The Soul of Theological Anthropology Joshua R. Farris, 2016-11-25 Recent research in the philosophy of religion anthropology and philosophy of mind has prompted the need for a more integrated comprehensive and systematic theology of human nature This project constructively develops a theological accounting of human persons by drawing from a Cartesian as a term of art model of anthropology which is motivated by a long tradition As was common among patristics medievals and Reformed Scholastics Farris draws from philosophical resources to articulate Christian doctrine as he approaches theological anthropology Exploring a substance dualism model the author highlights relevant theological texts and passages of Scripture arguing that this model accounts for doctrinal essentials concerning theological anthropology While Farris is not explicitly interested in thorough critique of materialist ontology he notes some of the significant problems associated with it Rather the present project is an attempt to revitalize the resources found in Cartesianism by responding to some common worries associated with it

Scripture and Theology Tomas Bokedal, Ludger Jansen, Michael Borowski, 2023-08-21 The academic disciplines of Biblical Studies and Systematic Theology were long closely linked to one another However in the modern period they became gradually separated which led to increasing subject specialization but also to a lamentable lacuna within the various branches of Divinity As the lack of

dialogue between Biblical Studies and the various theological disciplines increased a minority group of scholars in the past few decades reacted and sought to re establish the time honoured bonds between the disciplines The present volume is part of this intellectual response with contributions from scholars of various professional and denominational backgrounds Together the book s 25 chapters seek to reinvigorate the crucial cross disciplinary dialogue involving biblical narrative historical systematic theological and philosophic theological perspectives The book opens the horizon to contemporary research and fills a lamentable research gap with a number of fresh contributions from scholars in the respective sub disciplines

Scripture in the Church James Chukwuma Okoye,2011 Who should read the Bible What is the biblical word How is Scripture to be interpreted How is it to be prayed and lived How does Scripture call forth the Church s entire life and mission In October 2008 the Synod on the Word of God in the Life and Mission of the Church took place in Rome During the synod the bishops addressed these questions on the significance of the Word in the life and mission of the church Beginning with a helpful explanation of the synod process James Chukwuma Okoye CSSp follows the synod in historical progression highlighting important topics and issues along the way and concluding with an exposition of the post synodal apostolic exhortation *Verbum Domini* which Benedict XVI signed on September 30 2010 Okoye emphasizes that the Synod on the Word of God was not just about Scripture s function in the pastoral life of the church but it was also about tradition and God s continuing self disclosure in history and in the religions and cultures of humankind

Understanding Affections in the Theology of Jonathan Edwards Ryan J. Martin, 2018-11-15 This volume argues that the notion of affections discussed by Jonathan Edwards and Christian theologians before him means something very different from what contemporary English speakers now call emotions and that Edwards's notions of affections came almost entirely from traditional Christian theology in general and the Reformed tradition in particular Ryan J Martin demonstrates that

Christian theologians for centuries emphasized affection for God associated affections with the will and distinguished affections from passions generally explaining affections and passions to be inclinations and aversions of the soul This was Edwards s own view and he held it throughout his entire ministry Martin further argues that Edwards s view came not as a result of his reading of John Locke or the pressures of the Great Awakening as many Edwardsean scholars argue but from his own biblical interpretation and theological education By analysing patristic medieval and post medieval thought and the journey of Edwards s psychology Martin shows how on their own terms pre modern Christians historically defined and described human psychology **The Ashgate Research Companion to Theological Anthropology** Joshua R.
