schwarzschild made one of his later books required reading for the War Cabinet yet his campaigning journalism has never before appeared in English In bringing his writings to an English speaking readership Chronicle of a Downfall will restore Leopold Schwarzschild to his rightful place as one of the most poignant chroniclers of the fall of German democracy and the descent of Europe into World War II **University/industry**
